PENN DAILY SLAPS WHARTON CRITICS

Editorial Appeals to Trustees to Find Remedy, Not Attack School

ADMIT BAD CONDITION

A vigorous slap at critics of the Wharton School is taken today in an editorial in the Pennsylvanian, the student daily at the University.

The editorial is in answer to an at tack on Dean William McClellan and the Wharton School policies, by Mr. and Mrs. Harrison Morris, and it also replies to criticism by Wharton Barker, a University trustre

There is a dig. too, at Samuel F. Houston, treasurer of the University. who, in commenting on the resignation of Dr. J. Russell Smith from the Whatton School, because of "starvation wages" paid the teachers there, referred" rather sarcastically to Dr. Smith as a

'German-trained professor. The editorial says, however, that the students themselves are not satisfied with conditions at the Wharton School. and that the board of reustees should

Mr. Garber's place little can be expected of the public schools." Answers Attack of MacNeille and Says Criticism Has Not Been Helpful

WOULD PERFECT SYSTEM

Attacks upon Philadelphia's system of public education are more sensational than helpful, declared Dr. John P. Garber, superintendent of education, today in answering criticism and promising to make the city's schools "as near perfect as possible."

Doctor Garber was replying to a direct attack made last night by Judge Raymond MacNeille in an address be-tore the Philadelphia Credit Men's Association, who said that "the trouble gentlemen in the real estate business with the school system here is Doctor who are trying to sell unoccupied and Garber and the whole unprogressive chool administration. 'Philadelphia has good schools," as-

serted Doctor Garber, "and, I believe, ment activities the real estate men hope in most respects they are very good, to realize profits far in excess of what indeed. But in these days, which so seriously test the physical, mental and ing properties desirable and undesirable moral ability of every one, we must make them as nearly perfect as possible however, for the people will soon dis-

In explaining how a "perfect organ fidence in those who have been respon-tation" can be realized, Dr. Garber sible will be lost completely."

This can come only from an expert and thorough knowledge of conditions and thorough knowledge of conditions as they actually exist, and necessary 000 was caused and six city firemen

as they actually exist, and necessary of financial and moral support of all educational forces.

"To my mind, the personal attacks and destrictive criticisms that are so casy for anyone to make are far more sensational than helpful to the great cause of educational improvement, which cause of educational improvement, which Registry Board cause of educational improvement, which for its success depends upon the best constructive thought and encourageent of all of us."

Judge MacNeille's statement follows "The schools are not to blame. The factional fight in the committee, but trouble with the system here lies with were sent back again on agreement from John P. Garber, school superintendent. and the whole unprogressive school ad
