

**NATIONALIZE MINES,
BRITISH UNIONS ASK**

Demand Carried by Landslide
at Glasgow Congress—Vote
4,478,000 to 77,000

PEACE TREATY CONDEMNED

By the Associated Press
Glasgow, Sept. 10.—By an over-
whelming vote the Trades Union Con-
gress at today's session adopted a reso-
lution favoring the nationalization of
coal mines. The motion, presented by
Robert Smillie, the miners' leader, was
carried by a vote of 4,478,000 against
77,000.

Co-operation with international labo-
rers in their campaign to secure
Germany's admission to the league of
nations and for an immediate revision
of "the harsh treaty provisions, which
are inconsistent with the statements
made on behalf of the Allies at the time
of the armistice" was overwhelmingly
pledged yesterday.

The remainder of the afternoon ses-
sion was devoted to a discussion of the
parliamentary committee's report, which
was adopted, with the exception of a
few paragraphs. Included in the re-
port was a resume submitted by the
British delegates as to the labor con-
vention at Atlantic City. The delegates
expressed disapproval of the "multi-
tude" of national union officials, de-
claring that this condition results in a
gulf being created between the execu-
tives and the rank and file of the
unions, the latter having "little con-
trol over the policy, power and initia-
tive" of their organizations.

The British delegates at Atlantic City
were apparently impressed by the living
conditions enjoyed by American work-
ers. They say "even in the east side
of New York the standard of living,
food and clothing is much superior to
that of British industrial workers."

The champions of direct action won
a clean-cut victory by the congress
voting to refer back a portion of the
parliamentary committee's report, say-
ing to failure to explain the committee's
reason for refusing a few months ago
to call a special conference for the pur-
pose of discussing the advisability of
employing direct action to obtain the
abolition of conscription and on other
questions.

The vote to refer back was 2,586,000
to 1,670,000 against. Before the vote
was taken G. W. Stuart Banning, the
presiding officer, warned the delegates
that a reference back of the report
would be considered as a censure of the
parliamentary committee.

BERLIN ASKS RESIGNATIONS

"Put Up or Shut Up" Is Order Con-
cerning New Oath

Berlin, Sept. 10.—(By A. P.)—The
government has informed the officials
in all branches of public service who
are unable to take the new oath of al-
legiance without making mental reser-
vations that the honorable path of re-
tirement has been opened to them in
the newly created pension law.

The notification adds: "Officials un-
able to take the oath in the prescribed
form are expected to dissociate them-
selves from the public payroll."

The government's announcement was
provoked by a recent proclamation is-
sued by officials belonging to the Con-
servative party, who declared that they
would only conditionally swear to the
new constitution.

GOLDEN THRONE FOR SALE

Sultan, Broke, Reported Willing to
Exchange Relic for Cash

Constantinople, Sept. 10.—(By A. P.)—It
is said that the sultan is
badly in need of money and that the
golden throne of Persia, which was
captured by the Turks 400 years ago,
is for sale.

The sittings of the allied commission
are being closely watched by the Turks
and the conviction has been expressed
in some quarters that if the Greeks are
permitted to retain Thrace there will
be a Turkish uprising throughout the
country.

Reduce the High Cost of Living with Bread—

The Best and Cheapest Food In the World

Big Tosty Bread

Just Right

Will help you lower your own expenses, and help the Government
smash the high prices of other foods.

BIG TOSTY is a large standard size loaf, and the price
is always in accordance with market conditions.

The larger the loaf, the better the quality. The
housewife knows that a thin steak or a small
roast is not economical, because in cook-
ing, the heat penetrates all parts in
almost equal intensity and de-
stroys many of the nourish-
ing elements of food.

The same principle applies to bread.
The large **TOSTY** loaf retains the
flavor and nutritive properties.
