VIOLENT ATTACKS IN MAYORALTY TO COME, SAYS M'CAIN

Writer Warns That Vire Organization Will Open Vials of Wrath Next Week

URGES ALL CITIZENS TO REGISTER TOMORROW

Battling for Life, All Bars to Be Thrown Down in Fight on Moore

By GEORGE NOX M'CAIN

Tomorrow is the last registration day. There are thousands of indifferent citizens who have neglected to register.

Why? Because the campaign's vials of wrath are to be opened next week. Startling and sensational developments will come.

Next week will mark a crisis in this memorable campaign. I am afraid the names and dates, and amounts will be dragged into a pitiless blaze that will seek out the innermost granules of men's careers.

Even today job printing presses are running and campaign orators are being coached and fed up with material.

Strang to Stay in Jail; Court Won't Reduce Bail

Case of Former North Penn Bank Teller Too Serious, Judge Rules—Evan T. Ambler Gains Reduction to \$2500

Judge McCullen refused today to reduce the \$35,000 bail under which Elwood H. Sprang is held in the North Penn Bank building.

Strang, "millionaire on \$35 per cent," and former paying teller at the bank, is charged with larceny and conspiracy.

Another development today was the holding of Evan T. Ambler, former assistant cashier of the North Penn Bank, in \$2500 bail for court.

Ambler had formerly been held in \$5000 bail. He is charged with having allowed a friend and depositor, Mrs. Wilhelmina Herzog, Twenty-ninth and Gordon streets, to withdraw \$6000 shortly before the bank closed.

Strang was remanded to Moyamensing Prison by Judge McCullen, who dismissed the writ of habeas corpus obtained by Edward W. Wells, Strang's lawyer.

"It is for the purpose of producing the defendant in court, not to punish," said Mr. Wells, arguing that the bail be reduced.

"Why, I've been trying to get higher bail for years," said Assistant District Attorney Taulbee.

Next week will mark a crisis in this memorable campaign. I am afraid the names and dates, and amounts will be dragged into a pitiless blaze that will seek out the innermost granules of men's careers.

MOORE WILL NAME 'PEOPLE'S CABINET' IF ELECTED MAYOR

'Nationalize Philadelphia,' Is Purpose of Independent Candidate—Will Hear Every One

TO ENCOURAGE ADVICE OF BIG BUSINESS MEN

Names Wanamaker, Vauclain and Others as Caliber of Proposed Conferees

A "people's cabinet," composed of representative business and professional men, labor leaders, women and others working on the development of Philadelphia, is on the program of Congressman Moore, candidate for the Republican nomination for Mayor.

"Nationalize Philadelphia," is now one of the slogans of Congressman Moore.

"The Mayor's office should be a meeting place for the big men of the community as well as for those who are interested in local improvements," said Congressman Moore.

"Not only that, but they have his confession, from his own lips. I admit \$35,000 is high bail, but the charges here are great. I do not feel there is anything here that would justify me in interfering in any way in this case. I remand the relator and dismiss the writ."

CARDINAL MERCIER IN N. Y. WEDNESDAY

Belgian Primate Will Not Stay Long in America—To Visit Many Cities

New York, Sept. 5.—Cardinal Mercier will arrive in the United States on the transport Northern Pacific next Wednesday. The courageous prelate who defied Belgium's German oppressors came to America on a mission of gratitude.

The length of Cardinal Mercier's stay has not been determined, but it will be short. The Rev. Dr. Peter J. de Strycker, who was sent to this country to arrange the details of the visit, said yesterday that Cardinal Mercier would visit a number of cities east of St. Louis.

When the Northern Pacific steams up the Narrows, the committee representing the nation, state and city will meet the ship to convey a message of welcome to him. Another committee of men of all denominations will take part in the greeting. The official welcome will not take place, however, until the afternoon of the 17th, when the mayor's committee to receive distinguished guests will hold a reception for Cardinal Mercier at City Hall.

Cardinal Mercier will spend his first night in America as the guest of Archbishop Hayes, at the archdiocesan residence here. The following day he will leave for Baltimore.

The Mackinaw, from Philadelphia, Assists Crippled Westmoreland. Halifax, N. S., Sept. 5.—(By A. P.)—The United States shipping board steamer Westmoreland, bound from Baltimore to Rotterdam, is being towed, disabled, to this port by the steamer Mackinaw, of the Atlantic Transport Line. The Westmoreland is under charter to that line.

The Mackinaw took the steamer in tow more than 700 miles from Halifax. A wireless from the Westmoreland said the ship was in latitude 41.33 north and longitude 44.31 west, at 12.13, Greenwich time. The message did not say what had caused the steamer to break down.

The Mackinaw is bound from Philadelphia to London.

'FRESHIES' MOCK POLICE

Lancaster Placarded as Never Before by F. & M. College Boys. Lancaster, Pa., Sept. 5.—The entire force of the police department is today being exerted to identify freshman students of Franklin and Marshall College who last night plastered the city with placards as it has never been plastered before.

Police, looking for fronts of office headquarters and even the wall of police headquarters were placarded by the bucket and brush gang. Squads of police gave chase to several gangs early this morning, but were outrun.

The largest freshman class in the history of the college is back of the movement.

BAD EGGS FOR DELEGATES

South African Nationalists Get Unpleasant Reception. Pieterburg, Natal, Sept. 5.—(By A. P.)—The Nationalist delegation from the Union of South Africa which went to England early in the summer to lay the case for South African independence before the British home authorities, met with a hostile demonstration here after a prostration from the delegates yesterday welcoming them back to South Africa.

General J. B. M. Hertzog and the other delegates entered the hall without incident, but during the banquet crowds assembled outside, and when the Nationalist leaders left the hall they were pelted with rotten eggs.

KEYMEN BAR BURLESON

Western Union Employees Say He Showed "True Heartiness". Denver, Col., Sept. 5.—(By A. P.)—Honorary membership in the Association of Western Union Employees, a national organization, was denied Postmaster General Burleson at the annual conference of that association here today. A report of the committee on resolutions was adopted, recommending that a resolution extending honorary membership be rejected.

The report said Mr. Burleson expressed "no compunction in rejecting an association's agreement with the company and deliberately denied us the benefit of the retroactive pay."

RUSH OVERSEAS IS ON

Gunard Line Dispatches 900 Saloon Passengers in Week. New York, Sept. 5.—With the sailing of the Royal George and Aquitania on Saturday, the Cunard Line will have dispatched from the port of New York over 900 saloon passengers during the present week. This is the largest number of saloon passengers carried by one line in the same period of the same time that began.

DEFEAT IN SENATE OF 2 RESERVATIONS TO PACT EXPECTED

Count of Noses Indicates Committee's Changes to Articles I and X Are Doomed

NO FORMAL AMENDMENTS TO TREATY CAN SUCCEED

Business Interests Oppose Any Action Which Would Reopen Peace Negotiations

By CLINTON W. GILBERT

Washington, Sept. 5.—Today both sides counted noses and the count showed that the foreign relations committee reservations to Articles I and X will be beaten.

Senator Lodge claimed five Democratic votes for the committee reservations, although Senator Shields declared in voting for them that he was not entirely satisfied with the language of the committee. Shields will almost certainly be won over to more moderate reservations.

The exact position is known of only two Democrats who will vote with the Republicans under the treaty. These two are Senators Reed and Clegg. Both want to see the treaty beaten.

Oppose Amendments. The other three Democrats on whom Mr. Lodge counts want to see strong reservations made, but probably wish to avoid the issue presented by amending the treaty in the guise of interpreting it. These three are Senators Shields, Thomas and Walsh, of Massachusetts.

On the other hand, there are five Republican senators who are against reservations to Articles I and X. These are Senators McCumber, Kellogg, Nelson, McNary and Holt.

In addition, there are several other Republicans who are mild reservationists and who may almost surely be counted on to vote for more moderate reservations than those of Articles I and X. These are Senators Jones, of Washington; Kenyon, Cummins, Lenroot and Spooner.

Fear Business Upset. Besides these are a number of other men whose position is extremely uncertain and who will be largely influenced by the position Messrs. Hays, Taft and Hughes take upon the proposed reservations and by the pressure of the business interests exert, which will be in favor of taking no step which will throw the treaty into confusion.

The issue is now one of phrasology, and no one supposes for a moment that the phrasology coming from a committee in no way representative of the majority of the Senate will be adopted.

In committee of the whole many amendments will be suggested. In this process the moderate revisionist Republicans hold the balance of power. That is a fact which will tend to make them hold together and it is a fact which makes the Democrats extremely careful of their sensibilities.

Democrats Very Careful. For example, in the foreign relations committee yesterday the policy of the Democrats would have been to do nothing toward perfecting the reservations supported by the Republicans, to vote for better conditions a general in fact to be strong against the treaty as possible.

But, as a matter of fact, the Democrats voted generally with Senator McCumber for his proposals in recognition probably of his importance and that of his associates in the situation. When the treaty is on the floor presumably the same tactics will be followed whenever possible.

Everything indicates a desire on the part of the sober majority of the Senate.

SANTIAGO, CHILE, TIED UP

Various Industries Join Brewers and Business is Crippled. Santiago, Chile, Sept. 5.—(By A. P.)—The breweries having declined to grant the demand of their striking employees for better conditions a general strike has been declared in sympathy with the brewery workers.

The street cars are tied up and the taxicab drivers, shoemakers, bakers and members of the other unions are fast joining the movement. The railwaymen also have decided to go out. The government is not interfering in the strike, but has decided to maintain essential services with troops if necessary. No disorders are expected.

'STRIKE OFF' PETITION AGAINST VARE FILED

A petition to strike the name of Senator Vare from the registration lists, on the ground that he is not a resident of Philadelphia, was filed with the Board of Registration Commissioners this afternoon by Claude L. Roth, counsel for Samuel Hill.

CHICAGO FOOD DEALERS GET QUESTIONNAIRES

CHICAGO, Sept. 5.—Government agents are busily engaged here today in ferreting out profiteers and food hoarders in an effort to reduce the high cost of living. United States District Attorney Clynne sent out questionnaires to potato, sugar, coffee and cold storage dealers. The information will be used in connection with cases to be presented to the federal grand jury.

SENORA MENCAL SAILS

Wife of Cuban President Comes to New York on Way to Paris. Havana, Sept. 5.—(By A. P.)—Senora Mariana Seva De Menocal, wife of President Menocal, accompanied by her son and daughter and several intimate friends, including the wife of General Rafael Montalvo, president of the Conservative party, will leave here today en route to Paris via New York.

They will sail on the steamer Miami for Key West, where they will board a special car for New York. General Montalvo will accompany the party as far as New York.

WILLIAM C. REDFIELD

It was officially announced today that his resignation as secretary of commerce had been accepted to take effect November 1.

SECRETARY REDFIELD QUILTS THE CABINET

Head of Commerce Department Resigns—To Retire November 1

Washington, Sept. 5.—(By A. P.)—William C. Redfield, secretary of commerce, has tendered his resignation to President Wilson and it has been accepted effective November 1. This was announced today officially.

Mr. Redfield, it is understood, will return to business pursuits in Brooklyn. He contemplates this step in the very near future.

While assigning business reasons for retiring, it is known here that Mr. Redfield felt hurt when Walker D. Hines killed the industrial board he founded while the President was abroad by refusing to accept the prices on steel rails agreed to by that board.

Much of the work that naturally fell under Mr. Redfield's department was turned over to other persons. It is said by friends of the secretary that he dislikes the position he has been forced into in the reconstruction work. His present plans have not been received with enthusiasm.

PERU EX-PRESIDENT IN N. Y.

Deposed Six Weeks Before Expiration of Second Term. New York, Sept. 5.—(By A. P.)—Jose Pardo y Barreda, twice president of Peru, who was deposed in a "bloodless" revolution at Lima, July 3, arrived here today on the steamer Tivives from Colombia. Senor Barreda was accompanied by his wife, his mother-in-law and six children.

The resolution which deposed Senor Barreda occurred six weeks before his second term of office would have expired legally. He was succeeded by Augusto B. Leguia, who claimed to have been elected by a substantial majority in May, but whose claim was disputed.

President Leguia said later there was a conspiracy to send him into exile.

In Enemy Territory

In Missouri the President found a situation as regards ratification of the peace treaty without an exact parallel in any other state. In the treaty ratifying body at Washington the state is represented by Senator Reed, the only Democratic senator who has taken a definite stand for the treaty's rejection, and Senator Spencer, one of the Republican senators who have declared themselves generally friendly to it and have agreed on a set of reservations as a basis for its acceptance.

In St. Louis Senator Reed recently made an address bitterly assailing the treaty and within the next few weeks Senator Johnson, of California, a Republican member of the foreign relations committee, and others are expected to address opposition meetings here. In addition to his address here tonight the President is to make one address in Kansas City tomorrow morning.

Members of the President's party do not expect him, however, to make any direct reference to the political features of the situation in Missouri. In brief talk from his car at Richmond, Ind., yesterday he made it clear that he does not consider the question a political one in any respect, saying he did not appeal for the treaty as a Democrat, but as an American.

To the league of nations, the labor section, the provision for self-determination for various territories in Europe and the reparations system established by the treaty he attaches particular importance.

Fighting Temper Aroused

The fighting temper of the President's appeal to the country was apparent in both his addresses yesterday. Within three minutes after he began the first of them at Columbus he had warmed up to his task and was putting his ideas into blunt sentences, punctuated by vigorous gestures. He was interrupted repeatedly by applause and several times by cheers.

At Indianapolis the President called on the opponents of the covenant to produce a plan to secure the peace of the world, if not willing to accept the league of nations. "If it is not to be this arrangement," he said, "what arrangement do you suggest to secure the peace of the world? It is a case of 'beat or shut up.' If the gentlemen you don't like what was done in Paris that they can do something better, I bet that they will hold their convention soon and do it now."

Cumberland Walkout Ends in Face of Hines's Warning

Cumberland, Md., Sept. 5.—(By A. P.)—The 2000 Baltimore and Ohio shophmen, on strike since Tuesday, returned to work today agreeable to the vote taken yesterday after being informed by Director General Hines that they were discharged if they did not return by Saturday.

John Scott, secretary of the Federated Railroad Crafts, had also notified them that the strike was unauthorised and that the union would be dissolved if they did not return by Saturday.

WILSON INVADES 'FOE TERRITORY' IN TREATY TOUR

Receives Ovation When He Heads Parade Through St. Louis Streets

TO SPEAK IN COLISEUM, SCENE OF RENOMINATION

'Put Up or Shut Up,' Challenge of President to League's Enemies

BRIEF TALK AT LUNCHEON

Guards to Welcome President

[The text of President Wilson's speech at Indianapolis is published on page 23.]

By the Associated Press. St. Louis, Sept. 5.—President Wilson, on his treaty tour, today invaded "enemy territory," where a speech-making campaign in opposition to the peace pact and league will be made by his foes.

The President headed a parade through the central thoroughfares of the city at 9:30 o'clock this morning, and was given an ovation. When he appeared on the rear platform of the train at 9:25 o'clock thousands of persons broke through the military cordon and surrounded the presidential train.

Police, secret service men and the military found it difficult to control the crowd. The executive smiled his appreciation.

Thousands Line Streets. Thousands of persons lined the decorated streets as the parade passed. A captive military dirigible was suspended 10,000 feet in the air in the central section of the city.

After the column of automobiles circled the business section the President and Mrs. Wilson repaired to a hotel. A committee of women entertained Mrs. Wilson.

The President's talk at the luncheon tendered him by the St. Louis Chamber of Commerce this afternoon will be heard almost exclusively by the members of the chamber, as the distribution of tickets was strictly confined to them. After the luncheon the President will be free from all engagements until he starts for the mass-meeting at the Coliseum, which is to be opened with an address by Governor Gardner, of Missouri, at 8 p. m. At 10:45 o'clock tonight the party will depart for Kansas City.

The Coliseum is the building where Mr. Wilson was renominated in 1912. President Wilson arrived in St. Louis at 4:20 o'clock this morning on the third lap of his "swing around the circle" in defense of the league of nations and the entire peace treaty.

In Enemy Territory. In Missouri the President found a situation as regards ratification of the peace treaty without an exact parallel in any other state. In the treaty ratifying body at Washington the state is represented by Senator Reed, the only Democratic senator who has taken a definite stand for the treaty's rejection, and Senator Spencer, one of the Republican senators who have declared themselves generally friendly to it and have agreed on a set of reservations as a basis for its acceptance.
