INDEPENDENTS ACT ON LOAN CUT MONDAY

Conference to Decide if Gaffney's \$12,970,000 Proposal Will Be Acceptable

Members of the Independent Comptroller Association will decide Monday evening whether or not to accept the ultimatum of the administration forces fixing the size of the proposed compromise loan at \$12,970,000.

Mr. Burch said today that he had been informed of the total fixed by Joseph P. Gaffney, after conference with Senator Vare and Select Comptroller Charles Sizer and that the amendments would be taken up by him.

The twenty-nine members of the authority have always insisted on the lack of necessity at this time for the compromise loan.

On this and other items in dispute Mr. Burch conferred today with Comptroller Thomas Blount and Select Comptroller William Horn, the committee chosen to report on loan matters so that some agreement can be reached before Councils meeting next Thursday.

The loan will be for \$12,970,000, of which \$10,000,000 will be in bonds. This ultimatum has been issued by Mr. Gaffney following conference with Senator Vare and Mr. Sizer.

He says he is as opposed to the compromise loan as he is to any other financial measure. He says that the compromise loan would be a failure.

The following table shows the distribution of the \$12,970,000 loan:

Fireworks, whistles and bells merely intensified their sounds when news reached Media that the German envoys had signed the peace treaty.

Included in the parade were more than 1500 marines, soldiers, sailors, a wreathed lion in memory of the dead; wounded soldiers in automobiles, members of the G. A. R. in automobiles.

Five men were arrested in connection with the robbery, but all asserted that they were not concerned in it. The prisoners, according to the police, were found on the sidewalk nearby.

Although Mr. Bayard declared that none of the men arrested participated in the hold-up all were held in \$800 bail each for a further hearing.
