

HUNGARY TREATS AMERICANS WELL

Soldiers Removed for Mission's Comfort—Workmen Occupy Palaces

WOMEN FORM RED GUARD

By the Associated Press Budapest, April 11.—The soviet officials are making every effort to protect Americans here and are showing due regard for their rights.

A leading fashionable hotel was originally designated by the Red Guard as a barracks and the guests were notified to quit within a few hours.

There is an organization of women's Red Guards functioning now, but its 100 members are occupying themselves for the most part with propaganda work.

All the places have been converted into resorts for workmen's societies and clubs. From the home of Count Jules Andrássy has been removed a youthful portrait of Raphael, an art work of great value.

Count Andrew Tschoni lives in two rooms of his palace with a club of hotel cooks occupying the rest of his home. Red Guards are living in Archduke Joseph's palace, opposite the royal castle, while a musicians' club occupies the palace of Count Nemes.

The new government ministers are so unaccustomed to performing official duties that they are ready to accede to almost any kind of a request to oblige foreigners and show good will.

All the clubs and fashionable exclusive resorts have been socialized, including the Park Club. The Jockey Club has been converted into a laborers' home and the splendid race course, which cost a year's time and \$5,000,000 to make, is being plowed up for potatoes.

END SIBERIAN SQUABBLE

Agreement Reached Between Generals Kolchak and Semenov

Harbin, April 5. (delayed).—(By A. P.) It is announced in a newspaper controlled by General Semenov that a complete agreement has been reached between General Semenov and General Ivanoff-Rinoff, representative of Admiral Kolchak, head of the Omsk government.

General Semenov, it is said, will be commander of a special far eastern corps and also command of the eastern Cossacks under the orders of General Ivanoff-Rinoff.

General Semenov will be subordinate to Lieutenant General Horvath, who will be in direct control of the administration of Cossack territory in eastern Siberia.

The Omsk government will provide funds for the maintenance of General Semenov's corps and General Semenov will mobilize his troops under government sanction. General Kalimoff, Cossack commander on the Ussuri river front, is going to the front with his own troops and a part of those mobilized by General Semenov.

As a result of the agreement between the leaders the Tungusian and Buriatic troops in trans-Saikalia are on the same basis as Cossacks.

MOURNED AS DEAD; RETURNS

West Philadelphia Soldier Pays Family Surprise Visit

For more than three months relatives and friends of Private Jesse Munyon, son of Clarence Munyon, of Sixty-fourth street and Woodland avenue, had been mourning his death. He returned well and strong today.

He returned to America March 25 and was sent to Camp Dix, where he was mustered out. Last Saturday he walked in on his sister, Mrs. Hester Noble, of Cedarville, N. J., and today he returned to Philadelphia.

Private Munyon, a machinist, enlisted in November, 1917, and was sent to Camp Slocum. He went to France in December, 1917, with Company B, Thirtieth Engineers. He went into action more than a year ago, and after that his relatives lost trace of him.

There were reports that he had been gassed, wounded and killed in action. As no letters came from him, relatives had given up hope. He explained that he was with a contingent constructing the foundations of the large guns in March, 1918, and that the shock of the guns in action weakened his heart. He was sent back with a casual company that was shifted from place to place in France.

He received no mail.

MISS WILSON LOSES "RAINBOW" PUPPY

Safety Director's Daughter Seeks Airedale in Tan, Blue and White

Director of Public Safety Wilson's "rainbow" dog is missing. It is an Airedale puppy in tan, blue and gray. It answers to the name of Felix—when it does you the courtesy of answering. It is a very proud puppy, being the beloved playmate of little Miss Lawrence, the director's youngest daughter.

Because Felix is such a dignified dog the Wilson family does not understand his conduct of yesterday afternoon when out for a ride in Fairmount Park with Director Wilson. Felix was contentedly sitting in his mistress's lap when the call of the wild seized him on Belmont avenue near the Hayes Mechanics Home. Or perhaps it was the sight of a cat in the bushes or the longing for true freedom which the Peace Conference has invoked everywhere, or possibly the Bolshevik spirit of anarchy—if such a thing can inspire so dignified a mind.

At all times, however, Felix wears a collar with the inscription "Felix Wilson, 2501 South Twentieth street," also a license tag marked No. 1, Forty-first district. If you want to make a dear little pining girl happy return her puppy should you find him.

Lloyd George to Report London, April 11.—Premier Lloyd George hopes to return to London from Paris next Tuesday and to make a statement regarding the peace conference in the House of Commons on Wednesday. This announcement was made in the House by Edward Shortt, home secretary.

RECEIVER IS ASKED FOR LOAN COMPANY

Stockholders of Republic Mortgage Allege Scheme to Defraud

Pittsburgh, April 11.—A petition for a receiver for the Republic Mortgage Company, a \$7,000,000 corporation, was filed in the United States District Court here by A. F. Harbison, E. C. Bowman and fifty other stockholders in the company.

A preliminary injunction is asked to restrain further sales of stock in the company and further payments to Harbison & Co., alleged to be a sister corporation. Directors of the Republic Mortgage are Samuel H. McKee, president; Fred W. Scott, vice president; Guy W. Roney, secretary-treasurer, all of Pittsburgh, and Robert Stevenson, of Washington, Pa.

The Republic Mortgage was organized in August, 1917, to lend money upon the security of utility motors, including passenger automobiles, trucks and tractors.

In the bill of complaint the petitioners aver that at the time of the organization all of the common stock of the corporation, of par value of \$3,000,000, was to be issued to Roney in consideration of the transfer by him to the company of certain alleged contracts and agreements, which the petitioners assert did not represent real or valuable property to the amount of \$3,000,000.

On the contrary, the petitioners aver, "the stock was issued in pursuance of the scheme of Roney and others, to defraud the subscribers to the stock."

Process Carried Out Under Coercion of Red Army

Budapest, April 10 (delayed).—(By A. P.)—The elections in Hungary for the creation of soviet councils passed off without reported incidents, soviet organizations being formed in the country districts by means of this ballot.

The whole process was carried out under the coercion of the Red army, with the majority of the voters in many places not appearing to know why they were voting.

The foregoing dispatch definitely shows that the reports of the overthrow of the Hungarian Communist government were unfounded.
