

WILL PRINT TREATY WHEN GIVEN TO FOE

Complete Text of Covenant Will Take Five Hours to Cable to U. S.

TO SEND SUMMARIES FIRST

Paris, April 21.—(By A. P.)—The Council of Four, in the interval before the treaty is handed to the German delegates, will take up the question of making the document public.

Ray Stannard Baker, representing the American delegation, in agreement with the press advisers to the delegations of other countries, has recommended to the council the publication of the treaty immediately after its delivery to the Germans. Otherwise, it is pointed out, the first version of the important provision of the treaty would be issued by the Germans and might be loaded up with German propaganda.

The plan proposed on behalf of the United States for the American delegates to cable, for simultaneous distribution to the American continent, first, a 250-word official summary of the treaty, second, a 5,000-word official summary and, third, the text of the treaty.

The text of the covenant of the league of nations has already been telegraphed to the State Department at Washington for release when authorized by President Wilson. Other parts of the treaty are likely to be cabled during the present week.

COURT HAS BRIDGE OF HOPE

Day Tribunal Replaces Night Hearings to Protect Women Offenders

New York, April 21.—(By A. P.)—After an experiment covering nine years the women's night court gave way today to a day court to try women charged with minor offenses. The new court, under which Chief Magistrate William McAdoo presides, will try new methods "Bridge of Hope" to the court, which in an attempt to make it a moral clinic rather than a place of correction.

Far removed from easy access from the street and surrounded by every device to protect the morals of curious, women offenders hereafter will face the magistrate in the light of the morning after their arrest.

From detention quarters the prisoners pass through a corridor, termed the "Bridge of Hope" to the court, which contains fingerprint rooms, two prison pens, a medical examination room and probation office.

McAdoo said it was the desire of the court to do away with the sensationalism of the old night court.

TEXTILE STRIKE VOTED

"General Walkout" Indorsed by Part of Providence's Operatives

Providence, R. I., April 21.—(By A. P.)—A "general strike" of textile workers in mills in the Olneyville section of this city was voted at a meeting yesterday of representatives of part of the 8,000 operatives.

Thomas F. McMahon, vice president of the United Textile Workers, said last night, however, that none of the five local unions, in Olneyville, affiliated with the American Federation of Labor, knew anything of the proposed strike, as the mills recently had granted demands for a forty-eight-hour week with forty-eight hours' pay.

Crisis Averted by Italy's Move

It can only tend to accentuate racial prejudices, which will far from realize President Wilson's ideal lasting peace.

Japan's admission to the company of the great powers must be considered as only for the political convenience of the Allies, the Finns declare, and it compares Japan's position to that of a negro preacher asked to speak in church because of his oratorical powers, but who is not considered the racial equal of the white congregation.

POSTPONE GUMP-THAW SUIT

May 19 Date Set, Pending Return of Plaintiff's Counsel

Trials of the suit brought by the family of Frederick Gump, the eighteen-year-old boy who, it is alleged, was beaten by Harry K. Thaw, was scheduled to take place today in Common Pleas Court, but has been postponed until May 19. The suit, which is for heavy damages, was brought against the Thaw estate.

Postponement was necessary for the reason that Frank Walsh, counsel for the Gump family, is in Europe. He was sent abroad in connection with work for the United States labor board. Former Judge James Gay Gordon represents Harry Thaw personally, and the estate is represented by Reiter, Dickson & McCook.

SHENANDOAH MINE STRIKE

Shenandoah, Pa., April 21.—There is no indication today of a settlement of the strike, inaugurated yesterday morning when the Schuylkill Railway system was tied up by the men refusing to take cars from the mines because of their demand for an increase of ten cents an hour was refused.

The men say they will seek employment elsewhere while officials of the company declare they will not deal with the men, because they have broken a contract which has several months yet to run. All collieries are idle.

Washington, April 21.—(By A. P.)—Under a ruling of Major General Menoher, director of the army air service, announced today, army fliers and planes cannot compete in exhibition for purses and individual prizes. Such competition is considered an improper use of the time of aviators and government property.

General Menoher said favorable consideration would be given to invitations to participate in exhibitions without remuneration for development, charitable or co-operative purposes of international, national, state or civic character.

EGG ROLLING AT CAPITAL

Easter Festival Transferred From White House Lawn

Washington, April 21.—(By A. P.)—As for many years, the egg rolling frolic by the children was the feature today of Washington's observance of Easter Monday. The festival, lasting all day, is being held on the monument grounds instead of the White House lawns as in pre-war times.

An added attraction were flights and "stunts" by army aviators from Bolling Field. At night there will be classic dances and pictures at the Sylvan Theatre.

HAASE WANTS SOVIET WITHOUT TERRORISM

Independent Declares Ruthless Methods May Suit Russia, but Not Germany

HOPES FOR SOCIAL STATE

By the Associated Press

Copenhagen, April 21.—When we secure power and are able to realize our ideals the Spartans will abandon their methods of terrorism, recognizing that those methods may suit Russia, but that they do not suit Germany.

Hugo Haase, German Independent Socialist leader, is quoted by the Berlin correspondent of the Exchange Telegraph Company as declaring in an interview.

"The correspondent, who has just returned here from Berlin, says Haase told him that the Independent Socialist party asked for the socialization of all the great services of the country, such as the coal mines, the iron and steel works, etc., and so also with all the farms on great estates," he continues, "these to be worked and managed by workmen and peasants' councils."

"With regard to the soviet system," Haase went on, "there is some difference of opinion, but the most of us want it realized in the following manner: Every factory or similar institution to select a special social council to control it, but to have great councils of workers formed throughout Germany, these to have a certain power of control over public institutions, courts of justice and so on, together with the right to place bills before the parliament. If reforms proposed were rejected the councils would arrange to take a popular vote."

Haase informed the correspondent that he did not consider a reactionary coup impossible in Berlin, but that he was convinced that such control, if it were acquired, could not last more than a couple of months, if indeed, it endured as long as that.

SUPPORT FOR CHILD BILL

Measure Proposed to Create Commission for Revising State Statutes

Virtually every social service organization in the state has given its indorsement to the bill introduced by Senator Baldwin in the State Senate providing for the appointment of a children's commission.

This is the third attempt at the passage of this bill. President Judge Charles L. Brown, of the Municipal Court, took the initiative during the legislative session in 1915, when he had the first children's commission bill introduced. It was vetoed, however, by Governor Brumbaugh. A second bill was introduced in 1917, but also was defeated.

The bill provides that the Governor shall have power to appoint a commission of eleven citizens, to serve without pay, who shall be "competent to suggest revisions and amendments to the statutes of Pennsylvania which relate to children."

Germany Favors Rejecting Treaty

West Prussia Make Protest

The German People's Council for West Prussia has sent a declaration to the imperial state authorities stating that under no circumstances will the Germans of West Prussia agree to the reported plans of the Entente to internationalize the Lower Vistula or make Danzig and its vicinity a free state or place it under Polish sovereignty. It is declared that West Prussia, with Danzig, must not be separated from the German empire.

Paris, April 21.—The German reply to the ultimatum of the council of four that it will not receive any German delegation not fully empowered to conduct and negotiate peace is awaited anxiously in Peace Conference circles. The next steps toward peace depend on the German reply.

Fears are felt in some quarters that this unexpected development may affect the program for the meeting planned for Friday at Versailles. If the German Government, in reply to the ultimatum of the council, raises a controversy regarding the status of their delegates and the procedure to be followed, it is conceivable that the arrival of their delegates at Versailles may be postponed.

The announcement by Count von Brockdorff-Rantzau, the German foreign minister, that his government would send delegates without full powers to receive the peace terms and transmit them to the German Government, has contributed greatly, the newspapers say, toward an alliance between France, Great Britain and America.

The French press insists that negotiations looking toward such an alliance are still in progress.

COPENHAGEN, APRIL 21.—Foreign Minister Count von Brockdorff-Rantzau, has announced that three envoys will be sent to Versailles April 25, authorized to receive the text of the peace preliminaries, according to a dispatch from Berlin received here.

The delegation will be headed by Minister von Haniel, whose associates will be Herrs von Keller and Ernst Schmitt, legation counselors. They will be attended by two officials and two chancery servants.

P.)—The commissary of education has instructed the clergy to declare from pulpits for three Sundays that the soviet government guarantees full religious freedom to all; that there will be no interference with the clergy or churches or other religious buildings; and that the soviet will not change the present order of marriage and family life nor communicate women.

L'ITALIA DECISA A NESSUNA RINUNZIA

L'On. Sonnino Irremovibile per l'Annessione di Fiume ed il Riconoscimento del Patto di Londra

Published and Distributed Under PERMIT NO. 247. Authorized by the act of October 3, 1918, at the Postoffice of Philadelphia, Pa. By order of the Postmaster General.

Paris, 21 aprile.—Tutti gli sforzi fatti finora per raggiungere un accordo sulle questioni tra l'Italia ed i jugoslavi sono andati falliti. I Delegati Italiani sono irremovibili sulle aspirazioni dell'Italia. Terzo ebbe luogo una altra riunione alla quale intervennero l'On. Orlando, Sonnino, Lloyd George e Clemenceau, senza l'intervento del Presidente Wilson, ma sembra che nessuna decisione sia stata raggiunta.

La questione dell'Adriatico ha raggiunto una fase acuta sulla quale una decisione in una via o nell'altra non può più essere rinviata, e se tale decisione dovesse essere contraria all'Italia le conseguenze potrebbero divenire molto serie.

Il Barone Sonnino continua nella sua ferma attitudine perché sia rispettato il segreto trattato di Londra, il quale dà all'Italia l'intera costa della Dalmazia e le isole, e reclama la vita di Fiume senza internazionalizzazione o divisione con i jugoslavi.

Il Presidente del Consiglio dei Ministri, On. Orlando, ha ricevuto un telegramma dai comandanti dell'Esercito italiano nel quale si dichiara che questo interamente disposto ad essere per sempre in servizio dell'Italia. Il Capitano Tozzi, che fa parte del seguito dell'On. Orlando, ha dichiarato che il telegramma rappresenta un ultimatum che rivela la ferma determinazione di tutta l'Italia per assicurare una adeguata protezione sulla costa orientale dell'Adriatico. Egli ha aggiunto che se i diritti d'Italia non verranno riconosciuti, l'Italia indubbiamente adotterà quelle misure che, senza riguardo alla conferenza, porteranno all'occupazione delle regioni sulle quali ha diritto.

La posizione del Presidente Wilson si dice egualmente irremovibile contro qualsiasi riconoscimento del trattato di Londra. Sono stati ufficialmente smentiti i rapporti relativi alla divisione di Fiume tra gli italiani ed i jugoslavi.

Si vociferava che in vista di possibili agitazioni in Italia, qualora si verificasse una contraria decisione del Consiglio di Pace relativamente al problema riguardante l'Italia, il comandante della forza americana in Italia ha ordinato che tutte le truppe americane ed altri corpi americani inerenti ai lavori di guerra, abbandonino l'Italia per il primo Maggio. Qualsiasi movimento che rimarrà dovrà togliere la divisa ed indossare abiti borghesi.

Roma, 21 aprile.—E' stato oggi annunciato che la convocazione del Parlamento Nazionale e' stata rinviata al giorno sei maggio prossimo.

Roma, 20 aprile (ritardato).—Il giornale "Il Popolo Romano" in un suo articolo annunzia che il Presidente del Consiglio dei Ministri, On. Orlando, sarà in grado di raggiungere Roma prima del 23 aprile corrente, data fissata per l'apertura del Parlamento, soltanto se i diritti dell'Italia non saranno riconosciuti alla Conferenza della Pace, nel qual caso, si dice, i Delegati Italiani non andranno a Versailles per la conclusione della pace con la Germania, che si asserebbe non potrà essere ratificata senza l'adesione dell'Italia.
