PROFITEER CHARGES HEARD ON YORK ROAD

One Dealer Is Fined and Curb Markets May Be Established

MEASURES SEIZED

Pending action by the federal authori ties, suburbanites in Doylestown are advocating establishment of a curb market, alleging that profiteering is a habit with some dealers in that district.

Investigation of prices generally in York road suburbs indicates a too-wide margin of profits, they say, particularly in farm products. In Jenkintown, efforts to obtain reasonable treatment of patrons have resulted in arrest and fining of one produce dealer, with confiscation of alleged short-measure baskets from

Instances of profiteering in Doylestown are said to include the purchase of cucumbers by one dealer from a child -the cucumbers being part of the garden product raised by the family-at one cent each and immediate replacement of the table dainty on the counters

at five cents each. Corn in the stores in the larger York road suburbs sells at from fifty to seventy-five cents per dozen, with thousands of dozens of ears grown within two miles of the market stands.

Inspector Hower, of the Department of Weights and Measures for Montgomery county, bought what he supposed was a peck of potatoes from one Jenkintown store. Weighed, the "peck" showed just twelve pounds-20 per cent short weight. The dealer was fined \$10 and costs by Magistrate Clifford. Thirty-eight baskets were confiscated by Hower at this store; thirty at an-
