

CENTRAL HIGH FAVORITE TO WIN OUTDOOR "SQUADS"

Dr. O'Brien Has Several Sure First-Place Winners and Well-Balanced Squad. Northeast High Strong

RAINEY AFTER RECORD

WITH an unusually strong balanced team, Dr. Matthew O'Brien, Central High School trackman, are favorites to retain the outdoor track and field championship of the Philadelphia High School. The meet, which will be held today at Houston Field, Twenty-ninth and Somerset streets, will start at 2:30 p.m.

Some of the Stars

In Rainey, Russell, Cullman, Deitweller, Haffner and Enslin, Doctor O'Brien has athletes who are looked upon as the most likely first-place winners. Unless he breaks a leg or goes to sleep at the post, Joe Rainey should break the tape in the two dashes and place in the broad jump.

Northeast Strong

Northeast is sure of giving Central a good fight for the individual and team honors. Each year it seems the Archdukes rise to greater heights in the championship meets and spring surprises. For this reason, and the fact that Coaches Garney and Sigman have several first-place men, the Lehigh avenue school must not be overlooked.

Baker Says Phils Have Clear Title to Sicking

William F. Baker, president of the Phillies, issued a signed statement yesterday afternoon denying the allegations made Wednesday by John J. McGraw, vice president and manager of the Giants, that Sicking was merely "loaned" to the local club to take the place of Bancroft when the latter broke his leg.

proper conditions and etc. should send the records off the books or wherever they keep them.

It is no secret that Joe Rainey, of Central, has hopes of breaking the 100-yard mark. Joe is confident that he can beat the old time. Then there is Bates, of Northeast, in the pole vault. The present record is 10 feet 6 inches, made some years ago by Haslam, of Central.

STAR HANDMADE TIRES

The Product of **AKRON'S MASTER TIRE BUILDERS**

At the present time in my territory there are about TEN THOUSAND STAR TIRES running—and every one of them is giving excellent mileage.

I believe today that STAR HANDMADE TIRES (CORD and FABRIC) are the BEST VALUE on the street—giving the customer MORE MILES PER DOLLAR than any other tire.

STAR CORD TIRES represent ALL that has proved best in Cord Tire construction.

They are full-molded, extra over size and extra OVER STRENGTH, with greatest possible durability, flexibility and resiliency. Each cord is embedded in pure rubber—eliminating friction.

Every STAR tire is strictly HAND MADE in the truest sense.

STAR HANDMADE TIRES have an extra-ply of fabric, extra wide breaker strip, thick cushion of pure, live rubber, thick side strips and an extra heavy tough tread accurately compounded to resist wear. There is not an ounce of reclaimed or substitute rubber used anywhere.

These are just a few of THE ACTUAL FACTS that explain STAR TIRE EXTRA GOODNESS.

It will be money in your purse the day you ask me to DEMONSTRATE STAR TIRES TO YOU.

Want Sunday Sports in the Park? Sign the Petition!

There is a movement on hand to force the Fairmount Park Commissioners to close the park to innocent, healthful, recreative, uncommercialized sport—baseball, tennis, croquet, bean bag, etc., and no stone is being left unturned by some of the clergy and narrow-minded laymen to this end. We believe in the opening of the park to these harmless sports, because we know the good in health, pleasure and wholesome recreation that our hard-working boys and girls require to keep them in the best condition. If you believe in these harmless sports on Sunday in our Park, come in and sign our petition of protest against closing them.
