

**FRENCH WILL OCCUPY COBLENZ AREA AUG. 15**

Uncertain What District on Rhine Americans Will Hold. Pershing Sails Sept. 1

**SIX-FOOTERS COMING HOME**

Coblentz, Saturday, Aug. 2.—(By courier to Paris.)—(By A. P.)—Coblentz will become the headquarters of the American forces in Europe when American grand headquarters in Paris are closed about August 20, it became known today, when General Pershing arrived here in his final tour of the battlefields.

Antwerp will be the base port for the American contingent that is to remain on the Rhine indefinitely. General Pershing said he intended to sail from Brest about September 1. It was said to be probable that the composite regiment of picked men that marched in the Paris and London victory parades will sail with the American commander in chief.

General Pershing arrived here yesterday and spent this afternoon with Major General Henry T. Allen. They discussed the personnel of the permanent American garrison that is to remain here after the departure of the Third Division next week and the First Division the middle of August. General Pershing said the area to be occupied by the Americans on the Rhine has not been determined by the inter-allied council, but that a decision was expected soon.

The French have virtually completed plans to take over the districts to be evacuated by the homeward-bound American units. General Pershing spent today visiting the First Division, which is on the east bank of the Rhine and is preparing to turn over the bridgehead proper to French forces about August 15.

First Division units, according to the present schedule, will begin sailing from Brest during the last week in August. Officers said they expected the entire division to arrive in the United States just before General Pershing reaches there.

General Pershing, accompanied by Major Generals Hines and Brewster and Brigadier General Connor, will leave here tonight to complete a tour of the battlefields where Americans fought.
