

ITALY SHOULD HAVE FIUME, SAYS BUELOW

Former German Chancellor Praises Ebert for Effort to Save Germany

DESIRES TO LIVE IN ROME

By the Associated Press
Rome, May 6.—The Giornale d'Italia publishes an interview with Prince von Buelow, former German Imperial Chancellor, in which he praises President Ebert and Chancellor Scheidemann for having done everything possible to save Germany from a revolution. The prince added that the danger of a revolutionary movement to re-establish the monarchical system would be eliminated if the government was strong.

"Germany," Prince von Buelow is quoted as having said, "wishes to settle down and work out a peace with the Allies to the Italian situation, the former Chancellor said:

"Undoubtedly Fiume is an Italian town and must go to Italy. All its inhabitants are Italian, except a small minority. Everything in Fiume is Italian. Most of the Hungarians living in Fiume are more favorable to Italian than to Jugo Slav rule. Fiume must be ceded to Italy. Premier Orlando's attitude is strong. Baron Sonnino's tenacity will win. Both are indefatigable workers. The Entente will cede Fiume before Italian determination.

Prince von Buelow ended by saying that he hoped soon to return to Rome to reside in the villa he possesses here.

QUIT OVER 48-HOUR WEEK

Thousands of Auto Workers Refuse to Work 48 Hours

Toledo, O., May 6.—(By A. P.)—About 7,000 employees of the Willys-Overland Company, who quit at 3:20 o'clock yesterday afternoon in defiance of orders extending their work day to 4:05 o'clock, were refused admission to the plant at 7 o'clock this morning. At the Electro Auto-Lite plant, a subsidiary, about 11,500 of the 21,000 employees were not at work today, officials said.

Guards asked the men if they would work forty-eight hours a week instead of forty-four. When a negative answer was given admission was refused. The workers then marched to Memorial Hall.

All departments of the Auto-Lite plant were running as usual today, officials said. Vice President Clarence A. Earl, of the Overland Company, said all men who quit forfeited their share in profits under the "fifty-fifty" plan.

Elmira, N. Y., May 6.—(By A. P.)—Large groups of employees of the Willys-Morrow Manufacturing Company here walked out this morning in sympathy with the demands made by the Willys-Overland employees in Toledo and Elyria, O., for a forty-four hour week instead of a forty-eight hour week. Alexander P. Morrow, president of the company, said about 700 of the 4,000 employees at the Elmira plant had quit, almost entirely unskilled workers.

STRIKE LEADERS BEATEN

Taken From Their Homes by Masked Men and Roughly Used

Lawrence, Mass., May 6.—(By A. P.)—Anthony J. Capararo, a member of the textile strike committee, reported to the police today that he and Nathan Clineman, said to be an organizer for the Amalgamated Clothing Workers of America, were dragged from their hotel here shortly after midnight by a gang of twenty masked men and taken to a lonely spot in West Andover and severely beaten.

Capararo several hours later made his way to a home in Andover where a physician attended him. The Lowell police found Clineman wandering about the streets in that city in a dazed condition. Police in Andover found a mask and a pair of trousers near the spot where Capararo said the assault occurred.

Your Uncle Sam provided his boys with COFFEE

Our government sent 3,000,000 fighting men abroad. And, to keep them physically fit, it sent millions of pounds of coffee.

Brave, clean, lithe, sturdy fellows, they were. Clear of eye, steady of nerve, strong of heart,—splendid physical specimens. "The finest soldiers in the world",—has been said of them. And they proved it!

Coffee lovers, they were—almost to a man. Coffee drinking had been their habit all their lives. They were practically raised on it, in the true American fashion. And they were not deprived of it!

A most careful diet was planned in order to maintain health and strength. While bread and beans and beef were needful, there was one item recognized as absolutely indispensable—coffee.

So—whatever else they had, our boys had their coffee,—plenty of it, four times a day! It cheered and comforted and encouraged them. It helped them do their job,—and do it well. Who shall say how grand a part coffee played in this great war?
