LUMBER INDUSTRY STABILIZATION ON

Department of Commerce Trying Same Method as With Steel

PART OF BROAD SCHEME

Scope of Business Revival Program Includes All Raw Materials

By the Associated Press

Washington, March 22 -- Price agree ments affecting many of the more im portant raw materials, in an effort toward revival and stabilization of business, are expected to follow quickly the agreement reached here yesterday between steel producers and the new industrial board of the Department of

of the industry conferring with the hoard. Although elements in the lumber situation are in some respects different from those in the steel industry the same basic goal was presented to the conferees. Relation of lumber to other building materials also was involved The lumber conference began with an primism and co-operation evident, it was said that, in the absence harrman George N. Peck, who is in New York, the day's session probably would be only proliminary, to develop interchange of information, leaving results to be worked out hext week.

There are no contagts

Two brothers from Philadelphia, serving in the American army abroad, met at Savanay in France recently, after a separation of ten months.

The head-are a serving in the American army abroad. The steel price agreement, it is believed, will not be questioned as a support of the problem.
