Now You May Eat More Beef and Lamb

ZII XOZIINILIZ KUNIZ KUXOZINILIZ KUXOZINILIZ KUN

The war is over; and all restrictions on meat are off.

Now you may eat all you want with a free conscience—beef, lamb, veal—three times a day if you wish.

You have done splendidly; you have helped win the war by denying yourself meat, as you have in dozens of other ways.

But you needn't hold off any more; it's over "over there" forever.

Most of the boys are back at work; army meat demands are no longer a strain.

England and other European Countries do not have to depend solely upon us any more. Ever since the beginning of the war, the American live stock raiser has been raising so much more live stock that there is plenty to go 'round.

So, go back to your meat and enjoy it.
