

POLICE WOULD NOT MAKE ARREST, CHARGE

Business Man Says He Sought Aid of Patrolman Following Attack by Negro

CITY HALL "INVESTIGATING"

E. J. Cryer, a business man with offices in the Widener Building, has complained to Director Wilson and Superintendent of Police Robinson that Patrolman Bailey, of the Fifteenth and Locust streets station, refused to arrest a negro footpad who had attacked Cryer.

Shortly before midnight, August 15, Cryer said he was walking on Eleventh street above Spruce, when a negro pointed a gun at him and demanded his money.

"I shouted for help," said Cryer. "And the highwayman darted around the corner and ran west on Spruce street. I chased him around the corner and met Bailey. He never made the slightest attempt to stop the man."

The next day the matter was reported to City Hall, and a complaint was sent to Lieutenant Van Horn, of the Fifteenth and Locust streets station. Cryer visited the station house and identified Bailey as the patrolman who had allowed the highwayman to escape.

"I let the matter rest for a few days," said Cryer. "But when City Hall recently asked about the complaint. They told me there had been no report of the investigation received."

A city-wide search is being made today for the three highwaymen who attacked and robbed Morris Merklin, twenty-nine years old, of 3231 Dickinson street, and after holding him prisoner for three days, abandoned him at Thirteenth and Market streets.

The man was found by the police with a bruise on his head. He was taken to the University Hospital.

Mediocre Men Seek Seats in Council

Continued From Page One.

ward. He has never held political office.

Second District

The Second district, comprising the Second, Third, Fourth, Seventh, Eighth, Ninth and Thirtieth wards, will elect two councilmen. The Independents have refrained from naming a candidate to oppose Select Councilman Charles Scott, but will not fight him.

They have, however, endorsed a negro member of the bar, G. Edward Dickerson, of 228 South Sixteenth street, Thirtieth ward, to oppose William McCooch, the Vares choice. Mr. Dickerson, it is believed to say, is the representative of the large negro vote in that district.

It is said that there is a growing spirit of independence among the negro voters downtown, who believe that the race has not received the recognition to which it is entitled by virtue of its numbers and its Republicanism.

Third District

Though it embraces the largest number of wards of any senatorial district, yet the Third will send only one councilman to the new body. It embraces the Fourth, Fifth, Sixth, Seventh, Eighth, Eleventh, Twelfth, Thirtieth, Thirty-first, Thirty-second, Thirty-third, Thirty-fourth, Thirty-fifth, Thirty-sixth and Thirty-seventh wards.

The nominee in this district is Joshua Evans, of 148 North Fifteenth street, Tenth ward, who is spoken of as a fine type of citizen and a well-known business man. He is a manufacturer. He is the selection of the Council of Thomas W. Cunningham, and although credited to the Republican Alliance, has been an Independent for years. While owing his appointment to the Alliance, he will also have the support of Independents of all classes.

Fourth District

West Philadelphia is embraced in the Fourth senatorial district, which will elect four councilmen representing the Twenty-fourth, Twenty-seventh, Thirty-fourth, Forty-third, Forty-fifth and Forty-sixth wards.

Samuel W. Harrison, 3926 Brown street, Twenty-fourth ward, is a member of the present Council from the Twenty-fourth ward. It is his only political office he has held. His friends say that he has made an excellent record as common councilman, level-headed, opposed to all schemes and jobs, an out-and-out Independent. His selection was due to the demands of the Independents of his ward and neighborhood. He is a manufacturer, purchasing agent, and is endorsed by Blake McCauslin, ward leader.

Francis F. Burch, 249 South Fifty-first street, Forty-sixth ward, has served in Common Council for six years, elected as an Independent. He is chairman of the Independent Councilmen's Association. He is thoroughly familiar with city finances, being the independent representative on the finance committee. He was chosen as an excellent example of a public man and as the representative of the Independent element in West Philadelphia. He is an attorney-at-law and leads his ward.

George Connell, of Fifty-fifth street and Springfield avenue, Forty-sixth ward, is the present representative of that ward in Select Council. He is a son of ex-Sheriff Horatio Connell. He is a real estate broker. Although credited to the Republican Alliance he was endorsed largely because of his pronounced anti-Vare sentiments and record. He also is a ward leader.

The fourth candidate from this district has not up to the present been selected. Indications point to James A. Devlin, of 6520 Overbrook avenue, Thirty-fourth ward, as the choice of the committee of one hundred. Mr. Devlin has never held office and his friends say that he is the sort of man that the charter makers had in mind when they framed the bill. He has the endorsement of the Chamber of Commerce, and would be regarded as the spokesman for the business interests of the city.

Fifth District

The Fifth Senatorial district contains the spokesman for the business interests of the city. The Thirty-seventh and Thirty-eighth wards will elect two councilmen.

Miners Call Peoria to Strike

Peoria, Ill., Aug. 28.—Peoria faces the possibility of a general strike of all organized and unorganized labor in this city, fostered by insurgent coal miners and steel workers, who demand that union labor in the Peoria district aid them by a sympathetic walkout to gain recognition of unionism and abolishment of an alleged "blacklist," said to be maintained by the local association of commerce and the Peoria Merchants' and Manufacturers' Association. The general strike is called for 5 o'clock this morning, and is scheduled to last until the close of working hours Monday night.

The Fifth Senatorial district contains the spokesman for the business interests of the city. The Thirty-seventh and Thirty-eighth wards will elect two councilmen.

manufacturer and former member of Council, has been recognized as the representative of the anti-organization and anti-Vare element in the district. He is a fighter and is one of the independent leaders in the district. Oscar Noll is leader of the ward.

James L. Holm, 1934 North Seventh street, Twentieth ward, was put forward by the Independents of the Twentieth ward, led by Howard R. Sheppard. Like Mr. Greenwood he represents the anti-Vare people of his ward who are fighting against heavy odds, this being the "Dave" Lane ward.

Germentown district, as it is popularly known, virtually embraces the boundaries of the Twenty-first, Twenty-second, Thirty-eighth and Forty-second wards in the Sixth Senatorial district. William W. Rorer, 7202 Lincoln Drive, Twenty-second ward, attorney-at-law, is an Independent. It was his independence of political thought that led to the endorsement of the Democratic into the Republican party. He is widely known to college men from his connection with football at Princeton. He has many friends in financial circles and was very active in the Liberty League campaign. He is about forty years of age and popular. He is regarded as a fine representative of his district's best citizenship.

Charles H. Von Tegen, 6234 Ogontz avenue, Forty-second ward, is one of the most active members of the present Council. He is a real estate broker, has always been active in politics, and has the reputation of belonging to that class of city servants who can be counted upon to do things. The Independents of his district urged his appointment. He has demonstrated that he is 100 per cent strong for cleaning up the Vares mess. He has fought them continually and was the natural choice of independent Republicans based on his councilmanic career.

For the third selection two names are under consideration by the committee, viz. John E. Smith, a member of Council, of 3427 Sunnyside avenue, Thirty-eighth ward, and Sigmund J. Gans, 3247 North Fifteenth street, Thirty-eighth ward, an Independent member of the last Legislature.

The Vares cause has developed into a very unpleasant dilemma. Mr. Gans is an Acker man who recognizes no other political authority. Mr. Smith, who is superintendent of the Metropolitan Life Insurance Company, is an able, clear-headed man, with both business and political experience; another of the kind contemplated by framers of the charter.

Mr. Gans is a vigorous, independent character, whose majorities in the Town Meeting fight, and against Scott for Lieutenant Governor are the basis for his claims for endorsement. It is unfortunate that personal feeling should split the ticket in such a heavy Independent district.

Seventh District

Three members of the Council of twenty-one will be returned by the Seventh district, which is made up of the Fifteenth, Twenty-eighth, Twenty-ninth, Forty-seventh and Thirty-second wards.

Richard Weglein, 3108 Girard avenue, Twenty-ninth ward, has the backing of the Independents of his ward. He is the present Select Councilman, and is a manufacturer and wholesale confecturer, and is the leader of his own ward.

Alexis J. Lineburner, 2325 North Twenty-second street, Twenty-eighth ward, is an old Roosevelt and Washington party man. He is independent to the backbone. It is acknowledged by the committee of one hundred that the sentiment is behind the selection of Mr. Lineburner. He is at the head of the committee to permit depositors in the looted North Penn Bank, is a virile public citizen and a natural leader. Mayor Smith is the Vares leader in his ward.

Hugh J. Montgomery, 884 North Twenty-third street, Fifteenth ward, is a well-known member of the Common Council and is one of a large contingent recommended and endorsed by the organization in the Fifteenth ward. He also has the endorsement of President Judge Brown, of the Juvenile Court, and is the judge's selection.

Eighth District

Next to the Third Senatorial district the Eighth has the largest number of wards within its boundaries, viz., the Twenty-third, Twenty-fifth, Forty-first, Forty-third, Forty-fifth, Forty-seventh and Forty-ninth. It will send three members to Council.

William C. Horn, 3346 B street, Thirty-third ward, present member of Select Council, has always carried his ward for the Independents. The Alliance ward leader is David Hart, Mr. Horn was the victim of the recent Vares effort to confuse the issue by naming another man of the same name, but the conspirators were caught and discredited.

He is a bold and uncompromising antagonist of the Vares. He is a manufacturer of textile machinery and is regarded as a fine specimen of the public-spirited citizen. Judged by his councilmanic career.

John Hines, 2900 North Fifth street, Thirty-third ward, is a member of Select Council and a manufacturer. Wilson Carter and John Hines are leaders of their ward and have been fighting the Vares for years. With his business and political experience, Mr. Hines was regarded by the committee of one hundred as well worthy of its endorsement.

Robert J. Patton, 546 East Allegheny avenue, Thirty-third ward, came under the wire as a dark horse. After several candidates had been discussed and the head of the house of Dixon had declined for business reasons to permit the use of his name, it suddenly occurred to the committee that they were overlooking a good bet in "Bob" Patton.

He was the solution of the situation. He knows everybody in his section of the city, it is said. There is nothing of the high-brow about him. Just a representative man of his own people. He is employed in the real estate assessor's office.

Migrants Write Sproul, Inquiring as to Immigration Laws

Harrisburg, Aug. 29.—(By A. P.)—Letters from residents of Germany inquiring whether it is against the law to remove from cities of that country to the United States are a feature of Governor Sproul's mail these days.

In the last month or so, since letters have been coming from Germany, the Governor has been asked by people living in the Rhine cities if this state has any prohibition against them coming here. The letters are being referred to the State Department of Washington.

Kicked by Horse; Jaw Fractured

Harry Bard, 715 North Markoe street, was found lying unconscious in a stable at Markoe and Aspen streets, by Eugene O'Connor, North Forty-fifth street, brother of the owner. Bard, who is believed to have been kicked by a horse, was taken to the West Philadelphia Homeopathic Hospital, suffering with a fractured jaw.

FARRAGUT'S FLAGSHIP HERE ON LAST VOYAGE

U.S.S. RICHMOND

PROTEST ON LEAGUE IS SENT TO SENATE

"Group of American Citizens" Approve Principle, but Ask Important Amendments

TREATY "NOT FOR PEACE"

Although they accept unreservedly the principle of the league of nations, a "group of American citizens" today sent a signed statement to the United States Senate asking that each one of the senators, protesting against ratification of the proposed covenant and treaty unless certain important amendments are made.

The statement is signed by J. Henry Scattergood, M. Albert Linton, Norman M. Thomas, Edward W. Evans, Oswald Garrison Villard, Harold A. Hatch, Caroline Loxow Babcock, Edith Stratton, James G. Vail, Anne G. Walton, Rufus M. Jones, Florence G. Nasmyth, William Bishop, Rachel R. Williams, John Nevins Sarge, Robert Morris Lovett, Richard W. Hogue and Helena S. Dudley.

The statement declares that the covenant and the treaty as they now stand are not signed to fulfill the purposes of peace; that they do not "incarnate the principle of democratic control," but give supreme power to a group of five nations; that there is too much evidence that the controlling motives of the treaty and covenant "have been to cripple Germany on one hand and on the other to satisfy unholy national ambitions."

"The forces that would control this league," runs the statement, "have already given some evidence of their purposes and methods in the blockades of Germany and Russia, which we feel it our duty to condemn utterly as enormous crimes against Christianity and humanity. In the exclusion of Germany and Russia from the league there is a flaw which no other virtues, however many, can offset."

So great is the volume of traffic expected, based on careful traffic figures for several years, that Regional Director Markham predicted the Pennsylvania Railroad has to call into service all the wooden coaches available, coaches of the type used in workmen's trains, with the seats running lengthwise.

One-day excursion trains will be run on Labor Day. The first excursion train is to leave Market street wharf at 5:45 a. m. Trains will be run as fast as possible after that hour. After a string of coaches discharges pleasure-seekers at a resort the coaches will be hurried back as "empties" to Camden for new loads.

AVERS MISS CAVELL DID NOT TRUST QUIEN

Woman Sentenced to Death by Germans Testifies at Trial of Alleged Betrayer

Paris, Aug. 29.—(By A. P.)—Mademoiselle Louise Thuiez, professor of science at Lille University and alleged intermediary between Prince Reginald of Croix, a Belgian, and Edith Cavell, and who was condemned to death at the same time as Miss Cavell, but whose sentence was commuted to hard labor for life, was a witness yesterday at the trial of Georges Gaston Quien, who is charged with being the informer against Miss Cavell.

Mlle. Thuiez testified that she was unable to say whether Quien denounced her, as she had no proof of such action on his part. She said Miss Cavell gave her \$300 francs, but that she mistrusted him on moral grounds and as being indiscreet.

Besides Quien's height was more than 4 feet 3 inches, which made him too easily recognizable. The witness testified that she had caused the arrest of the Princess of Croix by admitting to the German police that the princess had supplied her with a false identification card.

Mlle. Thuiez wore the cross of the Legion of Honor on the witness stand. She was warmly complimented by the court for her patriotic conduct in aiding prisoners to escape from the Germans in Belgium.

GERMANS WOULD LIVE HERE

Rhinelanders Write Sproul, Inquiring as to Immigration Laws

Harrisburg, Aug. 29.—(By A. P.)—Letters from residents of Germany inquiring whether it is against the law to remove from cities of that country to the United States are a feature of Governor Sproul's mail these days.

In the last month or so, since letters have been coming from Germany, the Governor has been asked by people living in the Rhine cities if this state has any prohibition against them coming here. The letters are being referred to the State Department of Washington.

CALIFORNIA RAILROAD STRIKE IS CRUMBLING

Los Angeles Men Obdurate, but Others Heed Government's Ultimatum

LEADERS SUPPORT HINES

By the Associated Press

Los Angeles, Calif., Aug. 29.—The tie-up of all steam roads continued today in Los Angeles, although the railroad companies announced they were willing to give the strikers their old posts, and the brotherhood heads were working to induce strikers to return. In San Francisco and other cities of the state the strikers returned to work.

The brotherhood leaders here announced they will meet the strikers today and will place before them the ultimatum of Walker D. Hines, director general of the railroads, that the trains must be running by 7 o'clock tomorrow.

The brotherhood leaders were in conference most of the night. They conferred among themselves and with railroad officials, who told them the strikers could return to work without prejudice to any of their rights and with the understanding their former contracts would be fulfilled.

Washington, Aug. 29.—(By A. P.)—Although it was thought that the drastic action threatened by Director General Hines, together with the supporting stand taken by officials of the brotherhood involved, would hasten the return to normal conditions, developments today in the railroad strike situation in California and other western states were being awaited with keen interest here.

Even before Mr. Hines yesterday issued his ultimatum that unless the strikers returned to work by 7 o'clock Saturday morning, the government would undertake to restore full service on the roads affected in California, Arizona and Nevada, reports showed that some of the strikers were obeying the orders of their international chiefs and were returning to work.

Mr. Hines, in a statement addressed to "Public officers, railroad officers and employees and citizens generally," in the three states, served notice that all striking employees who failed to return to work by the time-limit set would find their places filled, and that any one who interfered with or impeded the use of railroad property would be prosecuted for having committed an offense against the United States.

Brotherhoods Back Hines

In their effort to offset or at least to defer strike of the 500,000 railroad shopmen, whose demands for increased wages were rejected by President Wilson on Monday, officers of the six tied-shop crafts and of the railway employees' department of the American Federation of Labor made a determined effort to prevent an immediate strike.

Although they have gone on record against acceptance of the President's proposal that only a readjustment of wages amounting to an increase of four cents an hour should be awarded at this time, the officers of the shop crafts urged the men to permit withholding of strike action until the government shall have had an opportunity to bring down the cost of living.

EXPERIENCE IS GUIDE

Leland-Stanford Man So Advises West Charter Summer Students

West Chester, Aug. 29.—In his address before the Summer School yesterday on "Present-Day Religious Problems," Dr. Augustus T. Murray, of Leland-Stanford University, counseled the laying aside of traditions and conventions in the expression of faith, which he said must square with experience.

"While we need new revelation," he said, "we need not speak irreverently of the old interpretations. We may learn from others but we must think for ourselves. We must satisfy not only our intellect but our heart as well. We must face situations to gain experience and learn a larger conception of God, who not only suffers for His children but with them."

Dr. Murray deplored the fact that he was driving at Thirty-sixth street and Gray's Ferry road. Canine was thrown from the wagon. He was taken to the Polyclinic Hospital in the patrol from the Twentieth and Federal streets police station.

HURT AT PLAY, GETS AWARD

Compensation Commission Grants Appeal of Boy Worker

A boy worker, injured at play during lunch hour, is entitled to compensation.

This ruling was made today in the case of Preston Siegfried, a breaker boy employed by the Philadelphia and Reading Coal and Iron Company.

STRANG IS DENIED FREEDOM BY COURT

Writ for North Penn Teller Is Continued Until After Hearing September 4

Attorneys in Tilts

Elwood H. Strang, former \$35-a-week paying teller at the wrecked North Penn Bank, who sought his liberty, or a reduction in the \$35,000 bail under which he was held, through a writ of habeas corpus, failed in his attempt today.

Judge McCullen, before whom the argument on the writ of habeas corpus was heard in Court of Quarter Sessions, sent Strang back to his cell in Moyamensing to await the outcome of a hearing September 4 before Magistrate Rooney.

Choice of two courses was given Edward W. Wells, Strang's counsel, following verbal tilts between Mr. Wells and Assistant District Attorney Taulane.

The judge declared he would dismiss the writ, without prejudice to the defendant, giving him leave to make an appeal for a writ of habeas corpus, or he would continue the hearing on the writ until September 5, Strang's lawyer accepted the continuance.

"I contend that this man's commitment is absolutely illegal and that the \$35,000 bail is excessive," Mr. Wells told the court. "We can give \$10,000 bail. The attitude of the prosecutor's office is clearly shown. They mean to deprive this man of his liberty regardless of the amount of bail he may obtain."

Assistant District Attorney Taulane insisting that the \$35,000 bail stand, said Strang was charged with the larceny of \$7,000 and upward of the moneys of the North Penn Bank, and of checks aggregating \$50,000 or more, and that he had been a fugitive from justice. He denied that a single bona fide offer to surrender Strang had been made.

"This defendant was paying teller of the North Penn Bank," said Mr. Taulane, in refutation of the argument of his opponent that Strang had declared to him his innocence of wrongdoing, and that the bail was too high.

The statement that has been made regarding overtures having been made to us for his return is not accurate. No bona fide offer was ever made us. They tried to toy with us. It was all talk."

In disposing of the writ, Judge McCullen said:

"While the \$35,000 bail under which Strang is held may be thought excessive, there may be other charges developed at his hearing and for this reason this court will not interfere at this time."

PARIS ACTORS MAY QUIT

French Union Makes Demands and Threatens to Strike Sept. 1

Paris, Aug. 29.—Paris is threatened with a theatrical strike similar to that in progress in New York unless the theater managers grant demands of the Federation of Theatrical Employees contained in an ultimatum which expires September 1.

Canada Honors War Chief

Toronto, Aug. 29.—(By A. P.)—Sir Arthur Currie, commander of Canada's military forces from 1917 to the end of the war, was given a war welcome here today. He is to be the guest of the city for two days. A children's choir sang as he stepped from the train. A detachment of "originals," who served with him in France, formed the guard of honor.

ALLEGED PROFITEERS FINED AT THE SHORE

Five Other Atlantic City Dealers Arrested for Selling by the Piece

14-OUNCE 'POUNDS' APPEAR

Atlantic City, N. J., Aug. 29.—New Jersey struck hard at alleged profiteering by causing the arrest of twelve leading ice dealers of the city, charged with selling their product by piece, instead of by weight.

Charges were brought by A. J. Strickland, sealer of weights and measures, for Atlantic County, who claims families in New Jersey lose collectively thousands of dollars every year, because they are made to pay on the pound basis, but are sold by the piece without knowing how much ice they get for their money.

Seven dealers, among them the Bartlett Company, of which William H. Bartlett, former director of public safety, is the head, were fined \$25 each. Five cases were adjourned for a week to permit of the production of further testimony against the dealers.

Several dealers said they would be forced out of business, if compelled to sell by weight.

GENERAL STRIKE IN PEORIA

Peoria, Ill., Aug. 29.—(By A. P.)—A partial tie-up of street car service through the heart of the city attended the opening this morning of a three-day general strike, called for 5 a. m. by insurgent labor leaders. Refusal of the accredited American Federation of Labor representatives to countenance the strike kept the majority of workmen on the job.

The strike was called as a protest against blacklisting of factory workers now on strike at the Keystone Steel and Wire Company, Avery's and other plants. The strikers demand full union recognition.
