JUST GOSSIP ABOUT PEOPLE

Nancy Wynne Hears Various Bits of Gossip-She Tells of Those Who Will Entertain in Connection With the Easter Dance Next Thursday

HEAR the James O. Heyworths are going | the old Johnson House, both of Revolution back to Chicago the end of this month, I am really sorry to think that these delightful people will no longer be "among those present" at Philadelphia affairs. Mr. Heyworth was engaged in war work here, and now that there is no longer need of that kind he is free to return to his business in the West.

The younger set will miss Frances very much. She goes to Miss Shipley's out in Bryn Mawr, you know, and she also attends Mrs. Wurts's Dancing Class. Barbara Clayton is quite a friend of hers, and in fact m has a young girl come here from another city and made friends and strong ones, too-as soon as she. Frances is to stay on here at school until the end of the term, and I doubt not there'll be some parties for her before she goes back home. The Heyworths had the Howard Ellison Jr.'s place, Cremona, in Rosemont for the win ter. The Ellisons and their family, by the way, are at present in White Sulphue Springs, but expect to return this way by the 1st of May and will move into their home in Rosemont then.

DO YOU know I am really looking forward with great delight to the Easter dance which Mrs. Aleck Yarnall is getting up at the Ritz for next Thursday night? At first the idea was to have a large dance and er and entertainment, but really, from supper and entertainment, but really, all I hear, it is developing into a veritable It will start in the Ritz ballroom at 9:30 o'clock and the committee will receive the guests in true "Assembly" style, omitting the courtesy, "s'il vous plait." It's hard on a committee to have to courtesy to every arriving guest. I don't believe any one but an Assembly patroness would ever consent

The committee is quite some personable one, believe me, with pretty Mrs. Yarnall at ts head. It includes Mrs. Clarence H. Clark, 3d. Mrs. Billie Clothier, Mrs. Arthur Emlen Newbold, Jr., Mrs. Effingham B. Morris, Jr., Mrs. Fitz-Eugene Newbold and Mrs. Theodore S. Paul. And did I tell you that Mrs. Arthur Newbold, Jr., is going to dance? And you know she's some dancer. I rememher the first time I ever saw her dancing. was about six years ago, at one of the affairs for the School of Industrial Art that Alfred Barton planned. You remember how every one used to go in for those things? Well, Mrs. Newbold was then Marjory Yarnall, and she danced a Hungarian dance with one of the Erwin men. She was simply wonderful: so graceful and light as a feather. So I am anticipating a treat in

Then Alva Sergeant and Brice Blynn are going to do a duo dance and there is to be a group dance of eight. These specialties will be given during supper. Among those who will entertain at supper during the party are Mr. and Mrs. William Draper Lewis, in honor of their daughter. Anna Lewis, and Anne Townsend, who will entertain three additional guests at the theatre at the Ritz afterward. Patty Borie will give a dinner before the dance, and so will Mr. and Mrs. Theodore Paul and Mrs. Fitz-Eugene Newbold at the home of Mrs. Paul and Mrs. Newbold's parents, Mr. and Mrs. George Wharton Pepper, 1730 Pine street. The Edgar B. Howards, of Haverford, will also entertain at dinner before the dance.

GERTRUDE CONAWAY, who will come out next year, is a charming girl. You know she is the daughter of the late Jack Conaway. Her mother is now Mrs. Barklie Henry. She was Miss Mary F. Pancoast, a of Mrs. Timothee Adamowski, for whom Gertrude is named. Mr. Howard Pan-roast is an uncle and Mrs. Joe Widener and Mrs. Ben Reath are Mrs. Henry's first cousins. The girls, Gertrude Conaway, Alberta Reath and Fin Widener, have always been rather slender, has abundant dark curly hair and dark eyes which have a charming direct and thoughtful way of looking at you. She is very vivacious and has been very much of a favorite. She is one of the pupils of the Episcopal Convent St. Mary's on the Hudson, which has been so much patronized of ent years by Philadelphians. Mrs. Joe Du Barry and Betty Brock went there, and did Alva Sergeant, Elizabeth Thompson Drexel and ever so many others. Gertrude will be introduced at a tea in late November carly December.

ON WEDNESDAY evening, April 30. there's to be a concert by the Haydn Club, under the direction of Mrs. Gertrude Haydn Fernley. It is for the benefit of the Mount Lebanon Syrians. An awfully attractive program has been arranged, and the loists will be Dorothy Johnstone Baseler. harpist; Lewis Howell, baritone; William Thunder, accompanist, and Mme. Lavyah Barakat-some name, ian't it? I hear she's most interesting. The program includes several choruses with incidental solos. and a composition by Mr. Thunder which is licated to the Haydn Club and its director. NANCY WYNNE.

The crowds began filling the railroad stations early this morning. After noon they became greater and as the day wore on the crush at the ferries was such as to try to the utmost the capacity of both railroads. A conservative estimate of the number who are making the trip to Atlantic City and other resorts today and tomorrow placed it at more than 300,000 persons.

The fact that one had to part with \$3.21 for a return trip to Atlantic City, and \$3.89 if they went by bridge train from Broad Street Station, did not deter the Easter travelers in the least.

Money seemed to be no object to these seaward bound.

Many Go By Motorcar

In addition to the tens of thousands who went my train, there were thousands more who started shoreward by automobile. Every possible coach and Pullman was mobilized by the railroads, and there were indications that there would be travel acommodations for all.

Some of the central stores aunounce that they cannot guarantee to serve prospective customers within two hours because of the great congestion of Easter finery buyers beeging their counters.

Market and Chestnut streets resemble those thoroughfares during the rush of Christmas shopping days. The crowds compare favorably with those who rush the stores during the last few days before that holiday to purchase those things neglected until the last minute and which must be bought before Christmas, no matter what the inconvenience.

Big Demand for Flowers Flower venders report that all their old stomers are returning for greater supplies this year, and that a remarkable increase in business has developed, both because of this fact and through the new customers. Horrors of Holocaust as Naught Compared to Way We Honor Heroes

"Which is this shining example of artistic nonstrusity?" echoed the halls and corridors of City Hall today following Judge John M. Patterson's philippic before the members of the general committee on war memorials when he pointed out the window to a pat specimen.

The Temple of the Fathers

"Take City Hall, for instance," continued the professor. "On the south side you find great figures representing the negro because he's in the South, on the cast side you find an impossible figure of a turbaned Chinese because he's from the east. On the north, I suppose there's the eskima that's childish and meaningless. The hall should have been built in terms of a simple, dignified administrative building, and shouldn't have been plastered up with these

impossible things. Take the memorials to soldiers. You find these exesores in bronze senttered all over the country. Many of them are painted in the so-called matural colors. They aren't temporary, but they stay with is, an offense to everybody !

"I merely issue this warning; that when we think of a memorial we needn't neces sarily visualize a colossal statue which we can't possibly execute. POINTS TO VALUE OF ALIENS Contribute Much of Merit to Nation.

of different nationalities contribute to Amer ican life, in the opinion of Dr. Edward A Steiner, of Grinnell College, Iowa, expressed in a lecture before the students and faculty of Friends' Select School, at Parkway Cherry and Sixteenth streets, yesterday. "Our habit." he said, "is to judge other races by the lowest types ratifier than by

the highest." He then told what the world owes to the Italian, the Jew and the Slav dwelling particularly upon the work done by them in America at the present time. Referring to ditch-digging, the professor said that such duty well performed is just as noble as the highest type of professional work. From the Jews, he said, we derive our moral enthusiasm, while the influence of the lialians is to be found in much of the music which thrills us most.

RED CROSS TO CONTINUE HOME SERVICE WORK

Will Aid Only Families Asking Help. However, and Won't Duplicate Help of Others

In extending its work to families who have had no member in war service, the home service section of the Red Cross will adhere to the policy of aiding only those families who appeal to the Red Cross for help, it is officially announced. In many communities, the social welfare

organizations are inadequate to meet the local needs, and some months ago the Red Cross decided to unintain its home service sec tions in such localities even after the war need was over.

At the same time, the Red Cross made it clear that it would not intrude its help where local agencies were able to handle the
