For Your Car

THE question of lubrication is all-important. Be as **I** particular in your selection of an oil as you were in the selection of your car itself. Don't just say, "Oil"! Specify. Say, "Amalie 1-2-3 Non Carbon." Then you are sure you're getting the best.

Amalie 1-2-3 Non Carbon Motor Oil is refined from pure Pennsylvania crude oil. Sonneborn scientists, specialists in quality oils for the past fifteen years, have cut the percentage of carbon to the irreducible minimum. No choking of cylinders, no carbon troubles at all, when Amalie 1-2-3 is used.

Here is the quality oil. It will pay you to use it. If your garage

or dealer can't supply you, phone our Philadelphia office.
