

PRESBYTERIANS WARN AGAINST RED PERIL

Bolshevism Called "Twin Scourge of Atheism" by General Assembly

"DRY" REPEAL OPPOSED

By the Associated Press
St. Louis, May 21.—Evangelism as a means of eradicating bolshevism and I. W. W., is advocated by the board of home missions in its report to the general assembly of the Presbyterian Church today.

Unless the masses are taught the principles of religion, "the mad fury of bolshevism, with its twin scourge atheism, will become universal," warned the report.

The report recommended increasing the number of missionaries in lumber camps and industrial centers as a method to check the doctrines and urged establishment of immigrant communities to christianize and Americanize foreigners.

Publication of religious periodicals in foreign languages as a means of holding radicalism and "arousing Christian civic consciousness" was recommended. In the report of the board of publication and Sabbath school work.

President Wilson was arraigned by commissioners yesterday, for requesting Congress to repeal or amend the wartime prohibition act, and a resolution was adopted urging Congress to sustain the law. President Wilson is an elder in the church.

A copy of the resolution will be sent to the President. It follows: "This assembly learns with pain that the President of the United States has recommended to Congress that it repeal a part of war-time prohibition, and in view of this fact we most earnestly petition Congress that it not only retain the measure, but that the measure be enforced to the fullest extent, to the end that the needs of the world for food may be met, and that the efficiency and morale of our own people be preserved."

When the resolution was read the commissioners applauded for several minutes.

"Unbecoming an Elder"
The Rev. Dr. W. M. Kindman, of Columbus, Ohio, declared "such a stand is very unbecoming for an elder in the Presbyterian church, and for a man holding so high an office as that of President of the United States."

R. E. P. Pejoh, of Harrisburg, Pa., state chairman of the prohibition organization of Pennsylvania, asserted "this is the second time President Wilson has stepped in to befriend the liquor interests, and means the undoing of all that has been done."

Browsers who carry on their business in foreign lands were denounced in the report of the temperance committee, and Congress was asked to disfranchise any citizen who carries on in a foreign country a business unlawful in this country.

Rap Women Smokers
The committee deplored the use of cigarettes, especially by women, and urged upon Presbyterians not only the personal non-use of them, but the promulgation of all possible legislation against them.

Resolutions against lynchings were adopted in the report of the committee on missions for freedom.

Resolutions of regret over the death of Bishop David H. Greer, of the Protestant Episcopal Church, also were adopted.

F. Wayland Ayer, of Philadelphia, Calls Denver Convention to Order

Denver, Colo., May 21.—(By A. P.)—President F. Wayland Ayer, of Philadelphia, was to call to order today the Northern Baptist Convention for what is considered one of the most noteworthy sessions the denomination ever has held. A missionary program and a financial budget greater than any hitherto considered were to be presented and a plan for extension of church work into community social service was to be considered.

MYSTERY WRAPS SOLDIER

New York Preacher Believes "Private Phillips" His Son

New York, May 21.—A mystery that has placed two families in suspense developed yesterday on the receipt by the Rev. Dr. Malcolm James MacLeod, pastor of the Collegiate Reformed Church, of a cable message in which General Pershing said that he had listed for return to the United States in the near future a soldier who was recently identified as Private Henry Hinkle MacLeod, long missing son of the clergyman, but who is identified in the message as Private Rowland E. Phillips, Jr., of Flushing.

The situation is made perplexing by reason of the fact that Private Phillips is listed as having been killed at the battle of the Ourcq, and because his mother has been convinced by members of Company L, 165th Infantry, that they saw him slain in action on July 28 last.

Private MacLeod, a volunteer, nineteen years old, of Company M, Forty-sixth Infantry, telephoned from Camp Merritt on the night of June 27 last to his folks that his company would move to Camp Epton the following day. It moved to Yaphank, but without MacLeod. He had disappeared soon after telephoning.

Three weeks ago, Doctor MacLeod made this announcement: "I believe my boy has been found in France. We received a few days ago a cablegram from Major Herrick, in the provost marshal's office in Paris, that our son was identified by one of the circulars we had sent out, bearing his picture."

"Immediately we enabled a member of the congregation who was in Paris, though she has never known our son, she called back that she had interviewed him and was certain that he was our boy. She added that he had been suffering from amnesia."

MARY GARDEN IS SUED BY HER DRESSMAKERS

Lady Duff-Gordon Says Prima Donna Won't Pay Bill for \$2708

New York, May 21.—In an effort to share Mary Garden's latest role, Lucile, Ltd., the name under which Lady Duff-Gordon conducts her business, sued the singer in the Supreme Court yesterday for \$2708, alleged to be due for wearing apparel.

The score which the American prima donna is now asked to interpret recites that she bought on February 24 last enough garments to hide all her frequently unhidden charms, and that a properly presented bill has received no more favorable consideration than a British flag on St. Patrick's Day.

Prices charged for jewelry are in striking contrast with the bill for clothes. In the account are a pair of earrings valued at \$7.50; three rings at \$3 each; a blue and gold brocade gown, with headress, \$533; a pink underslip and turquoise blue and mauve robe with headress, \$681; a mauve gown with headress, \$525; a silk striped pointed coat, \$262; a boy's costume of red broadcloth, coat shirt, bodice and head-dress, \$221; lining a purple velvet cloak with ornamental ornaments, \$100; three pairs of sandals, \$90; and a white Grecian gown with headress, \$283.

Lady Duff-Gordon was sued in the Supreme Court recently and a judgment was obtained. When she was being examined in supplementary proceedings, in an effort to find property on which to levy, she expressed the opinion that "this is an awful country."

PRINCESS COMING TO U. S.

Former Anita Stewart, Wife of Portuguese Noble, Will Visit Mother Paris, May 21.—(By A. P.)—Princess Miguel of Braganza, who was Miss Anita Stewart, of New York, and whose husband was an officer in the German army, will arrive in New York soon, accompanied by her children, and pass an indefinite period of time with her mother, Mrs. Jean de Saint Cyr. Princess Miguel was mentioned as a possible pretender to the throne of Portugal.

Mr. and Mrs. Jean de Saint Cyr purchased recently an extensive estate in California and will take up their residence there as soon as the princess and her children arrive.

The marriage of Miss Stewart to Prince Miguel in the Roman Catholic church took place at Dingwall, Inverness, Scotland, on September 15, 1909. The couple took the names of Duc and Duchess de Vizeu, and established themselves at Castle Bonnabach, in Baden, Germany. Three children have been born to them—Princess Eliza, born in 1910; Prince Jean, born in England, two years later, and Prince Miguel, who will be four years old next September.

Taking the Hint

A Health Hint for Smokers

If you find that fried potatoes "disagree" with your digestion, you keep on eating potatoes—but you have them cooked some other way.

It is just as important to avoid the wrong kind of cigar as the wrong kind of food.

The following test will show you the difference between right and wrong in cigars.

Smoke Girards exclusively for two weeks. Stick to your usual number of cigars—smoke neither more nor less. At the outset of the test, get a box of Girards, so that you can be certain of always having a Girard at hand during the two weeks.

If you are an average smoker, this test will convince you that the Girard Cigar takes the danger out of smoking. If you have been a smoker of heavy cigars, we predict that this test will bring a definite benefit to your feelings and enjoyment.

Special Box Prices

In order to afford every smoker a special opportunity and inducement to try this test, Girard dealers are co-operating with us in offering special box prices on Girards for this week only.

Look for the Girard Week sign in cigar store windows.

Good Roads and Good Gasoline

"They shall not pass" was a noble resolve against an unscrupulous oppressor; but it is an expensive slogan for the nation's highways.

Acting on this belief, the Pennsylvania legislature recently passed a measure authorizing the expenditure of fifty million dollars for road-building and improvement.

Good roads and Atlantic Gasoline—there's a combination that spells maximum efficiency in truck and passenger-car operation.

For there's terrific energy in every drop of Atlantic Gasoline. Tremendous power—more power than you need for the hills and more than you will care to use on the straightaways.

Use Atlantic Gasoline in your trucks and passenger-cars. Take figures off your gasoline-bill and put them on your speedometer where they show to better advantage.
