STOCKS TURNED BULL ON BACKSET

Reported rescinding of Strike Order Regarded Premature Rather Than Inaccurate

RAILS IN BETTER FAVOR

Stock sales today on the New York exchange, as compiled by the Evening Sun, totaled 1,129,200 shares.

New York, Sept. 15.—The New York Evening Sun in its financial review today says: The new week opened cheerfully enough...

Thanks to these, there was vigorous and animated buying in the first hour or so, in the course of which the industrial advanced 1 1/2 points.

Mr. Coppers, who arrived in the evening from Boston this morning, was quoted as saying that the statement with respect to the steel strike was inaccurate, although he did not specifically deny that action would be deferred.

That the market, whether going forward, actively or hesitating, showed plainly that it was easier for it to go up than down.

There was excellent demand for the steel and equipment shares most of the session. The copper and motor gave a good account of themselves also, and the oil, particularly Mexican Petroleum, which gained an equivalent of some 3 points, were well bought.

That the movement was more than sporadic was a question. The rails have indeed discounted nearly everything that can happen, many of them are selling at attractive levels, and some promise speedy rehabilitation once they are returned to their owners.

There was excellent demand for the steel and equipment shares most of the session. The copper and motor gave a good account of themselves also, and the oil, particularly Mexican Petroleum, which gained an equivalent of some 3 points, were well bought.

MARKS AT NEW LOW

German Coin Drops to 3.70—Further Break in French Exchange New York, Sept. 15.—Shortly before 1 o'clock, marks reached a new low record for all time at 3.70.

The market opened weak with new weakness for francs and lire. The dollar started at 4.17 1/2 for cables, a decline of 1/2, and demand at 4.17, an equal loss.

Stocks opened at 3.75 for cables, and 3.77 for checks, recovered to 3.73 and 3.75.

Donard sterling 4.17, cables 4.17 1/2, franc cables 3.70, checks 3.71 1/2; lire cables 9.80, checks 9.81 1/2; Swiss cables 5.50, checks 5.50; guilders cables 37 1/2, checks 37; pesos cables 19 1/2, checks 19 1/2.

MONEY-LENDING RATES

NEW YORK—Money on call, mixed, uncommitted, at 4 per cent; high, 5 per cent; low, 3 1/2 per cent.

Although the 6 per cent figure was not broken today on time funds, offerings were larger. The feature of the market, however, was the fact that notwithstanding the income tax installment, all money brought 6 per cent.

It has been explained that the time money supplies represent an overflow of money from the interior where there had been overpreparation for business and crop estate settlements.

The conditions are similar to those in mercantile paper. Discount rates are 5 1/2 to 6 1/2 per cent. Prime bank acceptances are quiet with rates unchanged.

PHILADELPHIA—Call, 5 1/2 to 6 per cent; time, 5 1/2 to 6 per cent; commercial paper, 5 1/2 to 6 per cent.

BANK CLEARINGS

BANK LOANS GROW

Individual Deposits in Local Clearing House Institutions Increase Heavily

At the same time individual deposits jumped \$7,000,000, bringing the total deposits of the Clearing House institutions to \$542,614,000, an advance of \$90,000,000 in the same week of 1918.
