TWO MORE AMERICANS SLAIN BY MEXICANS

Killings in 17 Months Now Total Eleven, State Department Learns

OTHER CRIMES NUMEROUS

Washington, July 5.—The killing of two Americans in the Tamuico district of Mexico, announced within the last two days by the State Department, brings up the total number of killed to eleven during the last seventeen months. The names and dates of these killings of Americans, as compiled in the State Department for submission to the Senate, is a list admittedly incomplete, as there have been several deaths in the southern part of the district that have not been officially reported and concerning which details are lacking.

The complete list of outrages, robberies, attacks on American men and women and the attempted holdups, murders and other atrocities reported to the State Department would fill four columns of newspaper type. The list of authenticated murders, with dates, follows:

February 21, 1918 — Paymaster House, of the Texas Oil Company, killed on launch in Chiloi canal. Paymaster Minnet, Doctor Brisbane and Walter Prather, all Americans connected with the Island Oil Company, who came to the aid of Mr. House, were wounded. The Mexicans obtained about $7000 of the payroll money.

June 29—Alfred Esparola, machinist; L. R. Millard, assistant cashier; L. A. Dunn, warehouse clerk, and H. M. Cooper, commissary clerk, all Americans employed by the Mexican Gulf Oil Company, and Natividad Flores, a Mexican foreman, were killed by five armed Mexicans four miles above the Fiscal wharf at Tampico. The Mexicans obtained $5562.40 American money.

July 24.—A Porto Rican pipeline foreman, name unknown here, of the Cortez Oil Company, was killed by Mexican marauders.

July 31—A. W. Stevenson, cashier of the Texas Oil Company, shot in the back and killed as he was bending to open the safe at the demand of the Mexicans.

December 17—J. M. Franklin and W. H. Rose, of the Trans-Continental Company, disappeared. The bodies were found some weeks later on an island in the canal, showing that they had been shot.

June 17, 1919—John W. Correll shot by Mexicans on his farm near Colonia, his wife outraged and his son wounded.

July 1—LeRoy Moye murdered by Mexicans.

The Tepetate district, where LeRoy Moye was murdered last Tuesday, has been controlled by the Carranza forces since Carranza came into power. This district has been one of the most seriously affected parts of the oil fields.

El Paso, Tex., July 5.—Villa either killed or took prisoner the entire garrison of forty home guards at the town of San Andres when he entered that town last Tuesday, according to advices received here. Among the killed was the mayor of the city.

The advices came through official channels to Andres G. Garcia, Mexican consul general here.

San Andres is twenty-five miles southwest of Chihuahua City.

MAN, 83, KILLS SON-IN-LAW

Police Believe Civil War Veteran Is Mentally Deranged

Brocton, July 5.—Henry Seipel, eighty-three years old, has confessed to the police he killed his son-in-law, Alfred W. Raymond, forty-six, with an ax at their home last Tuesday, he said he did it because he was afraid Raymond was "trying to poison the people in the house."

Though Seipel, a Civil War veteran, will be arraigned in court today, the police declare they believe him to be mentally deranged. Raymond was found dead on a couch by his wife.

As he is alleged to have related the story of the killing, Seipel held the ax over the son-in-law's head as he asked: "Are you going to poison us?" When the latter laughed he struck. The ax was found under steps where Seipel said he hid it.

National Educators Outline Defects in Social Life

Milwaukee, Wis., July 5.—The resolutions committee of the National Association in its report to the convention yesterday outlined serious defects which it declared prevalent in the national social and industrial life and suggested remedies which delegates said take the most advanced stand ever outlined by educators in this country.

Concerning the need for compulsory civic, physical and vocational training, the report said in part:

"We urge the government of the United States to institute and maintain a full twelve-month year of instruction, training and discipline for each young man and woman between the ages of seventeen years and six months and twenty, such training to be carried on at such place and in such manner as may result to the particular advantage of the individual in the development of civic responsibility and vocational efficiency and to bear the entire expense of this undertaking including adequate maintenance allowance for the dependents of such students in training."

CLEMENCEAU GREETS JERSEY CINCINNATI

French Premier and Field Marshal Haig Send Messages to Society

HAIG PRAISES U. S. TROOPS

Spring Lake Beach, July 5.—Messages from Premier Georges Clemenceau, of France; FieldMarshal Sir Douglas Haig, of the British armies; Premier Robert Laird Borden, of Canada, and General Pershing were read yesterday at the annual meeting of the New Jersey Society of the Cincinnati at the Essex and Sussex Hotel, the society's 137th annual reunion.

"To the Society of the Cincinnati, which formerly numbered among its guests those Frenchmen who were fired with the love of liberty and independence, I address the cordial and affectionate greeting of the Frenchmen of the twentieth century," said the cablegram received from Premier Clemenceau. "They have been happy to fight as of old, side by side with the armies of the United States in the great struggle for the liberty of the world and the independence of the people."

Field Marshal Haig's message expressed the hope for a strengthening of the friendship between the United States and Great Britain which was born of the war. He said:

"I am very glad to send to the Society of the Cincinnati, on the occasion of their July meeting, a message of congratulation upon the successful outcome of the great struggle in which the American and British troops fought side by side. I hope that the sympathy and good fellowship born of our companionship in war will be continued and strengthened during many years to come."

General Pershing, unable to attend the meeting, sent a letter of regret.

CAPITAL UNDER GUARD

Washington Watchful Against Reds on National Holiday

Washington, July 5.—Every possible precaution was taken in Washington yesterday to prevent possible anarchist outrages. All public buildings and the homes of public officials were guarded, and individuals suspected of anarchistic tendencies were under close surveillance.

William J. Flynn, director of investigations of the Department of Justice, stated that while the department had no information that a nationwide plot contemplated outrages on Independence Day, nothing had been left undone to prevent a possible outbreak.

The city police, cooperating with federal authorities and augmented by members of the home defense league, instituted automobile patrols throughout the residential district.
