

FIND FAKE NAMES ON HORN PETITION

Those of Dead Men Used for False Candidate Against Independent

FORGERIES ARE PLENTIFUL

Names of dead men, gathered from graveyard tombstones—an old political trick—were attached to the councilmanic nomination papers of William C. Horn, 3346 B Street, according to investigators of the committee of one hundred.

They also found, they say, that at least thirty-five names signed to the petition had been forged, and that some of the addresses given by signers of the petition turned out to be vacant houses or open lots. There is talk of criminal prosecution of the alleged forgers.

Horn was put up, it is charged, to draw votes from William R. Horn, member of Select Council from the Twenty-third ward, whose candidacy has been endorsed by the independent Republicans.

When the carpenter learned of the "camouflage," he had his petition withdrawn by the County Commissioners.

Once his withdrawal was accomplished the investigators began to ferret out the identity of the alleged signers. They went personally to the first thirty-five names signed to the papers, and in every instance, they say, learned that the man supposed to have signed the papers said he never even saw the petition.

With the reputation of these signatures the investigators hustled themselves further. They were aided by volunteers who showed, they say, that many of the names had been those of men dead for years and whose bodies were resting in a cemetery in the North-east.

VARE DRIVE STARTS MONDAY

Patterson to Take Active Part Following "1000" Session

State Representative John R. K. Scott will have charge of the speakers' bureau in Judge Patterson's campaign for the mayoralty nomination, and will direct the spell-binders for the organization ticket. Scott has not decided whether or not he will take the stump himself or confine his activities to directing the other speakers.

Patterson buttons, banners and literature are being prepared at the headquarters of the committee of one thousand on the second floor of the Strawbridge Building, Thirteenth and Chestnut streets.

Up to this time supporters of the Patterson candidacy have devoted their attention to the detail work of the campaign.

According to organization leaders, the machinery has been oiled and everything put in readiness for a campaign which will be kept moving until the polls close on September 16.

One of the first details prepared for was to arrange for a thorough canvass of the entire city. With its legion of workers the organization will canvass every one of the 1350 divisions in the city to get out the vote for Judge Patterson and the rest of the ticket.

McNICHO'S SPIRIT IN FIGHT

Senator Daix Says Dead Leader Animates Followers

The spirit of the late Senator James P. McNichol, once a powerful organization leader, is with the independents in their fight against the Vares, according to Senator Augustus F. Daix, Jr.

Senator Daix used the name of the former big leader in an appeal to Republican Alliance workers.

"Senator McNichol—our beloved Sunny Jim—is dead, but his spirit is still with us," Daix told the workers, most of whom were lieutenants of the late Senator.

"He is with us in this fight, and no friend of his, who remembers how he fought and what the fight cost him, will waver in the contest."

The meeting was held to get reports from division workers on the Moore campaign. "Watchers' certificates and other election paraphernalia were distributed.

WITHDRAW PETITIONS

Two Councilmanic Candidates Slip Out of Running

Louis Silverstein, of 403 South Seventh street, in the Fifth ward, today visited the office of the county commissioners to withdraw his petition for the office of magistrate on the Republican ticket.

John M. Sparks, of 1517 Brown street, in the Fifteenth ward, withdrew his petition for the nomination for Council on the Republican ticket.

Today being the last day for withdrawals, it is expected that several other candidates for office, especially for Council, will withdraw their petitions.

VARE CHARTER MOVES PUZZLE—GRUENBERG

Measure to "Take Police Out of Politics" Called "Red Herring" by Research Head

HITS FINANCE PROPOSAL

The attempt of the Vare faction to introduce into the charter a measure designed to "take the police out of politics" and another to reform the city's financing, were well conceived as a means of confusing the Legislature and of complicating the problem of charter revision, says Frederick P. Gruenberg, director of the bureau of municipal research, in a pamphlet issued by the bureau.

The measures themselves he calls "nothing but perfect red herrings."

The article follows in part: "In Philadelphia the Penrose group, being the 'outs,' have allied themselves with various groups of 'independents' and 'reformers' in attacking the Vare faction, the 'ins.' When the recent demand for charter revision arose, most of the Penrose adherents were found associated with their former enemies, the reformers. The Vare faction promptly proceeded to brand all the charter proposals as partisan in character and the Vare-controlled city Councils passed a lengthy resolution in the city in favor of a better charter, and all the newspapers aided the cause. When this sentiment became discernible, the Vare faction skillfully altered their tactics and declared that there was undoubted need for certain changes in the framework of the city's government, but that the charter committee's bills were unsatisfactory.

"Therefore they introduced a measure described as one that would 'take the police out of politics' and another ostensibly for the purpose of reforming the city's financing. A careful perusal of each of these measures disclosed nothing but perfect red herrings. As a means of confusing the Legislature and all the newspapers aided the cause. When this sentiment became discernible, the Vare faction skillfully altered their tactics and declared that there was undoubted need for certain changes in the framework of the city's government, but that the charter committee's bills were unsatisfactory.

LOCAL SERVICE MEN ORGANIZE FOR MOORE

Campaign to Perfect Body Will Start at Meeting Tonight in Thirty-first Ward

The opening gun in a campaign to perfect a city organization of service men to work for the nomination of Congressman Moore for Mayor will be fired tonight at a meeting at the headquarters of the Republican Alliance of the Thirty-first ward, at York street and Frankford avenue.

In announcing the proposed organization today, Captain E. J. Presper, in charge of the Service Men's headquarters at the Moore campaign, said that efforts will be made by him to enroll the majority of the 62,000 soldiers, sailors and marines of the city under the Moore banner. Committees of service men will be selected in each ward of the city to induce their fellow war heroes to support Congressman Moore.

The meeting tonight will be addressed by Dr. J. B. Presper, father of Captain Presper, and John Finney, independent leader of the Thirty-first ward.

Another meeting for service men will be held tonight at headquarters of the Republican Alliance of the Forty-seventh ward. Here the speakers will include Lieutenant Colonel Thomas Meahan, independent candidate for recorder of deeds; Lieutenant J. Raymond Kelly, of the 316th Infantry, and Major Rex Hogan, of the marines.

Captain Presper, who was wounded and held a prisoner in Germany for nine months, said that the service men of Philadelphia are being urged to fight for their right to vote. He said that the service men will be prepared to fight just as hard during this political campaign as they did "over there."

Teach National Anthem by Pictures Teaching the national anthem by means of pictures supplementing the words is the idea of a Philadelphia man. He has caused to be printed a pamphlet on four pages of which are the words of "The Star Spangled Banner," one verse to each page. Beside each line is a picture visualizing the idea expressed by the words.

WOMEN CALL CONFERENCE TO AID MOORE'S CAMPAIGN

Meeting at City Club to Plan Work for Congressman's Nomination and to Urge Every Voter to Register

Representative women of Philadelphia will rally to support Congressman Moore for the mayoralty.

A call for a conference of women interested in the betterment of the city was sent out this afternoon by Mrs. Cornelius Stevenson and Mrs. Mary O'Reilly-Rae.

The conference will take place at the City Club, Monday, August 25, at 2 p. m. The purpose of the conference is to organize a woman's campaign committee to work for the nomination of Mr. Moore.

Addresses will be made by Franklin Spence Edmonds, Murdoch Kendrick and others.

In the call sent out today all women interested in the improvement of the city are urged to attend the conference, and those unable to come are requested to reply by mail, so that it may be learned who will co-operate toward bringing about the nomination of Mr. Moore.

Philadelphia club women, banded together to further the interests of good government, feel their first and foremost work is to help get a full registration on August 26.

While many of the club officers and members are spending the summer at pleasure resorts, those in the city are combining their efforts and plan to help in every way possible.

Mrs. Clara Middleton has been named chairman and Mrs. J. Wendel Reber vice chairman of a committee to keep in touch with registration. They have lists of voters and will obtain the names of those who register August 26.

The new vessel is a cargo carrier of 9000 tons. It is 401 feet long, 54 feet wide and 32.9 feet deep.

MOORE BACKED IN 24TH

Ward Republican Club Indorses Congressman's Mayoralty Candidacy

An enthusiastic meeting of the Twenty-fourth ward Republican executive committee was held last night at the headquarters, Forty-first street and Lancaster avenue. The Moore ticket was unanimously indorsed. Addresses were delivered by Blakely D. McCaughy, candidate for county commissioner; Robert E. Lambertson, candidate for sheriff; Maxwell Stevenson, Jr., candidate for magistrate; Lieutenant Harold Watkins and Major Brook, who has just returned from France.

All of the speakers urged the committee members to work earnestly for full registration of the independent vote on August 26 and to push the independent ticket vigorously for the purpose of ending contractor government.

THIS IS FINAL DAY FOR MAKING SLATES

Politicians Work to Perfect Tickets and Have Some Candidates Withdraw

DEVELIN MAY GET OUT

This is the last day for the withdrawal of nominating petitions before the county commissioners.

Names of candidates who have filed petitions for offices and who do not withdraw today will appear on the ballot at the primary, September 16.

Both the Independents and the Organization will make strenuous efforts today to iron out the difficulties which have arisen in various senatorial districts by reason of the number of candidates filing for places on the councilmanic ticket.

Each side hopes to have its slate completed today.

In the fight among Thirty-fourth ward independents some sort of harmony arrangement is expected to be made today.

James A. Develin is willing to withdraw in favor of Robert A. Beggs, but will not yield to Representative Theodore Campbell.

Other candidates on the slate in the Fourth district are George Connell, Fortieth ward; F. P. Burch, Forty-sixth, and Samuel Harrison, Twenty-fourth. Dr. James J. Heffernan, of the Forty-fourth ward, also demands a place on the ticket. He has filed papers.

In the Sixth district which takes in Germantown, Charles H. von Tagen, Forty-second ward, and W. W. Roper, Forty-second, have been slated by the Independents. The third place will go to either Representative Sigmund J. Gans or John E. Smithies, of the Thirty-eighth.

Harry Davis, the baseball player, bolted the Independents and joined the Vare forces when he was given a place on the Vare slate.
