Killed in Action, Previously Reported Dead PRIVATE—William J. Montalto, St. Clair.

MAKES ECONOMY PLEA TO R. R. EMPLOYES

Hines Urges Conservation of Supplies and Increased Efficiency on All Lines

Washington, June 10.—(By A. P.) Director General Hines has issued an appeal to all officers and employees of the railroads to practice strict economy in the use of railroad supplies and equipment and to increase the efficiency of their work wherever possible in order to keep the government's loss under the present operating deficit as low as possible.

Co-operation with the government in this respect, Mr. Hines said, should be given freely by the railroad employees in view of the increased wages and improved working conditions accorded them during government control. He appealed for their assistance in "demonstrating that the railroads can be operated successfully even though the wages of its employees have been materially increased."

ACTION ON RAILROAD BILL

House Leaders Plan to Pass Appropriation Measure Today

Washington, June 10.—(By A. P.) To speed the passage of appropriation measures, the House today laid aside the army bill and considered the \$750,000,000 railroad appropriation. Leaders planned to pass and send the bill to the Senate before adjournment. Resumption of work on the army bill is scheduled for Wednesday.

Chairman Good, in explaining the reduction of \$450,000,000 in the amount requested by the railroad administration for its use in operating the government-controlled lines until the end of the calendar year, said the \$750,000,000 might not meet all financial requirements, which he said were now too indefinite for determining exact future needs. The new appropriation, he added, would be needed regardless of the date of the return of the lines to their owners.

Rutgers Gives Houston Degree

New Brunswick, N. J., June 10.—(By A. P.)—David F. Houston, secretary of agriculture, and Major General William Weigel, commanding the 85th division, were among those to receive honorary degrees at the 183d commencement of Rutgers College today. Secretary Houston was given the degree of doctor of laws, and General Weigel that of master of science.

For on this depends your satisfaction with the work.", "The reputation of Wilson's good painting, gained over 68 years, is your answer.", "WILSON'S GOOD PAINTING ESTABLISHED 1851", "J. S. Wilson & Son, Inc.", "44 N. 7th"

Owners' Records of 100,000 - 200,000 - 300,000 MILES

made by

WHITE TRUCKS

THE ultimate mileage of White Trucks is still unmeasured. Some have rounded out 300,000 miles. Many have run 200,000 miles. Hundreds, probably thousands, have passed the 100,000 mark—a very common White performance.

100,000-150,000 MILES Each

Table listing truck owners and their mileage records for the 100,000-150,000 mile range. Columns include Owner, No. of Trucks, and a list of names with their respective truck counts.

150,000-200,000 MILES Each

Table listing truck owners and their mileage records for the 150,000-200,000 mile range. Columns include Owner, No. of Trucks, and a list of names with their respective truck counts.

200,000-250,000 MILES Each

Table listing truck owners and their mileage records for the 200,000-250,000 mile range. Columns include Owner, No. of Trucks, and a list of names with their respective truck counts.

250,000-300,000 MILES Each

Table listing truck owners and their mileage records for the 250,000-300,000 mile range. Columns include Owner, No. of Trucks, and a list of names with their respective truck counts.

300,000 MILES AND MORE Each

Table listing truck owners and their mileage records for 300,000 miles and more. Columns include Owner, No. of Trucks, and a list of names with their respective truck counts.

THIS list includes only trucks whose records we know of. There are many others. They roll up mileage years after the best ordinary truck is worn out. In the long run, White Trucks involve less investment. Fewer units are required to

do the work. They put off the day when new trucks replace them. Operating and maintenance costs are also lowered by the steady volume of performance which makes possible these high mileage records. White Trucks Are Money Savers.
