

PER LE RELAZIONI TRA L'ITALIA E S. U.

Il Conte Macchi di Cellere, Ambasciatore a Washington, Probabilmente Sara' Richiamato

Roma, 29 luglio.—Tanto i giornali quanto nei circoli ufficiali giornalmente si discute la necessita' di stabilire dei piani per piu' strette relazioni tra l'Italia e gli Stati Uniti.

Le finanze americane sono ora in uno stato di colossale espansione. I banchieri americani e gli esportatori hanno ora, vivaci e cariche da esportare e sono pronti ad iniziare su larga scala il commercio con l'Europa centrale ed orientale.

La Direzione della Societa' Italiana di Navigazione "Italia-America", della quale e' Agente Generale per la citta di Philadelphia il Sig. Frank Di Berardino, uno dei piu' noti e stimati banchieri di questa citta', ha annunciato che col prossimo settembre sara' riattivato il servizio passeggeri con vapori che partiranno direttamente da Philadelphia per Napoli e Genova.

La partenza dei Vapori da questa citta' fu sospesa poco prima che gli Stati Uniti entrassero in guerra e cio fu di grande momento per gli italiani che qui risiedono, specialmente per coloro che dovevano essere raggiunti da persone di famiglia.

La prima partenza da Philadelphia avverra' con il Vapore "Caserta", uno degli ottimi tra quelli Compagnie Italiane, il quale partira' da questo porto il giorno 23 settembre prossimo diretto a Napoli, senza scalo a New York.

Da notizie assunte si calcola che gia' oltre un migliaio hanno fissato i biglietti per la partenza con il detto vapore e parecchie altre migliaia di italiani, che devono tornare in patria, hanno dichiarato di non muoversi fino a che non potranno imbarcarsi da Philadelphia.

AMERICANS LEAVE TO MINE GUIANA GOLD

Society Leaders Head Expedition to Retrieve Deposit Found 18 Years Ago

New York, July 30.—(By A. P.)—Sailing with \$1,000,000 worth of machinery and a party of fifty mining engineers and workers, Mr. and Mrs. Perry Tiffany, prominent in New York society, yesterday left for Dutch Guiana on the steamer Prince de Nederland to retrieve a gold deposit Mr. Tiffany said he discovered on the Moroni river eighteen years ago.

The secret of the discovery, declared to have been made 200 miles inland, has been carefully guarded, pending the obtaining in France and Holland of concessions giving his mining privileges for 100 miles along the river, Mr. Tiffany said, adding that Colonel W. S. Gage, a mining engineer, in the meantime had corroborated him in his "find."

Mr. Tiffany said he had 150 more men awaiting him in Guiana, and that headquarters for the expedition would be established at Paramaribo, fifty miles from the mouth of the Moroni.

"A" STARTS HOME AUGUST 15 First Division Scheduled to Leave 8000 to Stay in Germany

Coblenz, July 30.—(By A. P.)—The First Division of the American army will begin entraining for Brest on its return to the United States about August 15, according to informal information from central headquarters received here yesterday. This would leave a total of about 8000 American troops in the army of occupation. This force would be composed of the Eighth Infantry, which probably would be garrisoned at Coblenz, with a company of engineers, a company of military police and a unit of artillery.

This program, it was said here, is subject to change upon suggestions by the interallied council at Paris. The American Third Division will begin entraining for Brest August 5. It was said a week would be required to move the division to Brest.

Bill Would Bar Sugar Exports Washington, July 30.—(By A. P.)—Exportation of sugar would be prohibited for two years under a bill introduced today by Representative Elliott, Republican, Indiana. He said wholesalers were giving as a reason for failing to fill orders from sugar retailers the necessity of filling export demand.
