

FRANKFORD ATTACK  
Six Men Are Arrested—All but One Released—Unidentified Woman Calls on Victim

One of six men apprehended by the Frankford police early today after a woman had been shot four times and probably fatally wounded while walking in a lonely spot at Orthodox and Pierce streets is held a prisoner.

The wounded man is Michael Cornaleger. He is thirty-five years old, and gave an address in North Second street, Camden N. J. He is in the Frankford Hospital in a critical condition.

The prisoner is Stephen Hoyman, twenty-two years old, of Duncan street, west of Melrose, Frankford. He was held in \$2000 bail by Magistrate Costello for a further hearing May 17.

Mystery surrounds the shooting. Cornaleger gave the name of Miller when he was first taken to the hospital after he was found by the police shortly before 1 o'clock this morning at Orthodox and Richmond streets. He was bleeding from four wounds, which he said he had received six squares away.

This afternoon a young woman, carrying a baby, applied at the hospital for information concerning "Michael Miller, the man who was shot." When she was questioned by the hospital authorities she turned out to be a stranger.

Cornaleger knelt on the door of the office of the Philadelphia Glazed Kid Company, Orthodox and Richmond streets and told Walter Rafewski, the watchman, that he had been shot. Rafewski tried to alleviate the man's suffering and then summoned the police.

Joseph Bischoff, night watchman at another nearby plant, said he saw a man running east on Orthodox street shortly after Cornaleger was shot.

At the hospital the wounded man said he had been held up by two men at Orthodox and Pierce streets, who fired the four shots at him, although he offered no resistance.

Patrolman Gallagher and Detectives Dougherty and McColligan, all of the Frankford station, questioned the man at the hospital and then picked up the six men. All were taken to the hospital, where Cornaleger said that Hoyman "looked like one of the men" who he says shot him.

Cornaleger said he was in that neighborhood last night visiting friends at Terawanna.

The five men picked up by the police and later discharged by Magistrate Costello are: Paul Banka, twenty-seven years old, and Marion Gae, twenty-one years old, both of Duncan and Melrose streets, and Joseph Grablewski, nineteen years old, and Lewis Trier, eighteen years old, of Berwinton street below Orthodox, and Joseph Zaperuk, twenty-four years old, of Church street, east of Terawanna.

All five men said they had heard the shots fired, but denied they knew anything of the shooting. Hoyman, the man held, says a woman calling in his home at the time of the shooting.

AMERICANS TURN DOWN RHINE PLAN

Refuse to Co-operate With French in Movement for Republic

By the Associated Press  
Coblenz, June 7.—The Rhenish republic movement has made no headway in the America area of occupation, notwithstanding reports to the contrary, according to Third Army Headquarters.

The American authorities are continuing to maintain an attitude of opposition to political movements of any kind. The British officers in their area are said to have taken a similar stand.

The French regard the Rhenish movement as a threat to the republic and are determined to secure American co-operation for the movement. On May 21 a French colonel came to Coblenz to see Lieutenant General Liggett, the Third Army commander. He said in a long talk that the French officer desired to request American co-operation.

The French officer said that fifty or sixty German delegates were ready to come to Coblenz and hold a meeting, provided the Americans granted a permit and that it was planned to declare a republic May 24. The American refused to permit the meeting.

Wiesbaden, June 7.—(By A. P.)—Opposition to the Rhenish republic is growing here each day. The judges of the province are the latest to defy the new government and with court employees have declined to recognize the legality of the regime headed by Doetor Dorten.

The French are reported to have made definite promises to the republic in the shape of officially setting wages and food prices on a peace basis and also fixing the value of the mark arbitrarily at one franc twenty-three centimes. A general protest strike occurred here Thursday.

Cologne, June 7.—(By A. P.)—Dr. Dorten, president of the new Rhenish republic, has telegraphed Sir William Robertson, commander of the British forces of occupation here, announcing the formation of the republic and repudiating any desire to evade a "just share" in the reparation of war damages.

He appeals to the Entente powers to protect the new state against "inevitable revenge from Prussian militarism."

TWO CLERKS INDICTED  
IN U. S. BOND FRAUD

\$85,000 Worth of 4 1/2's Stolen From Reserve Bank and Replaced by 4s, Is Charge

SOLD TO LOCAL BROKER  
"High finance" alleged to have been conducted by two clerks of the Third Federal Reserve Bank with Liberty Bonds held by the bank for conversion of bonds of earlier issues was disclosed in their indictment today by the Federal Grand Jury on charges of conspiracy to defraud the government.

The accused men are Charles N. Jenks and Elmer E. Patton.  
Jenks was also indicted for the embezzlement of a \$500 bond, the sale of which is said to have disclosed the other transactions.

The indictment returned against the two men charges that \$85,000 worth of 4 1/2 per cent Liberty Bonds were taken out of the bank by the clerks, sold to a local brokerage firm and replaced by per cent bonds purchased at a low market figure. The profits from the transaction are said to have been pocketed by Jenks and Patton.

The transactions were manipulated without danger of financial loss to the two clerks and appeared on the books of the bank as bond purchases. Last January when 4 per cent bonds were selling at a low market value, Patton is alleged to have given Jenks \$250,000 worth of the 4 1/2 per cent bonds on one occasion, and \$35,000 worth at another time. They are charged with having sold to Emory, Freed & Co., a brokerage firm of this city. With the proceeds from the sale of the two lots, Jenks is alleged to have purchased enough 4 per cent bonds below par to replace the 4 1/2's taken out.

SENATORS OUTLINE  
INQUIRY INTO LEAK

Definite Plans for Investigation, However, Will Not Be Made Until Monday

PARIS GETS PLEA FOR TEXT  
Washington, June 7.—(By A. P.)—Preliminary preparations were being made today for the investigation to be conducted by the Senate foreign relations committee into statements that copies of the unpublished treaty with Germany are in private hands in this country. The inquiry, authorized by a Senate resolution adopted yesterday, may take a wide scope. It is not expected that definite plans will be laid, however, until the committee meets to take up the subject Monday.

Meantime the State Department was forwarding to President Wilson and Secretary Lansing at Paris another resolution adopted by the Senate yesterday asking for the complete text of the treaty. Officials here will not make any prediction whether the request will be complied with.

Both the resolutions, although they had aroused sturdborn debate, were adopted without a roll call. The action ended temporarily the discussion which has covered every feature of the treaty controversy since the extra session convened, but it generally was predicted that other speeches on the subject would be heard next week and from time to time thereafter until the treaty itself is disposed of.

There still remains in the Senate a resolution by Senator Sherman, Republican, of Illinois, declaring it the sense of the Senate that the covenant of the league of nations should be submitted separately from the peace treaty for ratification. With the other two resolutions out of the way, Senator Sherman may call up his measure and thus provide the vehicle for more debate on the subject.

Action is expected in the Senate Monday toward restoration of telephone and telegraph properties to private ownership. The Kellogg resolution, providing for the return of the systems within ninety days, is on the calendar as unfinished business for Monday. A vote is expected during the day.
