

MRS. GERARD SHOWS DESERTER WAS A SPY

Ex-Envoy's Wife Remembers Former U. S. Soldier as Visitor to the Embassy in Berlin.

Wore the Iron Cross—Tried to Set Mexico Against America—Now Serving a 10-Year Sentence.

By Associated Press New York, April 10.—Because Mrs. James W. Gerard, wife of the ambassador to Germany, has an excellent memory for faces, Henry Bode, the only American soldier convicted of aiding Germany as a spy, is now serving a ten-year sentence in the Disciplinary Barracks at Governors Island, it was learned here today. Bode, according to his confession, after Mrs. Gerard had identified him as a man in German uniform who had appeared one day at the American Embassy in Berlin, wearing the iron cross, deserted from the American army at Fort Bliss, Tex., in July, 1914, and made his way to Germany, where he entered the German army. After winning his iron cross in action against the Allies, Bode entered the German Intelligence Service, was sent to New York and eventually to Mexico, where he was ordered to work to get Mexico and the United States into war and to blow up the Tampico oil fields. Fearing for his life in Mexico, Bode crossed the American border into Calexico, Calif., and surrendered to immigration authorities. At his court-martial at Governors Island, Mrs. Gerard identified him as the man in

German uniform she had seen in Berlin, and Frank Hill, Mr. Gerard's valet, corroborated her assertion. Bode, a native of Germany, had for years been a soldier-of-fortune. He was a Russian spy during the Russo-Japanese war, served in the United States navy, was a member of the Intelligence Service of the Philippine Constabulary and won a lieutenant colonelcy in the Mexican army during the Madero regime for gallantry in action. Early in his career, Bode married Miss Barbara Steuer, in Dayton, O., but they separated in 1906.

Lansdale Workers Hoodwinked by Alleged Magazine Solicitors

Lansdale, Pa., April 10.—More than 300 employees of local industrial plants and some officials of these plants have been hoodwinked by three men wearing, respectively, the uniform of a sailor, a soldier and a marine. The three went to the factories and solicited subscriptions for a publication, collecting money from the hands of the plants, who agreed to advance it and deduct it from the wages of subscribers.

Burgess Orr ordered the solicitors to stop operations. They became indignant, saying they would bring their "manager" to prove they were reputable agents. They left town and have not been heard from since Orr communicated with the publishers of the magazine subscribed for and learned no solicitors had been sent out, but that some one had recently bought 300 copies.

Accused American Captain Scores in London Trial

London, April 10.—The work of the court-martial trying Captain E. G. Chamberlain, of San Antonio, Tex., was concluded in England yesterday, and the court adjourned to meet in Paris tomorrow. The prosecution still has other witnesses to call before the defense opens its case. Captain Chamberlain is charged with having made false reports in connection with his reported aerial exploits on the British front last summer.

The defense was much elated over admission made by W. M. Webb, a British War Office handwriting expert, that in preparing photographic documents he did not use for his comparisons typical specimens of Captain Chamberlain's handwriting, but isolated letters which most resembled inscriptions appearing on the reports in question.
