CHOOSES THIS PORT**

International Freighting Corporation Says Service to Brazil Also Is Assured

**FIRST SAILING AUGUST 9**

The International Freighting Corporation has announced the establishment of a direct steamship line between this port and Havre, France, and the inauguration of its new service to Brazil and the Argentine republic. Both services will be started early in August.

The pioneer vessel of the line to Havre, the first and only direct service to France, that has ever been established from this port, will be the new 7500-ton steamship *Salvation Lass*, built at Hog Island. Heretofore shipments from this city to France were sent by rail to New York, and thence to French ports.

The *Salvation Lass*, which will sail from here about August 9, will be followed by the 7500-ton steamship *Caprar*, another product of Hog Island, which is now nearing completion. General cargoes will be carried. The terminal in Philadelphia for the new service will be at Pier 40, South Wharves. Four steamships will comprise the fleet, which will be placed in the French service.

The South American service would start August 10 with the sailing of the new 7500-ton steamship *Nedmae* for Buenos Aires and the *River Plate* with a general cargo. This vessel is now loading at Pier 48, South Wharves, which will be the local terminal of the service.

The International Freighting Corporation will maintain a monthly service to ports in Brazil and Argentine republic.

Letters Which Won Separation for Mellen Figure in Alimony Action

New York, July 31.—"Woman, gentle woman, thou hast the subtle cruelty of a thousand jungles."

So last night mused Harry Douglas Brown in accepting the fact he is once more to figure in the public eye as the "dear Douglas" of the famous "Douglas-Kitten" letters.

Last fall the letters won a separation for the elderly Charles S. Mellen, former president of the New Haven Railroad. Now they are to be used similarly by Mrs. Margaret Mackin Brown, who seeks separation and alimony.

In the complaint Mrs. Brown stressed her husband's friendship for Mrs. Mellen and pointed for the proof to the "dear Douglas" missives, alleging she had turned these letters over to Mr. Mellen when he sought to right his tony-turvy domestic affairs.

"A spiteful desire at persecution is behind this suit," says Mr. Brown. "There is a man 'higher up' in it, a man who is interested in going to the ends of the earth to wreak vengeance upon Mrs. Mellen and myself. If he presses me too far I shall have to tell some very unpleasant truths about him."

Jersey City Man Says Wife Scandalized Parishioners

Jersey City, N. J., July 31.—Vice Chancellor Eugene Stevenson here yesterday continued the hearing of the divorce action of Mrs. Emily R. Burlington against the Rev. Edward J. Burlington, of Babylon, L. I., until August 11.

The husband appeared in the uniform of a captain of the United States army, having served in commitments on Long Island. He now resides in Babylon, while his wife is living in Hampden, N. J. He is fifty years old and she is thirty.

Mrs. Burlington's action alleges "constructive desertion." The couple were married in 1906, in Florence, Italy. Mrs. Burlington asserts she was obliged to leave her husband because of his conduct.

The husband testified he had objected to his wife's friendship with another man and when she was called to the stand she testified that she first drank cocktails with that man. The husband testified that parishioners objected to the conduct of Mrs. Burlington.

Admits Imputations Against Four Ministers Are Baseless

London, July 31.—(By A. P.)—The Daily News today prints an apology to J. Austen Chamberlain, chancellor of the exchequer; Walter Hume Long, first lord of the admiralty; Sir Eric Geddes, minister without portfolio, and Sir Auckland Geddes, minister for national service and reconstruction. The newspaper says that its investigation has proven its imputations against these officials to be baseless.

A London dispatch of Wednesday stated that writs had been issued against the Daily News on behalf of the ministers above named for alleged libel. The specifications of the alleged libel concerned comments on charges made by the Weekly Nation that the ministers were in possession of various Russian mining and development company shares.

Superintendent of His Estate Alleges Assault

Portchester, N. Y., July 31.—Richard Croker, Jr., has been ordered to appear today before Police Court Justice John E. Powers to answer a charge of assault in the third degree on the complaint of Patrick Foy, superintendent of the Croker estate.

The trouble occurred Tuesday night. Accounts of the battle differ, as they differed when the men fought for about twenty minutes on June 16 last, and each declared himself to be the victor.

According to Foy, Croker met him Tuesday, when he was driving on a back street, after a court action regarding money which Croker alleges his superintendent owes him, and struck him without provocation.
