

## NEW LLOYD GEORGE PARTY IS PLANNED

Permanent Coalition of Moderates, to Be Known as Center, Proposed

### CHURCHILL IS THE SPONSOR

London, July 17.—Colonel Winston Churchill, secretary of war, is sponsor for a permanent coalition party, to be known as the Center party. In a speech at a dinner at which more than 100 members of the House of Commons were present, Colonel Churchill, who had just returned from a visit to Premier Lloyd George, at Criccieth, urged the necessity of such an organization.

Colonel Churchill, speaking as a disciple of Lloyd George, reviewed the old political differences and emphasized the need for continued combination of the Moderates among the Unionists and Liberals in order to preserve what had been won in the war. He insisted upon co-operation for the purpose of fighting bolshevism.

Speakers who supported this plan included the chief Coalition, Liberal and Unionist whips.

**Like Progressive Party**

In the new party, it is believed, Premier Lloyd George has taken the first step to continue himself in power by organizing a progressive party in Great Britain, similar to the Progress movement in America.

This is the conservative "Waldman" answer to the question so often asked: "How will he further his political career when members of his coalition ministry return to their original parties?"

Instead of being left without a party, as many predicted would be the case, Lloyd George has started to imitate Theodore Roosevelt and make a new party.

Great significance is attached to the fact that Lord Birkenhead, the lord chancellor, and Winston Churchill, minister of war, were present.

### Two Influential Factors

Lord Birkenhead, who was Sir Fredrick Smith before his elevation to the peerage, is a young man with much influence among the younger Conservatives. Winston Churchill, also a young man, and Lord Birkenhead's most intimate personal friend, has similar influence among the younger Liberals.

There has been much baffling speculation among politicians why Lord George made Churchill minister of war and why he agreed to the selection of Lord Birkenhead as lord chancellor. It now seems apparent that he did so during the war with the object of attaching the young Conservatives and Liberals to himself for the time when a reorganization of political parties and policies would come after peace.

The new party has not yet reached the stage of development where a name has been selected for it, but it is possible that some such mixed title as "Liberal-Conservative" may be chosen if the name "Progressive" is passed over. The policy of the party will be midway between the standpoint of the official Conservatives and the ultra-radicalism of the laborites. It will favor domestic reforms along progressive lines, including the nationalization of basic industries.

### MRS. HAMILTON CARY BRIDE

Becomes Wife of Belgian Minister to United States

Paris, July 17.—Mrs. Hamilton Cary, of New York, and Baron Emile de Cartier de Marchienne, Belgian minister to the United States, were married here yesterday.

Hugh C. Wallace, the American Ambassador, and Herbert Hoover were among those who attended the ceremony.

King Albert of Belgium granted Minister de Cartier de Marchienne the right to resume the title of baron belonging to his family, which was suspended at the time of the French revolution. This was in recognition of his work in promoting friendship between the United States and Belgium.

Mrs. Cary is a daughter of Joseph Emery Dow, of Boston.

Two ceremonies were performed, the civil one in the office of the mayor of the first arrondissement, at 10:30 o'clock this morning, and the religious one in the Church of the Madeleine an hour later.

New York, July 17.—Mrs. Hamilton Cary's first husband died three years ago. She lived here at the Ritz-Carlton hotel. When Baron de Cartier visited New York he stopped at that hotel. He accompanied President Wilson to France upon the first trip of the George Washington and in April Mrs. Cary sailed for Paris.

## ADMIRAL BLUE WINS BACK RANK, RETIRES

Secretary Daniels Sets Aside Verdict of Navy Court-Martial

Washington, July 17.—(By A. P.)—Secretary Daniels has set aside the verdict of the navy court-martial that sentenced Rear Admiral (then captain) Victor Blue to loss of ten numbers in his grade and has restored him to his proper place on the navy list. The trial resulted from the stranding of the dreadnought Texas, which he commanded, on Block Island, in September, 1917.

This was made known with an announcement that President Wilson had approved Admiral Blue's retirement from the navy for physical disability upon recommendation of a board of

medical survey. Mr. Daniels acted largely upon the recommendation of Admiral Hugh Rodman, who during the war was in direct control of the Texas, which Rear Admiral Blue commanded.

Admiral Rodman in a statement to the secretary of the navy declared that Rear Admiral Blue was one of the most able commanding officers in the Sixth Battle Squadron, and invited attention to the fact that Rear Admiral Blue won the admiration of British and American naval officers alike during the war.

# CIGARETTE SMOKERS of America: Crack this nut in your own teeth

If there were any other tobacco in the world as mild or as good for cigarettes as Turkish tobacco—do you think that S. Anargyros would maintain a small army of trained experts in the Orient, 4000 miles from home—to select, buy, grade and pack Turkish tobacco—then pay ocean freight, plus 35c a pound import duty?

Of course not—nor would our competitors use a single leaf of Turkish tobacco if in any other tobacco grown they could find a substitute for the "dash" of Turkish which they put into their "bundle" cigarettes to make them smokable—and without which they would be lost.

Our competitors know all this. They harp on "part Turkish" and "blend of Turkish" and "paper packages" in place of a box. In fact they make many skillful apologies, which they hope will in part take the place of 100% Pure Turkish Tobacco.

Now here is the nut—and we will crack it for you.

Murads are 100% Pure Turkish Tobacco, the World's most famous Tobacco for cigarettes. They are the proverbial "whole loaf"—not half loaf or part of a loaf.

They are, for protection, packed in cardboard boxes. A hen lays her eggs in a shell for protection. If you prefer them without the shell, you get scant protection and much scrambling.

You ask the question, "Are Murads so much better than the other kind of cigarettes?" The answer is: **More than twice as good**—and we have here told you why.

Are Murad 100% pure Turkish "whole loaf" cigarettes more expensive? YES. All 100% good things cost more and are worth more than half good or imitation good.

**Cigarette smokers of America:** People of your class and enlightenment know these things and appreciate them. We are proud to say to you that ordinary cigarettes cost a trifle less than Murads. Think it over. The reasons are before you. **Judge for yourself!** In the long run the public makes no mistakes.

Remember, every package of Murad is sold under a guarantee.
