VICTORY FESTIVAL

The first evening of the Victory Festival of the Episcopal diocese of Pennsylvania was celebrated in the Academy of Music last evening before an immense a daring step in the direction of Chrisaudience, who entered thoroughly into the religious nature of the program. The stage settings were as impressive as may be that a far greater danger lies in was the nature of the service. The inaction at this time. So, therefore, the Church should go forward in a spirit of courage and confidence to do of members of the Philadelphia Orchestra, was scated in front of the lowered curtain, which arose shortly after 8 o'clock, revealing the chorus of about 800, all in the surplices and caps of well as the best mixed choirs.

Bishop Rhinelander next introduced the speaker of the evening, Rev. Dr. William Manning, of Trinity parish, New York, late chaplain of the 103d Engineers, of the Seventy-seventh rision. Doctor Manning spoke first of the reasons why the American people should give thanks at this time. One of the principal of these, he said, was because the Americans, late as they were in entering the great conflict, had still time to play a most important part in the ending of the war. We should give thanks not only for the splendid conduct of our men in the service, but also for that of the men and women at home who answered the great call. Always the American people were ready when the leaders were ready to act. We should also give thanks for that grea company of our brethren, who, in their youth and strength, went forth into the great conflict never to return.

History's Greatest Days

We should give thanks for the privilege of living and doing our part in the greatest days of all human history. We are now faced with tremendous dangers; mighty forces of evil seek to destroy the foundations of human life and of society. But great as are those forces, the forces of good, which are at our command, are mightier, if we will but claim them. America has an opportunity today such as was never before given any nation. And the solution lies in the church, for the only safeguard of democracy is re

Just You Ride

More Than Half a Million Motorists Now Praise Their High Quality Light Weight Car-\$1395 (F. O. B.)

An Essex

No other proof is needed to win you to it. Thousands have placed their orders upon the demonstration revealed in a short ride. Its performance is so convincing that one

is not left with indecision as to its value. Consider What Thousands Say

On every hand you hear praise for the

Its newness created an interest that sent hundreds of thousands to Essex stores to see it. On the first day more than 5,000 rode and were won by its performance.

Every day of the past four months has seen a swelling tide of admiration, until now all are saying the finest things for it.

What Is It That They Admire?

Is it performance or appearance-low cost or economy of operation?

One speaks of one quality, another of some other feature.

That is accounted for by the experience those persons have had with other cars.

The man who has owned a good lightweight car recognizes in the Essex a wider power range. He sees a complete car. It has features he had never hoped to obtain in any car selling within his price range.

The man experienced with fine cars sees in the Essex an equal quality to that with which he is accustomed, but at an immense saving in operating and maintenance cost.

> It Has Appealed To All Motorists

Interest in the Essex has come from all classes of motorists.

That proves the fulfillment of the aim of its builders. They intended it should be the car that would embody all the advantages of the two accepted types of cars.

It should have lightness as well as durability-performance as well as low first cost -easy-riding qualities as well as economy of operation.

They did not sacrifice the advantages of either-they combined them.

That is what all have recognized. It is what we want you to know, and thus our statement "Just you ride in an Essex."
