TRANSIT BILL HELD UP BY HOUSE COMMITTEE

Scott Declares He Will Act to Discharge of Committee. Skirmishing Starts

By a Staff Correspondent Harrisburg, June 18.—Skirmishing in the impending fight on the transit bill which would permit the city to divert loan moneys voted for a specific transit purpose to finish or construct transit lines started in the House last evening.

Leaders of the Vare forces intimate that they will stage a fight today to get the bill back on the calendar despite the unfavorable action of the House committee. Director Twining in a letter to Governor Sproul virtually charged Senator Penrose with attempting to block the passage of the bill.

OMSK DISPUTE ADJUSTED

Explanations Clear Up Stopping of Semenoff's Train by Americans Omsk, June 18.—(By A. P.)—A conflict of authority between Colonel C. H. Morrow, commander of the American guard at Verkhni-Irinsk, in the Lake Balkal region, and General Semenoff, which threatened complications, has been adjusted amicably, according to official information here.

General Semenoff, who recently was appointed a colonel in the Siberian army, moved an armored train from China to Verkhni-Irinsk, where it was halted by Colonel Morrow. Semenoff made preparations to resist forcibly the further progress of the train. The incident was closed with mutual explanations.

LABOR LEADERS LAUD SEDITION BILL DEFEAT

Declare Measure Was Promoted by "Interests" and Would Have Throttled Speech

VARES SUPPORTED ISSUE

By a Staff Correspondent Harrisburg, June 18.—Pennsylvania will have no prohibition enforcement legislation unless Governor Sproul signs the Ramsey 25 per cent beer bill and such action on the part of the Governor is considered extremely doubtful.

The Ramsey bill was reported out last night by the Senate law and order committee following the defeat of an attempt to report out a duplicate of the Vickersman enforcement bill which was defeated last week in the House.

Senator Plymouth W. Snyder, of Blair county, a pronounced "dry," made the unsuccessful attempt to have the Senate act on the duplicate of the Vickersman bill. He asked for the discharge of the Senate law and order committee, a procedure unusual in the Senate.

"This is the king's business and the king can't wait," Senator Snyder just finished saying when Senator Samuel W. Salts, Philadelphia, rose to a point of order.

Mr. Salts said under the rules a committee could not be discharged from consideration of a bill until it had the majority of the Senate in favor of it.

Under the rules, which requires a two-thirds vote, Senator Barr, of Allegheny, seconded the motion. It lost by a vote of nine for and twenty-eight against.

M'CORMACK U. S. CITIZEN

Irish Tenor Rates Honor Above His Success as Singer

New York, June 18.—The night that he thrilled his first audience is incidental and the moment that he realized that his fame was world wide is of slight consequence. John M'Cormack, the Irish tenor, declared upon becoming a citizen of the United States.

The ceremony which made him an American took place in the State Supreme Court. He was accompanied by several friends. It also happened to be his thirty-fifth birthday.

When the court congratulated him, the tenor said: "I am glad to be an American citizen. I hope it says in its little coffin."

The Vare forces threw thirty of their thirty-one votes from Philadelphia to the bill, but failed to save it. Thirty-four Philadelphia members in all voted for the measure.

Representative Fowler, from Lackawanna county, a union labor man, led the fight on the bill. Mr. Fowler charged that the roll call had been "padding." Representative Ramsey was in the chair when he made his charge.

"If you pass this bill and apply the law as loosely as you have counted the roll, God help the wage-earners," was Mr. Fowler's challenge.

Representatives of the administration worked openly for the bill on the floor of the House, but it failed by three votes of a constitutional majority. One hundred and one members voted for it and sixty-four against.

POSTAL CO. YIELDS POINT TO END STRIKE

Will Permit Telegraphers to Return Accredited With Continuity of Service

CLIMAX REACHED TODAY

By the Associated Press Chicago, June 18.—The Postal Telegraph Company, with a view to ending the commercial telegraphers' strike so far as that company is concerned, today sent a notice throughout the country that strikers would be permitted to return "with continuity of service" up to and including June 20.

Officials of the telegraphers' union expect a decision today on the attitude of the American Federation of Labor is to take toward the strike.

President S. J. Konekamp, who is conducting the strike from headquarters here, said Percy Thomas, vice president of the union, who is attending the convention of the federation at Atlantic City, N. J., had wired him a decision would be forthcoming in a few hours as to the attitude Samuel Gompers and other federation officials would assume.

Mr. Konekamp said additions to the ranks of the strikers were being daily reported to him from various points and he estimated that 27,000 keymen were out.

Officials of the Western Union and Postal Companies said their business was being conducted without any appreciable trouble and that they regarded the strike as practically at an end.

Union officials say that in a number of towns electrical workers, particularly telephone operators, had gone on strike.

In northern and central California it is estimated 5000 girl operators and 1000 male employees are affected. Three

Paris, June 18.—(By A. P.)—Confidence in the government was voted in the Chamber of Deputies yesterday 349 to 157, following a tumultuous session during which the mutiny of the sailors of the Black sea fleet was discussed.

Closing the debate for the government, M. Pichon, foreign minister, declared the trouble was due entirely to Bolsheviki propaganda, and said the chamber "must decide between the democratic international policy and the policy of the socialists, who want France to abdicate before the Bolsheviki." The minister provoked a violent outburst from the socialists by declaring that, in his opinion, bolshevism was lost.

Jules Delahaye, a Royalist deputy, created a violent scene by declaring that foreign money was being used for propaganda work in France, and that the Socialist party had assumed the task of circulating it in the navy, notably at Odessa and Sebastopol.

Ford, secretary of the International Brotherhood of Electrical Workers, with headquarters at Springfield, Ill., said the California strikes were due to failure of telephone company officials to comply with Postmaster General Burleson's order last Saturday granting the right of collective bargaining.
