

HUNGARY CRUSHES OUTBREAK BY REBELS

Bela Kun Wants Allies to Keep Hands Off Budapest—Believes Communism Will Win

LENINE HIS 'GREATEST MAN'

By the Associated Press
Berne, June 27.—A counter-revolutionary movement in Hungary, during which a monitor on the Danube was seized by the anti-government forces, has been put down, according to advices to the Vienna correspondence bureau from Budapest.
The messages indicate that the counter-revolutionary movement developed Tuesday. The officers who took possession of the monitor used the vessel's guns for bombarding the Soviet headquarters, while numbers of their supporters on the banks of the river, it is declared, cheered for the cause of royalty. There was considerable rifle and revolver firing, during which numerous persons were wounded.
A Budapest dispatch to the bureau filed on Thursday, stated that the government had been quelled and order restored. In referring to the outbreak, Hala Kun, the Soviet Foreign Minister, is quoted as recommending harsh measures to the central executive committee.
"The present weakness of the dictatorship is responsible for these troubles," he declared. "The bourgeoisie must be crushed without mercy. To proclaim kindness and leniency would be to shake the confidence of the proletariat. We do not want equality, but the dictatorship of the proletariat."

Budapest, June 23.—(By A. P.)—"The allied policy toward Hungary should be one of non-interference in our internal affairs and the Allies should raise the blockade," Bela Kun, foreign minister of the present Hungarian Government, told the Associated Press correspondent today in discussing assertions that Hungary had been interfering with the affairs of the Austrian republic.
Minister Kun also expressed confidence that communism would succeed in Hungary.
Resuming his discussion of the reported friction with the Austrian republic, he said:
"It is altogether untrue. Austria is seeking with this allegation to deceive the public so that it may be enabled to continue the domination of Hungary by capitalism. It is also untrue that we bought guns and rifles from the Italians."

Kun is Man of Peace
"Our policy is peace. Sooner or later our frontiers, now impossible, will be altered, when the Allies understand the situation better and when they realize that the best policy is peace, dictated by reason."

So far, the policy of President Wilson has not been adopted because of French opposition. For the present we are not going to stand on a question of political frontiers, but of economic ones, which alone make life possible for us.
Premier Lenine, of Russia, is not dictating our internal policy. We are merely following his ideas that principles should be altered to meet changing circumstances.

Communism Will Succeed
"Yes, communism will succeed here," he said, in answer to a question. "We now are in a period of transition, going back toward socialism."

Asked if Hungarians wanted communism, he said:
"The majority is passive, but the minority is active. Anyway, it is impossible for us to work under capitalism, even with the latter passive."
"I know the Germans will sign the peace terms, and I am glad of it, for it means a revolution in Germany. After such a peace capitalism will be incapable of organizing production there. Nor would it pay, politically, to try to do so. Peace is the last resort of capitalism, but it will bring class war and revolutions in other countries, as foreseen by Lenine, who is the greatest man in the world."

GERMAN REPORTER FREED

French Release Alleged Thief With Peace Delegation
Paris, June 27.—(By A. P.)—Herr Scheurmann, correspondent of the Deutsche Tageszeitung, who was arrested at Versailles on Wednesday evening, has been released from custody. The case is explained in the report made yesterday to Premier Clemenceau by M. Ignace, under secretary of justice, who says a warrant was issued in the regular way by the War Council of the room on a charge of larceny of property of a French officer at Charleville.
The arrest was duly carried out, says the report, since the correspondent, as a journalist with the German delegation, in no wise enjoyed diplomatic immunity.
The minister of foreign affairs, however, points out that it is inexpedient to proceed with the charge, although admitting there was a case against Scheurmann. To avoid difficulties, therefore, Scheurmann was discharged and the department has reserved the right to take judicial action later.

LABOR TROUBLE IN FRANCE

Postal Workers Consider Action to Get Increased Pay
Paris, June 27.—(By A. P.)—The committee of federal postal workers met today to consider action in connection with the demands of government telegraph and cable operators who closed work for a number of hours yesterday to emphasize their insistence on increased wages.
The committee appealed to its membership in the interest of union discipline, to abstain from isolated demonstrations, but to hold themselves in readiness for a movement of wider scope, which the federation might decide upon. The committee also asked the government to grant by a parliamentary vote increased pay before July 20.

OMSK ENVOYS CROSS U. S.

On Way to Washington to Arrange Credits for Kolchak
Seattle, June 27.—(By A. P.)—On their way to Washington, London and Paris, O. Kulish and A. Leva, financial commissioners of the Omsk Government of Siberia, left here yesterday after arriving from the Orient Wednesday.
The two said they hoped to arrange for financial adjustments and credits between Admiral Kolchak's government and England, France and the United States.

SHOTS FIRED OVER BORDER

Mexicans Attack American Cavalrymen Near Nogales, Ariz.
Nogales, Ariz., June 27.—(By A. P.)—A party of six Mexicans fired upon a cavalry patrol four miles west of here late yesterday. The Americans returned the fire. No Americans were injured. The cavalrymen were without orders to cross the border line and sought cover when fired on. About a dozen rounds were fired at the Mexicans, who were concealed in brush. Whether the Mexicans were identified with any revolutionary band could not be determined.

HAMBURG PLUNGED INTO BATH OF BLOOD

Machine Guns Bark in Streets and Spartacus Rule City

ALL GERMANY SEETHING

By the Associated Press
Berne, Switzerland, June 27.—The general situation in Germany is becoming steadily more serious, according to the latest dispatches. The railroad strike, it is reported, is about to extend throughout the whole country.
Spartacus do not conceal their belief that their hour has come, in view of the transportation strike and poor food supply. Some reports state that famine appears imminent. On the other hand, it is said, a counter-revolution seems to be brewing in the east and the news from there is increasingly alarming. The Spartacus are in control at Hamburg.

Paris, June 27.—(By A. P.)—The American Relief Association here has received a dispatch from Colonel Ryan, sent from Hamburg on Wednesday. It says:
"There was considerable street fighting last night and this morning between government troops and civilians. Machine guns were used on both sides and a number of persons were killed and wounded. Rumors indicate that the government troops are temporarily losing ground. Additional troops are reported coming from outside the city."
The American destroyers *Bernardini* and *Yoshida* are here and the food ship *Ellat* is also in Hamburg harbor. The *Roma*, another food ship, is coming up the river.

The dispatch says American relief workers are not disturbed and will continue work.

Hamburg, June 26 (delayed).—(By A. P.)—The commission of twelve, now in control of the city, has issued

a statement regarding disorders here, which reads:
"Again blood has flown in Hamburg. Out of spontaneous disgust at shameful adulteration of foodstuffs there has grown a steady movement of protest which the Hamburg government thought to choke in blood. It was volunteers from Ahrenfeld, a suburb of Hamburg, who, in conjunction with Hamburg police, brought about the bath of blood."
"Throughout all Germany in the last few days there have been spontaneous tumults that have not been political in character, but have been born of desperation on the part of starving people forced to pay money for the spoiled, uneatable, horrible foodstuffs sold in order to poison those who retained their health to a certain extent during the fearful world's murder."
"The occurrences at Hamburg, Lubeck and other cities were only possible because private capitalistic profiteers had been able to exercise control over

the working people. Meanwhile there has been setting in a reaction that will operate spontaneously for the benefit of workmen. We urge you to remain cool and to undertake nothing that might cause difficulty among Hamburg industries and thus immediately establish some basis for action."
"Out of Hamburg with the troops! Down with senators who shoot workmen!"

Engineer Fatally Hurt in Crash
Scranton, Pa., June 27.—(By A. P.)—Charles Hester, a locomotive engineer, of Lanesboro, Pa., was fatally injured last night when a boxcar on an Erie Railroad train jumped the track, crashing against a Delaware and Hudson engine running light. Hester was thrown from his seat, and in falling his neck was caught in the lever, where he was held fast. His fireman jumped and escaped unhurt.

WILLIAM M. MURPHY DEAD
Was Irish Nationalist and Builder of Railroads
Dublin, June 27.—William Martin Murphy, formerly a Nationalist member of Parliament, died here yesterday at the age of seventy-four years.
Mr. Murphy came into prominence in the autumn of 1913 when he assumed the leadership of business interests affected by the Syndicalist strikes. He was regarded as the backbone of the em-

ployers' resistance to the demands of the strikers. During the later years of the war he held the chairmanship of the finance and general purpose committee of the Dublin Castle Red Cross Hospital.
He directed the construction of railroads in the Gold Coast Colony, West Africa. Among railroad interests with which he was identified were the Dublin United Tramways Company, of which he was chairman, and the Great Southern and Western Railway of Ireland, of which he was one of the directors.

SCHEIDEMANN SKIPS OUT
German Ex-Chancellor in Switzerland "for Health," He Says
Geneva, June 27.—(By A. P.)—Philipp Scheidemann, former German chancellor, arrived in Switzerland last night, according to the National Zeitung, of Basle.
The Swiss federal authorities have granted him permission to remain in the country for ten days on account of his health, it is said.

1-2-3 NON CARBON MOTOR OIL

Quality Always

QUALITY has ever been the Sonneborn watchword—not "how much oil can we produce?"—but rather "how good an oil can we make?"

Amalie 1-2-3 Non-Carbon Motor Oil is the result of fifteen years of ceaseless research on the part of Sonneborn scientists. It meets the most exacting tests of manufacturers of automobiles, motor trucks and tractors.

Use Amalie 1-2-3 in your car. Note how smoothly your motor purrs. You'll notice increased power. Carbon can't choke up your cylinders, for Sonneborn scientists have cut the percentage of carbon in Amalie 1-2-3 to the irreducible minimum.

Amalie 1-2-3 may cost a trifle more. It's worth a whole lot more. Ask your dealer or garage for it and insist that you get the genuine. If unable to secure Amalie Oil at your dealers, just telephone our Philadelphia Office.
