

FINANCIAL BRIEFS

Stockholders of Gray & Davis, Inc., Boston, approved the increase in common stock from 24,452 shares to 108,904 shares, the increase to be offered common stockholders of record September 10 at \$35 a share in ratio of one new share for every share of old. Payment is due in full September 22.

The average price of twenty active industrials advanced 1.70 per cent on Tuesday to 108.30, virtually retreating the ground lost last week on the scare provoked by the Gompers alarmist telegram. The railroads only advanced 0.16 per cent to 80.43.

A striking exemplification of the continued high cost of operation is shown in the earnings statement published by the Keystone Telephone Company. Monopoly Belmont directors will meet Monday for action on the dividend payable October 1.
