

GERMANY POWER, SAYS MORGENTHAU

"She Came Through the War a Perfect Dynamo of Strength," He Declares

WARNS OF NEW CONFLICT

By the Associated Press Paris, Sept. 20.—Germany "came through the war a perfect dynamo of strength. Her human military power virtually is as great as ever and her 65,000,000 people have been schooled and hardened by trials."

"The nation has been compressed into a concentrated mass, which is strengthened with energy and moving with centrifugal force, while Germany's neighbors are spreading themselves out thinly and sprawling and moving with centrifugal force."

This spoke Henry Morgenthau, who headed the United States investigation commission which has been at work in Poland, in discussing yesterday's observations on the new states.

"And what will be the result?" Mr. Morgenthau asked. "Looking to his own question, he answered: "If disintegration leads to a new Germany's neighbors, there can be but one result. I doubt whether Germany fully appreciates her own strength. As she sits calmly watching the disintegration going on between the new states, which are losing sight of great principles and fighting over little strips of territory, she must take great satisfaction in the fact that her country is being won in her behalf, and a Germany, encouraged by such discord among the weak and struggling states, undoubtedly will re-appear in a few years and regain her lost territory."

Renewal of Militarism Feared

"What will prevent the military clique from regaining control in Germany if Europe continues to offer tempting prizes to various nationalities? Such a situation, which would encourage Germany to re-appear in a few years and regain her lost territory."

Renewal of Militarism Feared

"What is to encourage the demagogues in Germany who are trying to get away from the treaty? Europe rapidly is driving on toward a situation which eventually must result in a coalition between Russia and Germany and the absolute destruction of many of the new republics and powers unless steps be taken to prevent it."

Opinion is strong that the league of nations is the only means for preventing such a disaster, and it must come soon and have the loyal support of Italy, Yugoslavia, Czechoslovakia, Poland and other European countries which have been fought over and are in a sadly weakened condition, need the support of some organization which will afford them the proper tribunal for their disputes and assist them in winning their public away from the idea that war is the only means of getting justice.

Withdrew in Good Order

It is impossible to create barrier states against both real and military status, and if these new states continue their quarrels and weaken themselves they cannot resist any enemy, much less a great nation, and it is not to be expected that Germany will be able to fight to a finish with the United States. She withdrew in good order to a place of safety, where the war had not ruined her factories and where everything was ready for the resumption of peace industry.

JERRY M'AULEY'S WIDOW IS DEAD

Mrs. Maria Gilbert, Reclaimed From Underworld, Helped Others to Their Feet

New York, Sept. 20.—Mrs. Maria Gilbert, more familiarly known as the "Beverly" Mrs. "Jerry" McAuley, died yesterday afternoon at her home, 385 Park place, Brooklyn.

Perhaps no woman in the country knew as much about the doings of the underworld as Mrs. Gilbert. Dead in the early sixties, she met "Jerry" McAuley, and he reclaimed her from a life of degradation, raising her to a position of respect, which she maintained to the day of her death, or almost fifty years.

Jerry McAuley died two years after the meeting of the West Third street second street mission, and Mrs. McAuley then undertook the management of both missions. In the latter part of 1885 she was married to Bradford L. Gilbert, architect, who designed the first "skyscraper" in the city, the Tower Building, in Lower Broadway, and who was one of the most assiduous friends of the McAuleys in their missionary work.

DISACCORDO TRA NITTI E TITTONI?

Il Ministro Degli Esteri non Approverebbe l'Attitudine di Nitti Riguardo Fiume

Published and Distributed Under PERMIT NO. 341 Authority to Print on October 4, 1919, on the part of the Publisher, PHILADELPHIA, PA. A. BURLESON, Postmaster General.

Roma, 20 settembre.—Il Presidente del Consiglio dei Ministri, on Nitti, ed il Ministro per gli Affari Esteri, On Tittoni sono in disaccordo, poiché quest'ultimo non approva l'attitudine di Nitti riguardo l'incidente di Fiume.

La disapprovazione di Fiume dice che una flotta di acciampati in presa terra vicino Fiume si è posta a disposizione di Gabriele D'Annunzio. Gli aerei sono pronti per il decollo. Il Corriere della Sera protesta contro la brutale censura.

La rivista si dice abbia ricevuto l'invito di Gabriele D'Annunzio a recarsi in Italia, ma la popolazione a ragione. Intanto gli slavi continuano a vendere i loro prodotti ai cittadini.

Le dichiarazioni di Nitti sulla spedizione di D'Annunzio a Fiume continuano ad essere oggetto di vivissime ed aspre critiche da parte della stampa.

NEW PARTY TO BE FORMED

Farm and Labor Associations to Be Basis of Organization

St. Louis, Sept. 20.—A national conference to discuss arrangements for the formation of a new political party with the farm and labor organizations of the country as the basis, has been called to convene in St. Louis, December 9 by the "committee of forty-eight," which has had the organization under way in New York since last August.

The committee, in advance notices, announces that delegates from all states will attend.

Field Malone, who until his break with the Wilson administration, was collector of the port of New York.

Promoters of the proposed party, in their literature, denounce the Democratic and Republican parties as unrepresentative of the citizenship of the country and charge that the only representatives between the old parties except as to which one will hold the offices.

California Wine Men Los Angeles, Sept. 20.—A petition to the California Grape Protective Association, asking that government officers here be enjoined from enforcing the wine prohibition act, was denied by the United States District Judge William C. Van Fleet here yesterday.

SPEED RATIFICATION, CLEMENCEAU SAYS

Premier Tells Chamber He Will Not Set Election Date Until Action on Treaty

Paris, Sept. 20.—(By A. P.)—Premier Clemenceau's intervention in the debate on the electoral law, which threatened to be prolonged indefinitely, settled the discussion in a few minutes yesterday, the government taking the stand that the elections should be held according to the law of July last, and avoiding for proportional representation.

The solution is considered in parliamentary circles to be a great step toward the prompt ratification of the treaty and subsequent elections.

Answer a request that he fix a date for the elections, saying: "It fits the new treaty best. Immediately upon ratification I will inform the chamber of the date of the elections."

Baby Swallows Iodine: Saved. Physicians at the Women's Homeopathic Hospital have saved the life of a two-year-old William Smith, 2340 East Twenty-fifth street, after the child swallowed several ounces of iodine.

And It Wasn't His Wife

Bristol, Pa., Sept. 20.—A sneak thief at the home of Harry Loughborough, at Bristol, stole a pair of trousers from a chair alongside the bed where Loughborough was sleeping. The trousers contained \$170 in bills, a pocketbook containing several dollars in change and a gold watch. Nothing else in the house was disturbed, and the trousers, with the pockets rife, were later found in a yard near by.
