

LONDON BUS MEN MAY AID STRIKERS

Result of Vote on Sympathetic Walkout Will Be Known Tomorrow

RAIL STRIKE DEADLOCKED

By the Associated Press

London, Oct. 3.—The union of vehicle workers, who operate the buses and other vehicular traffic in London, are today balloting to determine whether to strike in sympathy with the railroad men. The result will be known tomorrow night.

The ministry of labor has in the meantime posted an urgent call for the services of volunteer bus drivers.

C. T. Cramp, president of the national union of railway men, declared shortly after 10 o'clock this morning that the situation relative to the railroad strike was still unsolved. He said reports were arriving at headquarters here from all districts showing the men to be more determined than ever to support their leaders.

Negotiations Are Resumed

Negotiations between the government and labor representatives other than railway men were resumed today in an effort to bring together the authorities and the railway representatives for a settlement of the strike.

At an early hour a conference took place between the premier, George N. Barnes, minister without portfolio; Sir Robert Horne, minister of labor, and Sir Eric Geddes, minister of transport. At that time no hour had been fixed for the renewal of the mediation effort, but shortly after noon it was learned that a deputation of the transport men and associated unions had gone to confer with the premier and the ministers. Earlier in the day J. H. Thomas, the

railway union secretary, announced that the members of the deputation which took part in the Downing street conference yesterday, supported the national union of railwaymen in refusing the government's offer regarding a settlement. The government insists that work must be resumed by the railway strikers before negotiations begin.

Labor leaders, however, objected both to this proposition and to the carrying out of the government's order holding back the pay of the men for the last week they worked before the strike.

Government Under Fire

Several newspapers comment adversely on the decision to withhold the pay. It is admitted the government's action hangs on a strictly legal point but it is urged it will infuriate the strikers. The Mail says this action will "spoil the government's handling of the situation" and denounces it as "a signal folly."

The Herald calls it "the meanest and most cowardly attack of all" and hopes "labor everywhere will remember these despicable tactics."

Instructions to the miners' organization as to their attitude toward the strike were issued today by Robert Smillie, their leader. All the miners' federations were advised against precipitate action, but were ordered not to undertake the duties of striking railroad men.

Newsletters which strongly support the government claim the latter is winning and urge no surrender. The same claim is made by strike leaders.

TROOPS GET UPPER HAND AT ELAINE

Pacification Makes Progress, but Two More Negroes Are Killed

QUIET IN RURAL DISTRICTS

By the Associated Press

Helena, Ark., Oct. 3.—With military control established at Elaine, eighteen miles south of this city, center of the negro disorders which for forty-eight hours have thrown Helena and Phillips county in turmoil, and other villages where the negro population predominates, the task of pacification was declared well under way today.

Two negroes who failed to obey a command of a military patrol early today, were fired on by the soldiers near Elaine and killed, and another was wounded. A fourth member of the party was arrested. Otherwise, with the exception of the firing of several shots, comparative quiet prevailed in the country districts.

The white casualties as a result of

clashes which occurred at intervals since the first outbreak Tuesday night, stood today at five dead and five wounded. With the exception of Ira Proctor, a deputy sheriff, who was seriously wounded, all of the injured were reported recovering.

No far more than 200 negroes have been taken into custody by the military, and held under guard at Elaine. About sixty arrests have been made by the civil authorities.

The known negro dead today was fourteen with other bodies reported in the canebrakes and under brush about Elaine where most of the fighting occurred.

A large amount of literature tending to show that the outbreak was due to propaganda circulated among tenant farmers, making rosy promises if the negroes would band together and arm themselves, has been taken possession of by military and civil authorities.

PRIVATE PAYS OLD SCORE

Lures "Hard Boiled" Officer to Station for Delayed Trimming
Wheeling, W. Va., Oct. 3.—A former army officer, who gained entry into the "hard-boiled" class by the treatment he meted out to subordinates in France, was the recipient of a long overdue "trimming" here yesterday.

Receiving a telegram ostensibly signed by an officer friend, asking for a meeting at the Baltimore and Ohio depot, the "hard-boiled" one was on the spot when the train carrying his "friend" arrived. The train had hardly come to a stop when a heavy soldier in uniform, wearing the red discharge chevron on his sleeve, alighted and made a dash for his former commanding officer, yelling, "Well — you, I've been waiting a year for this chance."

The former commanding officer was game, but no match for his erstwhile underling. Satisfied with his work the
