

FIFTH WARD CASE APPEAL UP TODAY

Superior Court Hears Arguments for Deutsch and Patrolmen in Pittsburgh

NEW TRIAL IS SOUGHT

By a Staff Correspondent. Pittsburgh, April 28.—The jury tampering incident at the West Chester trial had news articles appearing in two morning papers are the main points in the appeal argued before the Superior Court today for a retrial of Isaac Deutsch, vice leader of the Fifth Ward, and his police henchmen.

Fifty-four points of error will be argued by William A. Gray, counsel for the men convicted as the result of the murder and rioting in the Fifth Ward at the primary election held in Philadelphia in September, 1917.

In his argument Mr. Gray insists that his client's case was badly prejudiced by the alleged jury tampering. He said today: "It is not safe to assume that the attempt of Allen to tamper with the jury... did not have a natural and probable consequence, and it is safe to say that there was not a single juror among the twelve who tried the case who would have felt safe in rendering a verdict of guilty, or who would have felt that he would have been free from the stigma of having been such a verdict, from the stigma of suspicion that he had secretly been approached and submitted to such approaches by some one acting in the interests of the defendants."

Newspapers Cited. In referring to published accounts of the trial in Philadelphia morning newspapers, Mr. Gray will argue that the case was the subject of inflammatory and sensational articles from the time of the first hearing in Philadelphia before Judge Brown, and that such accommodations at the trial at West Chester had been afforded the newspaper men from Philadelphia.

May Alter Charter as Penrose Yields

Continued from Page One. to show that it costs more when a municipality does the work than when done by private concerns. Next to the willingness of Senator Penrose to compromise on the contract issue was a report that Governor Sprout favored the passage of the Brady registration bills. It was said that the Governor would sign the measures, even the one ripping out the present board of registration commissioners in Philadelphia.

The ripper provides that the Governor is to appoint a new board within ten days after the passage of the bill. According to the report, the Governor, if the bill passes, would give the Penrose and Vane forces the opportunity to name one of the two Republican members of the board, and would appoint two Democrats himself to succeed Albert H. Linder, Jr., and William A. Carr, the present minority representatives.
