

**WEST PHILA. TURNED INTO LAND OF UZ**

Many Jobs Walk Streets With Heads Thrust Forward and Boils on Neck

**REASON? IT'S A MYSTERY**

Many persons in West Philadelphia are now walking the streets with head erect, looking neither to right nor left. They see neither friend nor foe. It is not that they desire to be exclusive; nor is it due to grouch.

It's just plain boils, that's all. The boils came without warning. Nearly every fourth person owns one—in fact they appear to be more popular than flivvers.

As to reasons for boils—well, their owners say they're absolutely unreasonable. They arrive often without warning, crop out where they please and stay as long as they like. Their origin is really a mystery.

West Philadelphia physicians say it is foolish for any one to say what causes a boil. They are due to a run-down system, high living, dissipation, a turned-in hair and 186 other causes.

Married folks in that section say, however, that their particular boils are not due to high living. In fact, many declare they are due to low living and the unreachably prices of food.

Just why the boils select West Philadelphia for their attack is beyond medical calculation. One physician said that worry over house rentals there, together with the high cost of food, might have combined to cause run-down constitutions; hence the boils.

Incidentally there has been a demand for poultices and the old-fashioned home remedies. The only ones not boiling with wrath are the druggists. They're getting out their old boil cures—yes, and selling them at boiled prices.

The boils are no respecter of sex. They adorn the swan-like neck of pretty "stenogs" as well as the heavy necks of the coal heaver. Boils are boils, regardless of geographical or social location.

**MOTHER SUPERIOR ELECTED**

Rev. Mother Mary Hildegarde Again Chosen Head at Merion

In recognition of her success as mother superior of the Sisters of Mercy, the Rev. Mother Mary Hildegarde has been re-elected for three years.

The election was conducted at the Mater Misericordiae Convent, Merion, the mother house and novitiate of the order. Archbishop Dougherty presided.

**MARINELLO**  
Lettuce Cream for Cleansing  
It's the Hidden Dirt that Ruins Your Skin  
SOAP and water cannot remove the coarsening dirt and grime. Prove this to yourself. Wash your face, then apply the Lettuce Cream and wipe the surface with a soft cloth. Note the dark streaks of soil, that soap and water did not remove. Tests in more than 3500 Beauty Shops have proved but one cream cleans the skin "inside and out" and so the recommendation has gone out—use  
Other creams are indicated for other skin conditions, and these are told about in our illustrated booklet.

**At last a bread as pure as the purest milk**

YOU know that milk from a modern dairy is a safe food for your children—because the law enforces cleanliness at the source—cleanliness in handling—and a high percentage of nourishing butter fat. And at last there is a bread, whose purity, nourishment and digestibility are safeguarded even more carefully than the law guards the purity of milk.

**How science safeguards Bond Bread's purity—**

Pure milk, and pure Bond Bread together, are the ideal food for children—in fact, they contain practically every element needed by the human body, in the most digestible forms. Give your boy and girl more Bond Bread and milk!

Take for example the flour that is used in Bond Bread.

Although we buy only the highest possible grades of flour, our experts repeatedly test each batch and unless it meets our standard it cannot be used in Bond Bread.

Or take the lard we use in Bond Bread. Ordinary lard such as you can buy at your grocers is not good enough for Bond Bread.

In order to perfect purity and flavor we have a special lard made to our own order, which is better than any commercial lard we can buy.

We might use corn syrup (glucose) instead of sugar, but the purest snow-white granulated sugar is the only sweetener that is good enough for Bond Bread.

The milk used in Bond Bread

must pass tests as severe as those imposed by any state or city.

No yeast substitute—but pure, sweet, compressed yeast is used to raise Bond Bread.

On the wrapper of every loaf of Bond Bread are listed all of these pure ingredients,

And the purity of every ingredient is guaranteed by the Bond of the Kolb Bakery Company—
