Weather Conditions Were All Right, but Barrow Said Nothing Doing

PERRY TO PITCH TODAY

By EDWIN J. POLLOCK Special Staff Correspondent Traveling With the Athletics

Boston, Mass., May 10.—It was a cold, cold day in Boston town yesterday, so cold that the men were weariless and the women were fur-clothed, which is a sure sign of summer.

Princeton, N. J., May 10.—Yale and Princeton will compete on the cinder path in the Palmer Memorial Stadium this afternoon in the first dual track meet between the two universities since the outbreak of the war.

Yale has a formidable list of entries headed by Captain Braden and should easily excel in all the field events, while the Tigers seem to have a slight advantage on the track.

Edman Favorite Captain Edman, intercollegiate hurdler champion, is expected to be returned winner in both the low and high hurdles.

The mile run should be the most interesting race on the day's card. In this event, Reed, who broke the intercollegiate mile record while at Merceburg Academy, will represent Yale, and Penfield, McCulloch and Raymond, all members of the four-mile relay team that distinguished itself at the recent Penn relays, will run for the Tigers.

Prep Athletics Compete The twenty-third annual interscholastic will be run off in conjunction with the dual meet. Twenty of the larger eastern high and preparatory schools have entered teams, and of these the stiffest competition will be between Merceburg Academy, Hill School and Lawrenceville.

Mercereburg has captured the title for the last four years and a win today will give them permanent possession of the present trophy. They beat Hill last spring by less than half a point.

Penn-Princeton Idle The annual baseball game between Penn and Princeton, scheduled for Franklin Field this afternoon, was postponed on account of rain.

Glenn Mills Meet Postponed The Glenn Mills intercollegiate, scheduled for today, was postponed on account of rain. The meet will be held on May 24.

RAIN AGAIN STOPS PHILS-BOSTON TILT

Coombs Calls Off Tilt—Denies He Tried to Trade Cravath and Oeschger

TALK OF 5-CORNERED DEAL

After gazing at the moisture which fell all over the landscape this morning and considering Sam Payne about the condition of the playing field, Jawm Coombs called off the ball game which was scheduled between the Phils and the Boston Braves this afternoon.

This makes the second postponement in as many days, and there will be nothing doing until Monday.

That story is news to me, said Coombs. "Cravath has for me, because I want them on my ball club. I don't know how the rumor started."

According to the nocturnal narrative, there had been some conversation spilled in the Meadows between Stallings and Coombs, regarding the strengthening of the Braves' outfield and the Phils' pitching staff.

Metzger having been turned down, Coombs thought he would try his luck with the rumor runs.

The fact that Stallings already has turned down offers from the Giants and Phils is not taken as a final answer from the Braves.

Metzger had hurried to Pittsburgh where he conferred with the Cardinals for permission to talk terms to Catchers Gonzalez and Cruise in view of probably shipping Robertson to St. Louis for these two players and then turning Gonzalez and Cruise over to the Braves for Nelf.

Several close friends of Stallings who have followed the misfortunes of the Braves this spring are authority for the assertion that the Boston club is out to strengthen its battle array at all cost and believe that as a final show-down a five-cornered deal will be accomplished.

Negotiations may be made for the present, but those on the inside believe the Braves, Phils and Cardinals are possibly the Pirates are trying to shape a deal that will stifle the baseball world.

Half of Mack's payroll sat under the lobby of some of the during exposed themselves to the cold by sitting on the old front porch.

The most startling news to the ball players of the day was the fact that John D. Rockefeller paid \$1,000,000 to the Victory Loan for a baseball autographed by Christy Mathewson, and that balls bearing the names of Larry Doyle and Art Fletcher sold for half a million.

Yan Digh asked what he would get for a ball signed with his name and some one said ten days. All of which shows how popular the business manager is with the ball players.

Mack is ready to fling Scott Perry against the world's champions in the first of the series today, and the big Atlanta right-hander probably will be opposed by Carl Mays.

Mays was spiked in the Yankee series by Del Pratt, but he took a work-out at the park yesterday, and apparently he is in good shape again.

Notes Mack and several of the A. A. attend the daily press conference in memory of Tim Murray in honor of former Boston baseball star of at the time of his death, president of the New England Baseball League.

Styles Only Phil Hope in Big Shore Tourney

Three Atlantic City Players in the Semifinals—Mrs. Ronald H. Barlow Wins Geist Cup for the Sixth Time in Succession

THE chances are that the semifinal round this morning will be played over a water-soaked course and it is possible that the players will get a dose of rain in their pants, but golfers are used to that and it is the exception rather than the rule for the spring tournaments here to have three clear days.

But whether it rains or not, the matches will be played for golf is the one game that laughs at rain or wet weather.

Eddie Styles is the only Philadelphian left in the first sixteen and the Atlantic City players have a hunch that the winner will be a shore player, either Shuckofford or Risher. But Styles is and has been playing some very fine golf and he will take some beating tomorrow.

Backing Styles The Philadelphians are backing him to win, and this despite the fact that both Risher and Shuckofford know every blade of grass and every corner of the course. Not only has he played well at Pinehurst, but he has been playing most of the time in the seventies since he got back to town.

Myles and Frank Higgins, of Stratford, were winners in two extra hole matches yesterday, and Dave Clegg, of Lansdowne, won another.

What is Mr. Geist going to do about a new cup? One of the Oberlin women, before the tournament was finished, said: "What shall we do? It looks like a shame to ask Mr. Geist for another cup. He has given two before, and now both of them are gone. We naturally expect they would still be playing for the first cup, and here two have gone from us. There is no doubt that Mrs. Barlow is a wonder. What other woman under the sun can do what she has done?"

There is Mrs. Barlow's record in line in three tournaments, two at match play and one at medal. Geist cup (medal), six straight victories; Shawnee tournament (match), five straight victories; Bunn Memorial cup (match), two straight victories. Has any other woman player ever equaled it?
