

LEAGUE OPPONENTS SCORED BY PALMER

Attorney General Says Conditions Have Changed Since Washington's Time

PRaises GOVERNOR SPROUL

By a Staff Correspondent

Harrisburg, June 25.—Opponents of the league of nations were scored by Attorney General A. Mitchell Palmer last night in an address before the state Senate.

The attorney general did not mention the league of nations, but there was no mistaking what and who his attacks were aimed at.

Another portion of the attorney general's remarks were interpreted as an endorsement of the administration's anti-secession bill.

Judge Bonniwell, Municipal Court, Philadelphia, Democratic gubernatorial candidate last November, made public a letter Monday night before the vote on the bill was taken, severely attacking that measure.

In his letter Judge Bonniwell mentioned Attorney General Palmer and Vance C. McCormick for failing to oppose the bill as Democratic leaders, and declared they had "abandoned their functions."

Regarding the league of nations, the attorney general said:

"We must agree that the world has indeed become small. Means of transportation and means of communication have made this world a little world. Why a new revolution in Russia tonight, an outbreak in northern Siberia today, the discovery of a new diamond mine on the west coast of Africa, the passage of a reform measure in the Parliament of New Zealand today will be all matters of interest because read and known by civilized men everywhere at their breakfast tables tomorrow.

Men Refuse to See Conditions

"These are conditions which the war has brought about and the perfection of inventions which the war demanded has made more apparent to the people of the world that they are conditions we must consider whenever we undertake to legislate for state and nation in the future, and yet there are men who refuse to see them.

"There are men who still argue for the old doctrine of aloofness from the rest of the world. There are men who say they subscribe to a spirit of nationalism, which is nothing but a confession of ignorance of present world conditions.

"America is so close to Europe, so close to the Orient, that a war in the Balkan states or an uprising in China affects our interests as they never could before.

"In Washington's day when he argued that we should attend to our own knitting, stay here at home and be careful not to mix in the affairs across the sea, London was four months away. Today London is nearer to Washington than Mount Vernon was to the site of Washington when the father of his country lived there.

"We have got to remember these things and realize that our peace, our happiness and our prosperity depend upon the peace, happiness and prosperity of the rest of the world and we can no longer play the laggard part, as we have entangled ourselves with European affairs by sending the greatest army the world has ever known to settle the greatest war in history.

Have Always Fought for Peace

"So we must mix in the world's affairs by sending the power of the American people for peace into every corner of the world. The things for which we fought when America went into the war were the things for which America has always fought, liberty for America and for peace."

The attorney general stopped off on his way here to Bedford Springs to attend the meeting of the Pennsylvania Bar Association and was the guest of Governor Sproul in the executive mansion.

In opening his remarks he paid a tribute to Governor Sproul, whom he termed "a great Governor," and declared the Legislature had performed "a creditable work" in passing radical changes in present-day laws through a peaceful method.

HAMBURG RIOTERS KILLED

Troops Open Fire on Mob Trying to Disarm Them

Copenhagen, June 25.—(By A. P.)—Serious rioting occurred at Hamburg on Monday and Tuesday when mobs attacked food preserving factories, it being alleged that the bodies of dogs and cats had been found in them. The managers were dragged to the streets and roughly handled. The war provision department also was attacked and its office wrecked.

The mob tried to disarm troops marching through the streets and the latter opened fire, a number of persons being killed and wounded.

GERMAN CONSPIRACY TO ATTACK IN EAST, REPORTED BY POLES

Reveal Wire Saying Teutons Will Secretly Aid Strife—Army Nears Petrograd

Paris, June 25.—(By A. P.)—The Polish high command has forwarded to Premier Clemenceau a copy of a German official telegram, which it intercepted in Silesia. The text of the telegram is as follows:

"Posen, June 21.—The government will sign the peace treaty. Nevertheless, Horsing, in Silesia, and Wig, in western and eastern Prussia, will proclaim war against the Orient. The government officially will oppose, but semi-officially will support, the business in every way."

Horsing and Wig are the Prussian high commissioners in Silesia and East and West Prussia respectively.

The Polish command points out that, in order to prepare them for the results of these maneuvers, the Germans advised them from Versailles that, notwithstanding their efforts toward pacification, civil war appeared inevitable to them.

Helsingfors, June 25.—(By A. P.)—Russian volunteer white guards have occupied Peterhof, nineteen miles from Petrograd, according to a report received here.

Copenhagen, June 25.—(By A. P.)—An Estonian official communication received here yesterday says the Estonians have recaptured the towns of Wenden and Reeper from the German Landwehr and are advancing along the whole front.

HAMBY FOUND GUILTY

Death Sentence Coming to Man Who Killed New York Bank Workers

New York, June 25.—Gordon Favett Hamby, alias Jay B. Allen, confessed slayer of two employees of the East Brooklyn Savings Bank in a hold-up last December, was convicted of murder in the first degree yesterday afternoon in the Brooklyn Supreme Court.

Death by electrocution is the arbitrary penalty for first degree murder in New York state.

Hamby, who is wanted in connection with bank robberies in Omaha, Chicago, St. Paul, Los Angeles and Oklahoma, according to District Attorney Lewis, was remanded to jail for sentence next Thursday.

THREAT WARRANTS ISSUED

Millionaire Charged With Intimidating Dunkards to Buy Bonds

Delphi, Ind., June 25.—As a result of alleged activities in calling on Dunkards in Carroll county, Ind., threatening them with violence and demanding that they buy government bonds issued to meet war expenses, bench warrants were issued yesterday against several prominent Delphi citizens.

Among them was John U. Shanks, president of the Bank of Camden, reputed to be a millionaire. The charges are malicious trespass and rioting. The Dunkards visited by masked men said they were opposed to war and had not bought bonds to support a war.

KEEP ARMY STRONG, CLEMENCEAU WARNS

Points to Scuttling of German Fleet in Declaring Demobilization Should Be Slow

ELECTIONS IN EARLY FALL

By the Associated Press

Paris, June 25.—Premier Clemenceau appeared in the lobby of the Chamber of Deputies yesterday and members pressed the question as to the government's intentions regarding the elections and the demobilization of the army. The premier said that the elections would be held at the earliest possible date, possibly late in September or early in October. He said that the government's principal concern at present was demobilization.

"Although it is desired that demobilization may be as complete and rapid as possible, the government is obliged to take into account the circumstances at present and the state of mind of the Germans," he said. "To understand the spirit in which Germany is about to sign the treaty, it is only necessary to consider the scuttling of the German fleet in Scapa Flow and the more recent destruction of German ships at Kiel. Consequently precautions are necessary and an army of a certain importance must be kept to enforce, if necessary, strict observance of the conditions of the treaty by the Germans, particularly the one regarding the evacuation of Poland, with which the Germans seem reluctant to comply. Besides, peace with Bulgaria and Turkey will not be concluded for several months."

As the elections cannot be held without receiving the votes of soldiers, the premier is considering a scheme that will enable them to vote by mail or which will permit special leaves to be granted to the men.

Premier Clemenceau's statement concerning the probable date for general elections is interpreted by a number of newspapers as meaning that the premier will not retire shortly, as had been reported.

COMPENSATION BILL PASSED BY HOUSE

Amendments to Act Favored by Administration and Labor Leaders Approved

VOTE IS 159 TO NOTHING

By a Staff Correspondent

Harrisburg, Pa., June 25.—All opposition to the amendments to the workmen's compensation act favored by the administration and labor dropped when the measure came up for final passage in the House last night.

The bill passed the House without amendment in the shape which it came from the Senate. Manufacturing interests gave up the fight against the measure and departed from Harrisburg when they learned that the battle was hopeless.

An ultimatum by Senator Vore that he would stand by the amendments "as favored by the Governor and labor" ended the fight on the bill. If the fight had been carried to the floor of the House Representative John R. K. Scott, Vore floor leader, was to have attacked opponents of the measure with Joseph R. Grundy, president of the Pennsylvania Manufacturers' Association, as his special target. No debate marked the final passage of the bill through the House. The roll-call showed 159 votes for and none against.

The amendments provide for increasing compensation from 50 to 60 per cent. Medical service is increased from two weeks to thirty days.

Fees allowed physicians in compensation cases are increased from \$25 to \$100. All distinction between minor and major operations are removed.

SAVE BILLION ON CONTRACTS

Half of Liquidation of Army Work Was Without Loss

Washington, June 25.—(By A. P.)—"Purchase and storage" contracts outstanding June 1 aggregated \$107,000,000, against more than \$1,000,000,000 when hostilities ceased, according to a War Department report issued today.

Of the 17,000 contracts which have been liquidated more than half were settled without cost to the government, suspension having caused the contractors no loss. It is estimated that half destruction of war contracts has saved more than a billion dollars, and contracts still to be liquidated will result in additional savings of more than \$1,800,000,000.

Winnipeg's General STRIKE CALLED OFF

All Men Ordered to Return to Work Tomorrow Morning

SIX WEEKS OF STRIFE ENDED

By the Associated Press

Winnipeg, Man., June 25.—After six weeks of industrial strife, Winnipeg's general sympathetic strike has been called off. Shortly before midnight last night the central strike committee came to an agreement to order all men back to work tomorrow at 11 a. m.

Similar announcements came from Calgary and Edmonton, Alta., where strikes had been called in sympathy with the Winnipeg walkout. The production also was made by strike leaders in Vancouver and Victoria, B. C., that the sympathetic strikes in those cities would be called off today or tomorrow.

According to the announcement, the calling off of the strike is unconditional. Conferences of labor leaders yesterday with Premier Norris, of Manitoba, and other provincial officials failed to obtain any concessions, but it was indicated that a commission of investigation would be appointed after the strike was called off. It is said that H. A. Robson, K. C., formerly judge of the king's bench, will be the only member of the commission. He is in Ottawa at present.

Waterbury, Conn., June 25.—(By A. P.)—Waterbury strikers have refused to accept the offer of the manufacturers for a raise of ten cents an hour for all employees with an eight-hour day and time and one-half for overtime. The strikers want a greater increase in wages with recognition of their union.

At an open-air meeting of the 6000 strikers held this afternoon, the strikers voiced their disapproval of the terms of the manufacturers.
