HOSPITAL HEAD FIRM ON RESIGNATION ACT

Hewes Says He Has Not Been Asked to Reconsider and Would Not if Requested

FOUR DOCTORS WILL QUIT

Superintendent S. S. L. Hewes, of the West Philadelphia Homeopathic Hospital, has not been asked to reconsider his resignation by the board of trustees of the institution, he said today, and he would not resume his former duties permanently even if they were desired.

Mr. Hewes offered his resignation last week as a result of a misunderstanding which arose when the state held up the full share of the appropriation for the institution. He returned to the hospital this week.

"I was asked to come for the time being and take charge until things are straightened out," he explained, "but under no conditions would I remain here permanently, for my other business responsibilities must be given my entire attention."

"Because of the recent resignations things have been somewhat upset, and I felt that I should take charge again, for a few days at least, and I am always ready to do that for an institution which has done much for me."

As an outcome of a meeting of the board of trustees of the hospital last Tuesday, the vice presidents, secretary and chief of staff, the director of nurses, the bookkeeper and four members of the medical staff of the hospital resigned last night at another meeting of the trustees.

The blanket resignation of the officials was made as a protest against an alleged discrimination against them at Tuesday's meeting, when the outgoing trustees were entirely ignored, and a printed ballot slip containing the names of nine new members was circulated. It was said that each of the officials named on the new slip had only been associated with the hospital for a few days. There was a solid vote in favor of the new ticket, and the only official remaining is Mr. Harris.

Samuel Graham, Jr., president of the Drovers and Merchants Bank and first vice president of the hospital; Harry Sieber, president of the Parkway Trust Company and secretary of the hospital; Miss Ruth Gibson, director of nurses, and Miss Leaf, bookkeeper, were those who resigned.

The four physicians who desire to leave are Dr. William McKenzie, chief of staff; Dr. James B. Buckley, acting superintendent; Dr. Harry D. Evans and Dr. William D. Culin.

BOY SCOUT DRIVE LAGS

Enroll Only 1000 Associate Members—43,333 Was Total Expected

One forty-third of the entire quota of the 43,333 associate members in the Boy Scout campaign here has been received. Troops are sending in reports indicating that each member of the troop has not received six associate subscriptions for which he was responsible. As the drive is behind its quota, it will be continued. The new members to date total 1000.

E. Urner Goodman, scout executive, asserted, however, that the reports received so far do not indicate the success or failure of the drive. Troop reports are slow in coming in, but Troop 94, organized two weeks ago, reports eighty-four associate members. Troop 19 obtained a similar amount.

WISE WOMEN VOTERS SEEN

Suffragists Declared to Have Gained Valuable Experience

Lessons drawn from teamwork, practiced by the suffragists during their long fight for the suffrage amendment in Congress will be of inestimable value to them in the exercise of the ballot, said Mrs. Lawrence Lewis, chairman of the Pennsylvania Branch, National Woman's Party, today.

Mrs. Lewis, after helping bring about ratification of the amendment in Harrisburg, gave out this statement from the party's headquarters here:

"As six state Legislatures have ratified the federal suffrage amendment within the last two weeks, and as several more victories in other state Legislatures are already in sight there is a real joy in the work before us. After the long and tedious state campaigns and the many unsuccessful attempts to get our amendment through Congress, it is most gratifying to feel that every step forward is one finally taken, and that complete victory is sure to come."

"We have learned in the best and truest sense what teamwork means, and shall no doubt find this lesson helpful when we begin to use the tool for which we have worked both hard and long."

What makes "Y and E" Fire-Wall Steel Filing Cabinets three times as fire and heat-proof?

It's the "Built Like a Safe" principle.

A single steel wall heats up in a fire. "Y and E" discovered that years ago. So "Y and E" uses a double wall, with asbestos and dead air chambers between.

This fire-wall construction—two walls of steel and one of asbestos—runs all around the "Y and E" Cabinet: front, back, sides, top and bottom.

Yet "Y and E" costs no more than other equipment.

CHARGES ARE FLUNG AGAINST PARK BOARD

Sabbath Association Invokes Aid of District Attorney to Block Sunday Sports

OTHERS TO SUPPORT FIGHT

Members of the Fairmount Park Commission are charged with encouraging citizens to break the laws of Pennsylvania.

The charge has been made by the Sabbath Association. This organization obtained permission yesterday to use the name of the commonwealth in filing a bill of equity petitioning the court for an injunction against the park commissioners to take place in the park seven days a week.

Elton J. Buckley, counsel for the Sabbath Association, prepared the bill. Mr. Rotan signed it yesterday and it will be filed in a day or two. An early hearing is to be asked.

On learning of the action of the Sabbath Association today Theodore Justice, a member of the commission, said:

"I believe that men and women coming in offices and factories should, after returning from religious worship on Sunday, have opportunity to use the public playground in the park. Such exercise promotes healthy bodies and healthy minds. I think that the Saviour would have taken the same action had He been in our position."

The Lord's Day Alliance of Pennsylvania and several other organizations of similar nature will join with the Sabbath Association in fighting the case. It is understood further that a committee of clergymen and laymen will figure in the proceedings.

Mentioned in connection with this committee are Bishop Joseph F. Berry, of the Methodist Episcopal Church; the Rev. Dr. Floyd W. Tomkins, of the Church of the Holy Trinity, Rittenhouse square, and the Rev. Dr. Russell H. Conwell, head of Temple University.

Prominent lay members of the Methodist Episcopal, Presbyterian, Baptist and other denominations are said to be ready to lend their influence and to appear as witnesses in the injunction proceedings.

Joseph H. Taulane, assistant district attorney, said that the Sabbath Association does not desire to take criminal proceedings against the park commissioners, but that the customary permission was asked of the district attorney to use his name in entering an injunction petition.

Previously an effort had been made to carry the fight through the office of the state attorney general, but that officer declared the matter to be local and a matter for Mr. Rotan.
