

ROMANIA AGAIN REMINDED OF DUTY

Note of Supreme Council is couched in firm but cordial language

URGED TO KEEP FAITH

By the Associated Press
Paris, Sept. 5.—The note of the supreme council which Sir George H. Clerk, of the British Foreign Office, is conveying to Bucharest is couched in firm but cordial language, according to the Petit Parisien today.

It is said by the Journal that Sir George is taking with him the seventy-five radiograms which the Rumanian delegation is reported to have declared were sent from Paris to the Rumanian Government within the last two weeks, but none of which reached its destination, Rumania claiming a similar failure of the various allied notes to reach her.

As to the now allied note the Journal says it declares the Peace Conference considers Rumania as a faithful friend, expresses the wish that its government will not detach itself from the body of the Allies, requests explanations on various points, asks that Rumania evacuate Hungary speedily and meanwhile cease requisitioning supplies, while putting the material already requisitioned at the disposal of the Allies for the purpose of making a just division of its equivalent among the various nations having claims against Hungary. The note is said to end by asking Rumania to co-operate with the Allies in re-establishing order in Hungary.

The Rumanian Government is absolutely convinced, advises from Premier Bratianu to its representative here today, that in destroying bolshevism in Hungary, it has rendered eminent service to the allied cause. As a consequence of the conditions imposed upon Rumania without taking account of her sacrifices of men and materials the Rumanian Government may be obliged to consider the advantages of withdrawing her troops across the Drina in southern Russia, and declining all responsibility for the chaos to which that part of Europe may be reduced by the dissensions of the Bolsheviks, royalists and reactionaries.

Vienna, Sept. 5.—(By A. P.)—Austria is watching the trend of events in Hungary with growing apprehension. The future of that former part of the dual monarchy, it is freely said by both the press and men who are trying to guide the country, must have a grave bearing on Austria's future, which itself is admittedly uncertain. The present ascendancy of the reactionary element is feared here to point the road to monarchical government, either by the re-establishment of Hungary as a kingdom or the fruition of the reported Rumanian-Hungarian empire under a Rumanian king.

The activity of the Royalist elements of Europe outside of the immediate house of Hapsburg is indicated by reports from apparently good sources that approaches have recently been made to a certain high personage, whose name and influence have not figured in re-

DEATH PLOT KNOWN TO SOVIET LEADERS

Red Chiefs Told Hostages "You Are Done For," Says Witness

SEIDL ACCUSED BY ARTIST

Munich, Sept. 5.—(By A. P.)—At the concluding examination of Bavarian communist leaders charged with having murdered hostages in this city last February, it was revealed here yesterday that the "inner council" of the communist government moved from Wittelsbacher Palace to the Luitpold gymnasium the day that the alleged massacre of hostages occurred.

Evidence adduced during the day showed that this "inner council" included M. Axelrod, a Russian radical; Levine Nissen and Dr. Max Levinsky, Bavarian communist leaders, and ten women from the Munich tenderloin. The day's examination showed that the principal counselors were aware of the plan to kill the hostages and that several of them visited the victims in a cellar. When the hostages made complaints, according to the evidence, they were blandly told, "You are done for now anyway."

The first important witness was an artist, Bernhard Hesselmann, who testified that Fritz Seidl, the Bolshevik commandant of the Luitpold high school, was responsible for the murder of the hostages. Seidl, Hesselmann declared, carried a revolver constantly and threatened to shoot down any one defying him.

The evidence adduced against Seidl, as the first of the accused to be placed on trial, tended to show that he treated the hostages with an iron hand. He is

BAVARIA OFFERS RUPPRECHT HAVEN

Will Accept Moral Protection if He Is Summoned for Trial by Entente

Berlin, Sept. 5.—(By A. P.)—Former Crown Prince Rupprecht of Bavaria has written the president of the Bavarian diet, announcing his intention shortly to visit Bavaria and thanking the president of the diet for his assurance of the government's moral protection in the event his extradition is demanded by the Entente. Rupprecht says he will avail himself of the promised protection if it should become necessary.

Declaring that his country ranked ahead of the dynasty Rupprecht announces that he will unconditionally accommodate himself to the conditions in Bavaria and not attempt to interfere in its domestic evolution. It is reported that the engagement of Rupprecht to Princess Antonette of Luxembourg has been broken.

A dispatch from Geneva in May said Rupprecht of Bavaria was expected to arrive at Zizers, where former King Ludwig of Bavaria was ill, from Lucerne.

Early in the present month Rupprecht, in a letter to the president of the Bavarian diet, said he was unwilling to recognize a court of justice in which the prosecutor also was the judge.

"I will not, under any circumstances, voluntarily attend a non-German court of state, but declare myself ready to go before a Bavarian court of state."

PUPIL JOINS HIM IN LIFE DUET
New York, Sept. 5.—For three years Gertrude Kunstlich was a pupil of Bernard Steinberg, singing teacher and cantor of Temple Beth-El. The singing lessons are to go on indefinitely. It was announced yesterday, as Miss Kunstlich is now Mrs. Steinberg. They were married June 29.

MILITARISM'S FOES WOULD OUST NOSKE

German War Minister Unable to Curb Counter-Revolution, Assembly Hears

MARTIAL LAW ATTACKED

Berlin, Sept. 5.—The Social Democratic Society, of Breslau, has adopted a resolution which has been introduced in the National Assembly by Vice President Loebe, demanding that all army officers immediately take the oath to the new republican constitution and urging that those who refuse be expelled.

Another resolution introduced in the assembly calls upon the government to get rid of Gustav Noske, minister of defense, who, it is said, "is evidently unable to stem the tide of military reaction."

The appointment of a "counter-revolution" is demanded. There also is a protest before the assembly against the retention of the law providing for arrests during a period of martial law. This is taken as another indication that Herr Noske's regime is unpopular with the government and the Socialists.

Among the scattering protests emanating from various Majority Socialist quarters in Berlin is one from the Federation of Labor denouncing the rigid enforcement of martial law because it prevents the distribution of pamphlets and circulars, which was tolerated under the old regime.

Hamburg, Sept. 5.—(By A. P.)—The editor of the Independent Socialist newspaper Volks Zeitung has been sentenced to jail for a term of three weeks on a charge of having "insulted Gustav Noske, minister of defense," in an editorial.
