Naval Training Has Chance to Win Title From Pier 19

BIG GAME AT "THE PIT"

The basketball championship of the Philadelphia Navy Yard may be decided tonight, when Frank Poth's Naval Training five opposes Ensign De Frain's Pier 19 aggregation when they clash on the floor of the Y. M. C. A. hut.

In the first game Naval Training won by 2 points and Pier 19 is out to even up the series. In order to land the title, however, Poth's cage stars will have to shoot foul goals a little better than in their last match, which happened to be against S. P. H. A.

They fell down miserably on that occasion, only shooting the one-pointers at the rate of about 250. Their work must show an improvement over this in view of the coming series with St. Columba, which begins next Wednesday night at Tristram Hall.

The foul-shooting contest to be held on that occasion is causing no end of comment, and all the star one-point shooters for miles around are expected to be entered. A record entry list is anticipated. It is open to any one, including schoolboys, and the first and second prizes will be handsome silver cups. Entries can be forwarded to Frank Poth, 3413-13 Race street.

Another game of interest that will be played tonight is carded for the St. Simons Gymnasium, Hutchinson street and Lehigh avenue, between a team of oldtimers and Hancock. Three former stars of the "Pit" will start in Kid Dark, Ollie McLaughlin and Dick Cole. If they weaken such present-day players as Newman, Franckle, McCarter and Haggerty will take their places, and the entire Hancock will be on hand. The game is a benefit for the boys of the St. Simons Church who have returned from "over there."

300,000 Builders of Good Will In four years Dodge Brothers have supplied to the American people, and to American soldiers, more than three hundred thousand of their cars. The demand for the car is just as fresh, and just as vigorous, today, as in the first year of its existence. The simple truth is, indeed, that the war has given a new interest and a new impetus to that demand. To the natural and normal preference which the American people always accord a product which wins their good will, has been added a strong sentimental attraction. The car is inseparably linked, in the thought of thousands of homes, with its fine and faithful performance in the service of the nation. The written and spoken word of American army men, at home and abroad, has given the very name of Dodge Brothers Motor Car a new and a stirring significance. It stands, in their minds and hearts, as a synonym for pluck, and endurance, and ability to 'carry on' under the stress of desperately discouraging conditions. So the war that curtailed production of the car, has now conferred upon it a stronger and more spontaneous admiration than ever. More than ever is it apparent, now that the American people think of it as a stable and an established value, to be bought on its merits, and without a moment's hesitation. Thus that national good will which has become almost a trade mark in Dodge Brothers business, after four years, is at the highest point in their history. Dodge Brothers enter upon the fifth year with a full sense of the confidence reposed in them and the determination to continue to deserve it.
