WEATHER Fair

Only Two More Shopping Days Before the Greatest Summer Holiday

The City of Franklin, the Peacemaker

of Revolutionary times, accepts thankfully the work of the peacemakers at the Court of Versailles, subject, of course, to the approval of the powers that be at Washington.

Philadelphia did herculean work in waging war, and Philadelphia will now do herculean work in waging a lasting peace.

Much must be said in praise of those who have laid out the first chart of peace. It cannot be possible that any one man on either side of the sea has the power to put in jeopardy the safety of a nation.

To many of us, to the manor born, the Monroe Doctrine, enshrined in our national life, has been regarded with a kind of sanctity.

We believe that American common sense and energy are equal to every emergency.

The Star Spangled Banner is our flag and justice is our ideal.

Let the discussions of the present situation be calm, careful and speedy.

Learned a Lesson From His Baby's Shoes
The other day a man came into our Shoe Store and asked to try on a pair of

He said he had been buying Anatomiks for his child ever since it was a baby, but had thought they were merely designed to shape growing feet and did not know they were made for adults. This man had been having his shoes made to order for 25 years to correct so-called "flat feet." Recently a friend told him of the great comfort to be had from Anatomik shoes, and he at once recalled how fine they had been for the baby.

You don't have to have foot trouble to be benefited by Anatomik shoes.

And you need not fear they will look like corrective shoes, as they are made in good styles.

Men's Anatomik shoes, \$12.50 to \$18.

Women's Anatomik shoes, \$12 to \$18.
