"An Agreeable Place Which People Can Visit and Enjoy"

The Dominant Note

of this New Kind of Store has never wavered nor been lost. It touched a welcoming spirit in the hearts of the people, who promptly responded and approved it from the first weeks in March so many years ago.

To restate our purpose then in a plain, orderly manner—

[First]—To create an agreeable place to which people could come as often as they pleased, to visit and enjoy without being made to feel that they should purchase something.

[Second]—To provide the largest, most complete assortment of trustworthy merchandise and by greatly augmented sales to offer lower and lowest prices.

[Third]—To grant the privilege of return of unwanted, uninjured purchases and instant return of cash paid without a question. (Somewhat changed under war influences during the past two years.)

[Fourth]—To set one price without deceit.

[Fifth]—To create a new note in advertising that would spell reliability of methods.

[Sixth]—To introduce new courtesies and hospitalities in shopping.

[Seventh]—To ask confidences of purchasers, with assurances of a like return on the part of the one who sells.

[Eighth]—To maintain a safe, healthful place for the educated workers and the patrons to enjoy, with the knowledge that every device known to architects and mechanics has been utilized in construction to insure convenience and security from fire or accident by use of many exits and brick and stone fire towers from foundations to roof.

The many years that have come and gone are recalled at this time with pleasure by ourselves and our friends, and our promise for the future is not only to preserve the dominating note, but also to improve upon it in every way possible.

Just tucks—rows and rows of them—are used on a Chinese blue taffeta dress that is quite smart and quite new. It is \$35.

Of soft, clinging crepe Georgette is another blue frock, which has the fashionable collarless neck and a clever arrangement of blue beads. \$40.

The Dependence of This Men's Clothing Store Is First, Last and Always Upon the Goods

When all is said and all is done, the whole question in men's clothing comes down to one thing, and that is the clothing itself.

With us, this is no new discovery, but an old, old principle. And it is as plain as day. For the last word always belongs to the clothing itself. Our aim from the beginning has been to have suits that will speak the last word of good service and satisfaction, so as to bear out whatever good words we may have to say about them. The point is that our dependence is always upon the goods.

Our men's Spring suits this year are of the finest description to be had. We make it a principle to keep to that kind, believing that it is best for ourselves no less than for the men whose good opinion we value, and value highly.

We are as sure as anybody can be of anything, that we can give every man who comes here tomorrow for his suit the best he can get for his money in correct fashion and dependable fabrics and tailoring; and nothing will give us greater pleasure than to make good our word.

Prices from \$28 to \$65, with a remarkably attractive waist-seam model for the young men at \$28 to \$50.

(Third Floor, Market)

Men's Clocked Silk Half Hose for \$1.50

\$1.50 is little enough these days for good plain silk socks, yet here are new, full-fashioned, thread silk half hose with embroidered clocks at that price.

Black with black and white clocks.

Navy with navy and white clocks.

(Main Floor, Market)

New Rain Parasols of Novelty and Charm

The post, meaning the part near the handle, is in white and relieved with a touch of color. At the end, or head of the post—the part that people un picturesquely call the handle—a novel feature is introduced. In one case it is a tiny elephant and on the tip of each rib is a still tinier elephant "to match."

It would be hard to match this for originality. Sometimes, however, in place of the elephant at the end of the post, or handle, there is a delicately carved rose or a mischievous little monkey.

Of course, you know what a practical thing is a rain parasol. It is made of umbrella silk and is equally good for rain or sunshine. So you see the novelty and originality of these newest ones are particularly worth-while.

Prices—\$10, \$12 and \$15 each. Other rain parasols, \$4 to \$10 each.

(Main Floor, Market)

Little Mirrors Specially Priced

These are the little mirrors, high and slender, or broad and long, which make such pleasant spots of light in a room, and are peculiarly adapted to use in Summer cottages. They are all of French plate glass, framed in dull gilt and some of the frames are hand-carved.

Prices are \$3 to \$40.

(Fifth Floor, Market)

If You're a Man and Need Handkerchiefs

Here are some good Irish kinds, all specially priced—\$5.75 a dozen for generous size, plain hemstitched handkerchiefs, with quarter-inch hems.

\$4 a dozen for initial handkerchiefs, of good Irish linen, well made.

The values are exceptional.

(West Aisle)

Men's Dressing Cases in Black and Brown Leather

The brown cases are in a smooth, boarded effect and the black ones are pebble and long-grain leather. Both kinds are good looking and serviceable.

The fittings are of black ebony and are a practical size.

Prices \$10 to \$27.50.

(Main Floor, Chestnut)

Lace-Trimmed Scarfs Special at \$1.25 Each

Just a little lot, all of them made with centers of fine plain Irish linen and trimmed with a liberal flounce of lace in four different styles. They come in one size only, 18x50 inches.

(First Floor, Chestnut)

Maytime Gives a New Charm to the Great Summer Furniture Display

The fickleness of the weather notwithstanding, it will be Summer before you will have realized it. The time to prepare for Summer is now.

One of the things to be looked to is Summer furniture for porch, lawn, veranda, garden, living-room, breakfast-room and sleeping-room.

For the requirements of each of these places we have a collection of reed, rattan, willow, fiber, crex grass, hickory, cypress and cedar furniture which is known to be the largest and most attractive in this vicinity.

In it will be found every desirable type of Summer furniture, as well as some excellent types that cannot be found outside of it.

We can show you a collection of complete suits for Summer breakfast-rooms, living-rooms and bedrooms without a counterpart in novelty and beauty of design, coloring or decoration.

Our entire Summer assortment presents a range of choice in individual pieces going all the way from a maple rocker for the porch at \$2.25 to a fine daybed at \$190.

At this moment we have 850 sample pieces of wicker on the floor, and back of the samples many times more. Wicker takes in reed, rattan, willow, fiber and crex.

There is a delightful choice of pieces prettily upholstered in cretonne in colors and patterns of much novelty and charm.

The garden furniture of cypress is believed to be the best collection we have ever shown.

Straw Hat Day Tomorrow!

Tomorrow is the day when straw hats bloom on the streets of Philadelphia. Every man who keeps up with the procession will get one.

For fine fashion and comfort and for the length of time they keep clean, Lincoln-Bennett and Redleaf London straw hats have no equals.
