

### ALL MONTENEGRO IN GRIP OF REVOLT

Fighting Breaks Out Everywhere and Serbs Fail to Suppress Uprising

### COAST RAILWAY LINE CUT

By the Associated Press  
London, Aug. 28.—Fighting has broken out everywhere in Montenegro and the whole country is in a state of revolution, according to news received here. The Serbians are using strong measures in an attempt to suppress the uprising. The Montenegrins have cut the railway between Virpazar and Antivari on the coast.

The Serbians are receiving reinforcements, but are not meeting with success in their efforts to put down the revolutionary movement, according to the advices, which represent the Montenegrin national spirit as thoroughly aroused and the animosity of the people against the Serbians increasing.

"We seem to be in for a recurrence of the Balkan trouble," was a statement made to the Associated Press today from an authoritative source.

The uprising in Montenegro seems likely to bring to a head the long-standing differences between the Montenegrin supporters of former King Nicholas and the faction adhering to the plan for the incorporation of Montenegro in the Jugo-Slav state.

King Nicholas has never recognized the validity of the act of the Montenegrin assembly last winter in deposing him and has continued to maintain the old royal Montenegrin government with its seat in a suburb of Paris.

Serbia is insistent upon the admission of Montenegro to Jugo-Slavia and claims that a majority of the Montenegrins favor the union.

The contention of the Nationalist party in Montenegro, however, is that the Montenegrin National Assembly has been "packed" with pro-Serbians, making the action of that body in voting last April for adhesion to the Jugo-Slav state not truly representative of Montenegrin opinion.

Disorder broke out in Montenegro early in July against what was characterized "Serbian military occupation" and guerrilla warfare was reported to be reviving in the mountain regions.

### 60,000 WELCOME PRINCE TO OTTAWA

Cheering Multitude Atop Parliament Hill Extends Enthusiastic Greeting

Ottawa, Aug. 28.—(By A. P.)—Sixty thousand persons gathered on Parliament hill today to welcome the Prince of Wales, who arrived on a special train from Toronto. His route from the railroad station to the hill was lined with cheering citizens.

The government's official address of welcome, signed by Premier Borden and Secretary of State Burrell, expressed the belief that the prince's visit would strengthen the ties of affection which bind the Canadians to the British. Referring to the prince's association with the Canadian forces overseas, the address says:

"This comradeship in arms in a world-wide struggle for the preservation of justice and liberty has established a peculiar bond of affection and sympathy between your royal highness and this dominion which will never be severed."

Among the vessels to be sold are several historic ships of the old navy, including the gunboats Essex, Yantic, Godper, Sandover and Princeton, the Isle De Luzon and the Don Juan De Austria, the last two Spanish-American war prizes; the monitor Amphitrite and the converted yachts Eagle and Waban.

2,200,000 Pounds Burned in Factory Near Paris Increases Shortage

Paris, Aug. 28.—(By A. P.)—Five yesterday destroyed 2,200,000 pounds of tobacco in a factory at Pantin, near Paris.

Tobacco recently has been very scarce and virtually unobtainable. Yesterday morning long lines of men awaiting the weekly distribution of tobacco were to be seen in front of the tobacco stores. When the supply was exhausted many persons who had not been served started a demonstration on the boulevards and smashed the windows of the tobacco depositories.

### RUSSIAN REDS SEEK TO ENLIST CHINESE

Bolsheviks Would "Free China From the Yoke of Foreign Gold"

### SAY KOLCHAK IS CRUSHED

By the Associated Press  
London, Aug. 28.—The Russian soviet apparently is bidding for the support of the Chinese people, to whom a manifesto has been sent. Attention is called to the soviet campaign in Siberia, and the Chinese people are promised liberation "from foreign bayonets and from the yoke of foreign gold."

The manifesto, quoted in a Bolshevik wireless message received yesterday, follows:

"The people's commissaries address fraternal words to all the peoples of China on the day when the soviet troops, having crushed the counter-revolutionary despot Kolchak, victoriously entered Siberia."

"Soviet Russia's red army, after two years of struggle and incredible strain, is marching onward to the East across the Urals, not in order to enforce their will on other nationals, not to enslave them nor conquer them—we are bringing freedom to the people, liberation from foreign bayonets and from the yoke of foreign gold, which is throttling the enslaved peoples of the East, particularly the great Chinese nation."

"We are bringing help not only to our own working masses, but to the Chinese."

### TROOPS QUIT STRIKE ZONE

Several Units Withdrawn From Service at Steel Car Plant

Hammond, Ind., Aug. 28.—(By A. P.)—Following a telegram sent to Governor J. P. Goodrich, signed by Mayor Dan Brown, of Hammond, and Sheriff Lew Barnes, of Lake county, stating that troops were no longer needed in the Standard Steel Car Company's strike zone, Adjutant General H. B. Smith ordered the withdrawal today of the units from Gary, Fort Wayne, Elkhart and Goshen.

The other seven companies probably will be kept in the strike zone until after the Labor Day celebration to guard against a possible outbreak, it was said.

### ATTEBURY FAVORS ARMY IMPROVEMENTS

Philadelphian Denounces Lack of Business Efficiency in Army

Washington, Aug. 28.—Provision in legislation outlining the nation's permanent military policy for instruction of officers in industrial operation, appointment of only college graduates to West Point, elimination of the coast artillery as a separate branch, and placing of the marine corps under the War Department, was suggested by W. W. Atterbury, Philadelphia, vice president of the Pennsylvania railroad, today to the Senate military subcommittee.

Mr. Atterbury, although now returned to civil life, served during the war as a brigadier general in charge of rail transportation and transportation at ports in France.

Three months training of the young men of the country under the provision for universal service, Mr. Atterbury regarded as too short a period. He urged the extension of the time to six months and the registration of the men after training in the reserve with the obligation of appearing for maneuvers for two years.

Mr. Atterbury's approval of the existing general staff system was given frankly.

"I would make it of the most concentrated character," he said, "and I would give to it almost autocratic power."

His suggestion that army officers be detailed to the factories and offices of the country was a part of his criticism that the army now and as contemplated is lacking the efficiency of the ordinary big business concern.

### SPARTACANS IGNORE PEACE

Insist German Labor Will Not Reconstruct France

Berlin, Aug. 28.—(By A. P.)—A circular letter from the leaders of the Spartacus party has fallen into the hands of the League for the Protection of German Culture. It says the party opposes the clause in the peace treaty relative to labor by German workmen in the rehabilitation of the devastated districts in France and Belgium because the pact was "signed by bourgeois with bourgeois, which the party does not recognize."

The letter states the Spartacus organization will not send its laborers to France, and declares the manner of transporting workers, their separation from their families and their quarters in barracks is reminiscent of bodily slavery.

Will Send Ships to Germany  
A report that there will be no sailings from this to German ports in the immediate future was denied today by W. B. Megee, of the firm of Megee, Steer and Company, shipping agents of this city. Mr. Megee said the interests he represents plan to send a ship from here to German ports every few days.
