Parigi, 17 aprile.-La Delegazione Italiana alla Conferenza della Pace sta facendo un supremo sforzo per ottenere, prima della fine della settimana. decisione nella disputa tra l'Italia ed i Jugo-Slavi riguardo il possesso di Fiume e della costa della Dalmazia. Siccome la Camera dei Deputati si riaprira' il 24 aprile corrente, si crede che l'On. Orlando voglia fare un rapporto al riguardo e si dice che egli non voglia tornare in Roma senza che la questione, di vitale interesse per l'Italia, sia sistemata.

La questione del problema dell'Adriin questo momento la piu importante. Si continua ad asserire che i Delegati Italiani non firmeranno alcun trattato di pace se anche la minima delle loro richieste fosse rigettata, e tra queste una delle principali e' il pos-sesso di Fiume. Non si esita ad affermare che la conseguenza di un rifiuto alle richieste della Delegazione Italiana potrebbe essere disastrosa. I Jugo-Slavi sono egualmente insistenti.

Finora nessuna definitiva decisione e stata raggiunta. Se i Delegati Italiani lasceranno la Conferenza nessun dubbio di un sinistro risultato.

Roma, 17 aprile .- Notizie da Trieste segnalano che in quella citta giunti telegrammi annunzianti imponenti comizi tenutesi nelle terre redente a pro Fiume e Dalmazia. A Pirano Teatro Tartini, affoliatissimo, c stata recitata la Sagra di Santa Gorizia fra delirante entusiasmo. Infine fu votato un ordine del giorno invocante la liberazione ed il ricongiungimento dei territori nazionali. 11 giorno 13 corrente in Trieste la cittadinanza si raccolse in Piazza Unita', in grandioso comizio, per dimostrare la incrollabile rolonta' che tutta la Dalmazia sia unita Fu uno spettacolo indeall'Italia. scrivibile. Dopo varii discorsi fu fatta consegna della bandiera italiana che la citta' di Trieste ha donato a Spalato. sia fatta sventolare su quella citta'. Si formo' poscin un corteo di oltre centomila persone che persorse la principali vie della citta'. La dimostra-zione ha dimostrato plebiscitariamente la volonta' di Trieste che la propria redenzione non debba e possa essere disgiunta a quella di altre terre che spettano all'Italia.

Il corrispondente del Temps dal? l'Italia telegrafava al suo giornale, il 14 corrente, dicendo che le rivendicazioni italiane su Fiume risvegliano sui giornali la eco generale e riferisce un articolo del "Giornale d'Italia" nel quale e' detto che nessun governo potrebbe firmare una pace di rinunzia Se l'accordo mancasse tra gli Alleati sulle questioni che cosi' fortemente toccano l'Italia, evidentemente tornerebbe in vigore la formola gloriosa del risorgimento: L'Italia fara' da se.

Il corrispondente riferisce pure articolo del giornale "La Tribuna," i cui direttore attualmente a Parigi così scrive: "Non credevo necessario ram-mentare agli americani che d'Italia, che attende ora ansiosamente le decisioni per le rivendicazioni delle nazioni e dell'Italia stessa, fu quattro anni sulla Conferenza oggi sarebbe riunita in altra capitale che Parigi. Aggiunge che e inesatto credere che simili idee siane una esagerazione artificiale stampa. Si e' constatato che nei diversi ambienti politici, mondani e militari prevale la medesima unanime impres-
