

WOUNDED HERO SEEKS TO RE-ENTER SERVICE

Having Croix de Guerre, D. S. C. and Recommended for Congress Medal, Will Go Back

TOOK MACHINE-GUN NEST

A soldier who had been wounded four times, who had been gassed and suffered from shellshock, who wears the Croix de Guerre, the Distinguished Service Cross, and whose name has been recommended for the Congressional Medal of Honor, has applied for re-enlistment at the army recruiting station here.

He is Arthur D. Mullen, of 1000 North Third street. Mullen enlisted January 1, 1913, in the Eighth Cavalry, served four years in the Philippines with that organization, and at the outbreak of the war in Europe he was transferred to the 165th Infantry of the Rainbow Division. He served overseas with this unit twenty-two months.

At Chateau-Thierry Mullen, who ranked as a sergeant, recaptured thirty French soldiers, including a colonel, for which the French Government awarded him the cross with the two palms.

During the engagement at Mount See, Mullen captured a German machine-gun nest, and took command of his company after all the officers had been killed or wounded. It was for this act that he received the Distinguished Service Cross.

Word was received at the army recruiting office that all men who have served in the army twenty-four hours, from the 4th of April, 1917, until the signing of the armistice last November, are entitled to a Victory button as well as the \$50 war bonus. Until the receipt of this order, only those who had served fifteen days prior to the signing of the armistice were allowed the buttons and bonus.

THOMAS J. McMANUS 21, GETS WELCOME HOME

Thomas J. McManus Spent Eleven Months Overseas

Friends in giving a "welcome home" party to Private Thomas J. McManus, of the United States marines, chose his twenty-first birthday for the gathering. Although only twenty-one, McManus has just returned from overseas with a record of eleven months of service, in which he saw some hard fighting. He lives at 2748 Abbotsford avenue, Bridgeburg.

Private McManus enlisted on May 6, 1918, and went to France with the Forty-ninth Company, Fifth Regiment Marines. He was in the Champagne and the Meuse-Argonne offensives and was one of the first five enlisted men to cross the Meuse river on the night of November 10.

SIX BUTCHERS GRANT STRIKERS' DEMANDS

Three Firms Here Sign Agreement for Advanced Wages and Eight-Hour Day

OTHERS IN NEW JERSEY

Three Philadelphia firms, two in Camden and another in Trenton have agreed to the terms of the Amalgamated Meat Cutters and Butcher Workers' Union whose members went on strike on August 11.

The men quit work because several Philadelphia concerns declined to consider their demands.

An advance in wages of \$5 a week over the rate paid in January, 1919, on work-day of not more than eight

hours, four hours on Saturday, and time and half time for overtime work were the chief demands made by the workers.

The working agreement submitted also set forth that there should be no Years Day and Labor Day.

Regarding grievances the agreement says: "In the event of a grievance arising during the life of this agreement, said grievance shall be reported and a conference held between the representatives of the management of the union,

If unsuccessful, the matter shall be arbitrated."

The agreement provided that work shall continue during the arbitration.

The Philadelphia firms which have agreed to the organization's request are R. J. Maynes, Nelson Werntz and Samuel Waxman. Those of Camden who accepted the agreement are the Brothers Company, Mills & Co., and Adam Schlorer. Isaac Horwitz, of Trenton, also agreed to the demands of the men.

That Clothing Question

If there are any excessive profits in the clothing trade we can get no definite trace of them. What we do know is that cloth mills are supplying the clothing manufacturers by allotment—can't fill all their orders, even at increasing prices. Most of the tailors are foreign-born, and hosts of them have returned to their native land. Wages have much more than doubled in the past few years.

All that we have been able to do—and what we have been doing throughout the period of rising costs—is to invest large sums in anticipation of further increase. Thus far, we have saved many thousands of dollars for our customers by so doing. Even our present stock is owned by us at far less than it would cost to duplicate it—which means that our Men's Clothing at our regular prices is a GOOD INVESTMENT for any man to-day.

But these Several Hundred Spring and Autumn Suits at Reduced Prices (now \$19.50, \$24.50, \$26.50 and \$34.50), are Really Extraordinary Values.

Advance Fall Hats

Featuring Velvet Hats

Panne and Lyons Velvet is correctly and charmingly used in the presentation of these styles. You'll note the little hats, with the tiny soft brims, that Vogue is already talking about as being "the nicest thing" in hats for Fall. But there are large Hats also for those whose type the larger models are preferred. Sailors that are either "straight" or "rolled." The Mushroom, whose technique in Millinery circles seems ever approved, is here in generous profusion. And Ostrich is a trimming of ideal and demonstrative prominence.

The colors are Brown, Black, Navy, Taupe, Poon Blue (that blue with a hint of green) and the richly toned Henna.

Color touches of daring relief are afforded in glimpses of orange and scarlet, inserted in the most unexpected of places.
