## As Soon as the Wires Brought the Message of the Signing

they also rang the bells of joy in every human heart in America without a thought or consideration of creed, country or color because the signatures of appointed representatives of the nations of the world had been set to the

### Proclamation of Peace

born in honor, and sealed by the blood of the heroes who died to secure it.

The 4th of July and the 28th of June for all time will be spelled with stars the globe around.

This international event goes down in our historical records as having been observed in the Grand Court of the Eagle, by the following program, arranged a week beforehand, led by the Grand Organ and the Military Band of the house.

(It may be useful in arranging other celebrations elsewhere.)

1. The J. W. C. I. Buglers played "To the Colors" as the great American flag was drawn into position in the Grand Court, and the organ followed with the "Star Spangled Banner."
2. The "Recessional" ("God of Our Fathers—Lead We Forget")
3. Medley of the songs of the Allies.
4. Song of Thanksgiving ("Come Ye Thankful People, Come").
5. "Messiah of the Nations."
6. Brass quartet playing from the Sixth Floor with aerial organ accompaniment, "The Doxology."
7. "Lead, Kindly Light," with chimes accompanying.
8. "The President's March," by Svendsen, by the J. W. C. I. Military Band and the organ.
9. "A Long, Long Trail."
10. "Stars and Stripes Forever," followed by "America," by the band and organ.

A great patriotic deed, nobly done, must now be woven into the warp and woof of the life of every true American.

## Men—You Have Only Three Days to Get Ready for the Greatest Fourth of July in History—Since the First One

It is a very natural thing for men to want to feel at their best and to look their best on this coming Fourth of July, 1919. There is no need to go into the reasons for this. The thing is for all of us to get as much safe and sane joy out of the day as we can. To do this, we must put as much safe and sane joy as we can into it.

You must know as well as we do the part that proper clothes play in any celebration. Ninety-nine per cent of you will wear suits that fall into three categories—tropical suits of light, thin woolsens, or tropical suits of Palm Beach, mohair or breezeweave materials, or flannel trousers with a coat of whatever appropriate color appeals to the individual. No matter how many other stores may have good clothing of this kind, there is one Store in which you are sure of finding it at its best.

Palm Beach, mohair and breezeweave suits are \$18 to \$35. Tropical worsted and cheviot suits, light weight and open in weave, \$32 to \$65. Good tailoring is the mark of every suit in both groups.

As quaint as they are charming and there is just a suggestion of the picturesque saques and dolmans of some fifty years ago. It is evidently the way styles are turning for the Fall.
