

VOTERS WARNED TO STOP FRAUD

10,000 Posters Announce Rewards of \$100,000 for Evidence of Illegal Voting

ELECTORS ARE TOLD RIGHTS

Ten thousand posters announcing rewards of \$100,000 for evidence leading to the conviction of persons guilty of ballot frauds are being put up in all parts of the city today by the committee of seventy, under the direction of E. L. D. Roach, secretary.

Warnings to election officers were also mailed by the committee of seventy. At a primary election, says the warning, no voter is entitled to assistance unless he first makes an affidavit as to the character of his disability.

Judges of election violating the law governing assistance, the committee points out, is subject to a fine of \$1000 and a year's imprisonment.

Persons guilty of threatening or intimidating watchers are liable to the same penalty.

Police officers shall remain 100 feet away from polling places except in case of casting a vote or making an arrest.

Under the new charter any policeman or fireman injecting politics into his work is liable to a fine of \$3000 or imprisonment for two years or both at the discretion of the court.

RECALL SMITH PLEDGES

Moore Committee Says Patterson Also Promise-Maker

"Will Judge Patterson, if elected Mayor, make a better official than Mayor Smith, who ran on the 'platform that failed'?" is the question put before voters by the Moore Republican campaign committee.

The committee said today that six of the pledges made by Judge Patterson were also in the platform of Mayor Smith four years ago, when he "conducted one of the greatest promise-making campaigns in the history of the Republican party in Philadelphia."

Promises made by Judge Patterson, which Mayor Smith also made, and which, according to the Moore committee, were not redeemed, are as follows:

To construct a sewage disposal plant. To provide rapid transit to all points of the city.

To complete Frankford elevated and Byberry line.

To free the administration from factional politics.

To provide a greater water supply.

To govern the city without consulting the Vare brothers.

Calls Waterways Convention

An official call for the twelfth annual convention of the Atlantic Deepwater Waterways Association has been issued by Congressman J. Hampton Moore, who is president of the organization.

The convention will be held at Charleston, S. C., November 10 to 13.

CANDIDATES PLEDGE AID TO CITY CHARITY

Moore and Patterson Say They Will Appoint Capable Man to Head Welfare Department

Congressman Moore and Judge Patterson, rival candidates for the mayoralty nomination tomorrow, have both pledged themselves, if elected Mayor, to appoint an executive of the highest qualifications to the directorship of the Department of Public Welfare under the new charter.

Kenneth L. M. Pray, secretary of the Public Charities Association of Pennsylvania, acting for the committee of charity workers, addressed a letter of inquiry to both candidates.

Mr. Moore, after acknowledging the receipt of the letter, advised the committee: "I have carefully read the Department of Welfare provision and see in it a splendid opportunity for real public service with respect to the comfort and happiness of the people. It co-ordinates certain existing functions of government and adds thereto new powers which, properly exercised, would contribute to the solution of many of our social problems."

Judge Patterson's answer emphasized that "as you suggest no one recognizes more clearly than I that the welfare department of the city government can be, under right direction, of inestimable value to Philadelphia."

"I am glad to give emphatic assurance that under my direction it will receive constant and sympathetic support. I shall appoint as its director a man or woman of demonstrated executive ability who is qualified for the position by training and experience."

PATTERSON SEES LANDSLIDE Predicts Sweeping Victory for Vare

Confident of victory, Judge Patterson predicts a landslide tomorrow for Vare, which will benefit him.

Estimates given out by the Republican organization leaders indicate that they share the confidence of the majority candidate.

Judge Patterson made his final speech of the campaign Saturday night, when he addressed a crowd of 3000 at the Italian Republican Club, Sixty-fifth and Vine streets, in the Thirty-fourth ward.

Moore Campaign Buttons Worn by His Colleagues

Moore campaign buttons bearing the photograph of Congressman Moore are being worn by several members of Congress as well as page boys.

Representative Claude Kitchin, former chairman of the ways and means committee, a Democrat, had one on the lapel of his coat. Some one said to him: "What does this mean?" "I am so much in favor of Philadelphia getting an honest Mayor that I am wearing Moore's nomination and election even though he is a Republican," he replied.

DIRECTOR WILSON TO QUIT Says He Won't Take Office Again "Under Any Man"

On the day the next Mayor of Philadelphia takes office, William H. Wilson, director of public safety, will step down and out of public office, to resume his private practice of law. He wouldn't take the job again to "serve under any man."

That is the statement of the director in reply to Congressman Moore's frequent declarations that, if he is elected Mayor, Director Wilson's head will be "the first to go."

Soon in the Chestnut St Shops

It is not until strangers point out to us our attainments that we realize the extent of Philadelphia's manufacturing activities, and so when visiting the Philadelphia-Made Goods Exhibition with an out-of-town guest we were surprised and delighted with the laudatory comments heard on every side.

"I CAN study my lessons better if I have a new dress for school," said a tiny tot the other day. And who can blame her, we know that comfortable feeling that comes with a new dress. A pretty dress at Oppenheim, Collins & Co., Chestnut and Twelfth Streets, for the schoolgirl between 8 and 14 years, has a pleated skirt of blue serge, buttoned to a waist of pongee. The waist is hand smocked in brown and there is a narrow brown bow at the neck. Another dress of navy serge, box pleated from neck to hem, has a Roman-striped sash, knotted at either side. A short-tunic model has a chenille-tasseled grille reminiscent of the mantic cord. The cuff hem, sleeves and round neck show hand stitching in green, pink and yellow.

THE California Muscat Grapes

have arrived at Henry H. Hallock & Sons, Broad Street below Chestnut. This news will gladden the hearts of all who have tasted these wonderful grapes. Without a doubt they are the sweetest and best grapes grown. Originally from the valley of the Nile where, doubtless, Cleopatra herself delighted in them, they have been transported to California, where the climate is particularly favorable to their development. Their season is quite short, so it would be wise to enjoy them while they last. Among other fruits at Hallock's are Seckel Pears, Japanese Plums, Tokay Grapes and Alligator Pears from Florida. Any or all of these fruits can be delivered quickly to out-of-town points, 1000 miles distant by parcel post, special delivery.

"MOTHER, if you hang that silly picture of the dog in the mantel in the library, I'll—well, I'll do something desperate," declared Alice.

"That's right, Mother, while it's down let it stay down," chirped Jimmy, the irreplaceable.

"Children, your mother wants that picture in the library, I'll—well, I'll do something desperate," declared Alice.

"BOSTON for beans and Philadelphia for cinnamon bun," said the Knight Templar from New York to a brother knight from Baltimore, as he stowed away in his suitcase a good-sized package of Thommen's Sticky Cin' Bun. "I always stop in at one of Thommen's restaurants, 1520 Market Street, or 1700 Chestnut Street, when I am in Philadelphia and take some of their Sticky Cin' Bun home to the kiddies. They'd rather have it than candy."

Another delicacy for which Thommen is noted is Japanese Cakes. It is filled with rich French butter cream, colored with roasted Jordan almonds and it literally "melts in your mouth." Chicken salad, another of Thommen's specialties, is becoming every day more popular, and small wonder, for it is truly delicious.

LIKE our English cousins, we have a warm spot in our hearts for the roast beef dinner. There are times when nothing else quite fills the bill. And so I am sure you will be delighted to know that the Cheri restaurants, 124 South Thirteenth Street, and 132 South Fifteenth Street, are serving the "Cheri" Roast Beef Dinner, it includes Roast Prime Ribs of Beef Gravy, Red Beet, Stuffed Potato and Mixed Salad with French Dressing. It sounds interesting and tastes even better than it sounds. There are several Platy Specials, such as Guinea Hen Cutlet, with Asparagus Tips and Spinach, or Braised Beef with Spaghetti and String Beans, which make delightful luncheon dishes. A cup of coffee is included with the Platy Special.

ROTAN SETS HIGH GOAL FOR DETECTIVE FORCE

Wants His Men to Be Feared as Is Canadian Crack Mounted Force

District Attorney Rotan has declared his intention of making his new force of detectives under Chief James T. Corbett as much feared by wrongdoers as are the Canadian Northwest Mounted Police.

Geographical boundaries drawn by state legislatures will no longer count. Once a man is "wanted" by the Philadelphia authorities he will be gone after. The search for him will be relentless and untiring, it is declared.

"We are going to keep on a criminal's trail," said Mr. Rotan, "until we get him, and while it will take time to do it and actual demonstration to prove that this policy really is in practice, we intend to give this office a reputation among crooks similar to that which the Canadian police now have. We intend to make it known throughout the country that Philadelphia has a force of experienced district attorney's detectives who are as tireless and persistent as the Northwest Police of Canada."

SWIMMING POOLS REMAIN OPEN

Because of the heavy attendance at the thirty municipal swimming pools during the last week it has been decided to keep the pools open another week with the possibility of their being kept open for the remainder of the month should the attendance warrant it. The attendance for last week is as follows: 12,501 men, 46,649 boys, 5247 women and 14,820 girls.
