The

people. I know that if I may speak for myself, the chief anxiety I have had has been to be the true interpreter of a national spirit, expressing no private and peculiar views, but trying to express the general spirit of a nation.

Sun Rises From West

And a nation looks to its president to do that; and the comradeship of an evening like this does not consist merely of the sense of neighborhood, We are neighbors. We have always been friends. But that is all old. Something new has happened. I am not sure that I can put it into words, but there has been added to the common principles which have united the Americans, time out of mind, a feeling that the world at large has accepted those principles, that there has gone a thrill of hope and of expectation throughout the nations of the world, which somehow seems to have its source in the things we all ways believed it. It is as if the pure waters of the fountains we had always drunk from had now been put to the lips of all peoples, and they have

drunk and were refreshed. And it is a delightful thought to The Germans had a busy day in finishing up their reply to the allied peace believe that these are fountains which spring up out of the soil of the Americas. I am not, of course, suggesting, or believing, that political liberty had its birth in the American hemisphere, because, of course, it had not, but the peculiar expression of it, characteristic of the modern time,

that broad republicanism, that gen-Continued on Page Eight. Column Two
