

PLAN WARSHIP'S WELCOME

Italian Battleship Will Reach This Port This Week. A delegation of Italian citizens, headed by John di Silvestro, conferred with city officials today to complete arrangements for the reception and entertainment of the Italian battleship Conte di Cavour, which is to dock here before the end of this week.

The battleship will carry a reception committee, composed of leading Italian residents of the city, down the Delaware river, to meet the dreadnought. The police band will furnish the music for the welcoming.

At the Philadelphia navy yard there will be an exchange of salutes between the Conte di Cavour and United States battleships. The day following the arrival of the battleship there will be a reception to the officers and crew at Independence Hall. An address of welcome will be made by E. J. Cattell, city statistician, representing Mayor Smith.

Residents of West Manayunk Get Letters and Parcels at Doors. Residents of West Manayunk, a settlement of 1500 population, founded seventy-five years ago, today for the first time received letters, postcards and parcel-post packages delivered at their homes.

They were highly gratified over the commencement of this long-sought-for mail service, and are the envy of the residents of the more exclusive residential sections, Bala and Cynwyd, who must travel to the station and postoffice for their mail.

Institution of a daily mail service by carrier in West Manayunk is due largely to the efforts of the Community Club. The members appealed for carrier service to Postmaster Thornton and he, after they had pledged themselves to number every house in West Manayunk, consented to their request.

Shifting Engine Strikes Pedestrian on Camden and Atlantic Tracks. Charles Caldwell, forty-nine years old, 1134 North Twenty-second street, Camden, died early today at the Cooper Hospital as a result of injuries received a few hours previous when he was struck by a shifting engine while walking the tracks of the Camden and Atlantic Railroad near the Vine street ferry.

Caldwell was hurrying along the tracks at the time of the accident, it was said, and did not hear the engine approaching. He was struck and hurled from the track and at the time it was believed his only injury was a severe fracture of the arm. He was immediately rushed to the hospital.
