### **Making Customers**

Concerns of size and age value most the creation of permanent customers.

The motto of the old-time circus was "Get their money and get them off the lot."

The difference in the point of view is a matter of "repeat orders."

We know a manufacturer of shoe-blacking whose first appropriation was \$7,000 for a year's advertising. Within five years his annual expenditure of earned

money had increased to \$367,000. To insure the success and permanent growth of its customers, if for nothing else than self-interest, great newspaper and magazine publishers recommend the

services of competent advertising agencies. Our experience is at the command of those firms whose business promises permanent success.

Advertising space in the Butterick publications is for sale through accredited advertising agencies.
