

JERSEY WOMEN SEE SUFFRAGE VICTORY

Indorse Favorable Candidates to Assure Ratification of Amendment by Legislature

100,000 SIGN THE PETITION

More than 100,000 women in New Jersey, who have signed a petition asking their state Legislature to ratify the suffrage amendment, are confident that they and all the other women of the United States will have a chance to vote in 1920.

However, they are not missing any chances to assure themselves of the vote. The New Jersey suffrage ratification committee is sending literature all over the state asking voters to cast their ballots in the primary elections, next Tuesday, for men who will indorse suffrage.

The committee has the co-operation of the New Jersey Woman Suffrage Association, the State Federation of Women's Clubs, the State Federation of Colored Women's Clubs, the State Women's Christian Temperance Union and the State Organization for Public Health Nursing. It is not opposing any party or candidates, but is indorsing those candidates who stand for suffrage.

Depends Upon Legislature

"If we wish to vote in 1920," said Mrs. E. F. Feickert, of Plainfield, chairman of the ratification committee, "the next Legislature must ratify the amendment. Loyalty to each other demands that we all act promptly and also our loyalty to the millions of women in the other unfranchised states who are doing their part, but whose freedom may be delayed by New Jersey."

"The 'boss' of the state pretend to believe and are telling the candidates with whom they have influence that we have no power and can do nothing and that it will harm them to come out for us. Messrs. Stokes, Baird and Nugent and their candidates are trying to delay action by convincing what they call a 'referendum.' It is not the first time that Baird and Nugent have combined against the interests of the women of New Jersey. But we can make it the last time if every woman does her part."

"Don't bother about the professional politicians," is the advice contained in suffrage literature. "Go to the men who care more for principles than parties and to those who have no close political affiliations."

Women Indorse Runyon

The women are indorsing William N. Runyon, present governor of New Jersey, who, as a senator from Union county, stood by suffrage in two sessions of the Legislature; Thomas L. Raymond and Warren C. King, whose names appear on the Republican ticket for gubernatorial nomination. They also are indorsing two Democratic candidates, Edward I. Edwards, who, as a senator from Hudson county, supported suffrage last year; and Frank M. Merditt.

Teachers, nurses, doctors, lawyers, labor unionists, grangers, housewives, clubwomen, journalists, business women and lodge and benefit organizations are joining the women suffragists in efforts to elect the "right men." Mrs. James Simister, of Upper Montclair, is secretary of the suffrage ratification committee, and Mrs. Edward Olmstead, of Elizabeth, is treasurer.
