New Delay Faced in House by 527,200 Reform Measures That Senate Passed

TO CONSIDER AMENDMENTS

By a Staff Correspondent

Harrisburg, May 8 .- Progress on the Philadelphia reform legislation has been temporarily halted until Governor Sproul and Senator Penrose can digest the provisions of the proposed measures.

While the two Woodward charter bills and the Daix registration measures were put through the Senate, according to the program, it is expected to be some time before they come before the House for final action.

These measures and the Rotan bills to increase the district attorney's force in Philadelphia are expected to remain committee in the House for time, and to come before the lower

chamber considerably amended.

Harrisburg, May 8.—The fight to increase the coal land assessments of Dauphin county will be continued by the county commissioners despite the death yesterday in Scranton of Ellsworth Davies, the anthracite expert who recently raised the assessment figures from \$1,500,000 to \$117,000,000. The commissioners will intrust the work to Frank C. Sekol, of Scranton, a former associate of Davies.

A final hearing will be held May 26, at which the coal companies will try to show the figures are grossly in excess of the real value of the properties.
